Alix In Line For Pool Elevator In 1929

Mr. McKenzie Of The Alberta Wheat
Pool To Address Meeting January 24th

The annual meeting of the U. F. A. was held in their
hall on Saturday, December 22nd with President H. Parlin
in the chair. The secretary-treasurer reported fully paid
up members and the financial statement for the year was
approved and showed the finances to be in a satisfactory
condition. Officers for 1929 were elected:

President—Mansell Smith
Vice-President—C. E. Stone
Secretary-Treasurer—T. Semple
Delegate to Convention—T. Semple

The first monthly meeting for 1929 was held in the hall
Saturday, 5th January, President Mansell Smith taking
the chair at 2.30 p. m. punctually. The secretary read a
letter from Mr. Mackenzie of the Alberta Wheat Pool say-
ing that Alix was in line for a Pool Elevator this year and
proposing that the local should arrange for a meeting on
Thursday, January 24th, which he would address on the
subject. The proposal was unanimously accepted and it
was agreed that everyone interested in the erection of a pool
elevator, whether U. F. A. members or not, would be cordi-
ally welcome to attend.

Some discussion took place on resolutions to come be-
fore the annual convention of the U. F. A. to be held at
Edmonton on January the 15th.

A resolution that pool members be given the option of
having their dues deducted from their wheat cheque and
collected by the pools is done in Saskatchewan was ap-
proved.

That the amendments to the school act, to be intro-
duced by the Minister of Education at the next session of
the Legislature have the support of the convention, was
approved.

A resolution that the Debt Adjustment Act should be
applied to the whole province was turned down, the opinion
being that though it might be useful in the dried out dis-
tricts, it was unnecessary in other districts and would im-
pair credit.

A proposal to hold a joint meeting with the U. F. W. A.
the last Saturday of January to hear delegates' reports of
the convention was agreed to.

The drawing up of a program for the year and inviting
speakers to give addresses was postponed to the next meet-
ing in February.

Curling On Friday

Tonight (Friday) for the
first time in Alix, the lovers
of the "Stun and Broom"
will gather at the new rink
and demonstrate to the un-
initiated the secrets of this
popular winter sport.

Then on Monday the club
is extending an invitation to
all ladies and men in the dis-
trict to come and try their
luck at the game. Curling
will commence at 7 p. m. and
at 3.30 the ice will be cleared
for the ladies. Come and be
initiated.

Of course this arrangement
is subject to weather condi-
tions, in other words, some
colder weather.

Owing to some sickness
prevailing in the district it
has been deemed advisable to
postpone the visit of Miss
Nix, Provincial Girls' Work
secretary, until the first Sun-
day in March.

OBITUARY

A short sketch of the life of Mrs. P. H. Greenock, who will be remembered by our citizens as a conscientious and tried to all, who felt a loss when he and his wife left their home in Alia some nine years ago for the warmer south.

Philander S. Greenock was born in New York State the 17th day of September 1862 and died at his home near Schell City, Mo., at 8:55 a. m. on Thursday, December 13, 1928, aged 66 years, 2 months and 27 days. Funeral services were conducted in the M. E. church at Schell City, Mo. E. M. Snyder officiating, and interment was in Greenland cemetery.

When I come to the end of the long, long road And trials will all be passed, I shall look in the face of my dearest friend, Safe home in his haven at last.

At the tender age of 7 years he was left motherless, he was a lad that was readily received into the homes of his relations and friends. His education, while not a university one, was of high class, in private select schools, night schools and also rural schools, and at 18 years his schooling was finished and he carried off the highest honors and a first grade certificate, thus fitting him for all the useful and helpful offices of the many rural, town and city districts in which he has lived and participated. When on the farm he carried on one to three offices such as the rural districts office. About 35 years, finding farm work too heavy for his failing health, he moved into Woodbine, Iowa. Loving the open air and freedom of outdoor life, he travelled over many counties and districts in the insurance business, also adjusting fire and wind losses, later taking up assessment work over counties and districts and in the city of Harker, Iowa. Just when he had begun to feel the need of rest at home he was called along with 20 others to take an exam for accountant and navigator and again he came out with the high marks and was called to Washington, D. C., and owing to his wife's illness he declined the position. His wife's spine was injured shortly after moving to Woodbine which later caused failure of the mind and through a period of 12 to 15 years Mr. Greenock cared for her patiently through spells when she thought him a total stranger.

He was married at the age of 22 years to Miss Elizabeth Wilson, only daughter of Daniel T. Wilson, a cousin of President Woodrow Wilson. It was wedded 61 years before his life came to a close.

Called home, through this long union they were very dear to each other and in the last few years were drawn closer together by each being the last surviving member of their fathers families. Mr. Greenock never laid down the old rugged cross but carried it to the last and exchanged it for a crown. His children, remembering their home life, say that three times a day their father gave thanks for the food that strengthened their bodies to do the bidding of their Heavenly Father and twice a day they were called together to give thanks to their Creator and Saviour. Thus he is remembered by his three sorrowing children who mourn his loss but cherish his memory. They are A. C. Greenock, of Harker, Iowa; Mrs. G. W. Rogers of Schell City, Mo., and Mrs. J. N. Gustaf of Alia.

Annual Meeting Of M. D. Council Will Be Held February 16th

The regular monthly meeting of the council for the M. D. of Lamerton was held on Saturday last in the office of the secretary at Alix. All the councillors were present and Rev. Telford presided.

The minutes of the December meeting were read and on motion were adopted.

W. H. McLaren appeared before the council requesting that the old road diversion taken from his land, the S. W. of Section 26-40-23 (no longer used) be resold to him.

On motion of Councillor Green, his offer of \$18 per acre was accepted for the land in question.

The application of Mr. McDowell of Tera for a restaurant license in that village was approved.

Mr. L. P. Hume appeared before the council making indemnity for diversion through his land, the N. W. of Section 17-39-23. On motion of Councillor Shierburn it was decided to pay him \$100 for said diversion.

On motion of Councillor Shierburn it was decided to pay the Canadian Pacific Railway Company \$30 per acre for diversion in the S. W. of Section 17-38-24.

The financial statement for the month was read and accepted on motion of Councillor Shierburn.

The secretary was instructed to get quotations on lumber by the ear for culverts.

A number of accounts and pay sheets were passed for payment.

The next regular meeting of the council will be held on Saturday afternoon, February 9th.

The date of the Annual Meeting this year is Saturday, February 16th, and the place of meeting is Alix.

Keep in Mind The 24th

You are once more reminded of the meeting to be held in Alix on Thursday of next week, January 24th, when Mr. McKenna of the Alberta Wheat Pool, will discuss with all interested the erection at this point of a Pool Elevator. Remember, it matters not whether you are pool man or not the doors of the meeting are open to you and your attendance is desired.

REGULATIONS GOVERNING AN OUTBREAK OF MEASLES

To date we have fifteen residences in town, and a raft of them in the country, under quarantine for Measles. In most cases the Medical Health Officer has been informed, but there is the odd householder who, through neglect, in retarding the effort to curtail the epidemic. The Act is very explicit, as you will see from the following extract:

"If a person who is a householder or has reason to suspect that a person within his family or household is infected with Measles, he shall within twelve hours give notice in writing to the local board."

"A placard shall be affixed to the house by the local board whereon is printed in legible capitals of a set line than two-inch type the name of the disease with which house is infected and the name of the Medical Quarantine." The householder shall keep such placard affixed until the house is released from modified quarantine.

"Any person violating any of the provisions of these regulations shall on summary conviction before a justice of the peace or police magistrate, be liable to a penalty of not more than fifty dollars and costs."

Sheep Production in Alberta

The value of sheep on the farms and ranches in Alberta which is now the third province in Canada in point of sheep production, is earning the \$5,000,000 mark according to a bulletin "Sheep Production in Alberta" which has just been issued by the Department of Extension, University of Alberta. This booklet prepared by Prof. J. P. Sackville and Prof. J. E. Bawdwin, is essentially practical and deals with the place of sheep on the farm, the various breeds and the care and management of the flocks in detail. A valuable section dealing with sheep diseases prepared by Dr. P. R. Tylob (Provincial Veterinarian, has been included. Copies are available for free distribution to farmers and others interested in the sheep industry.

Start Big Co-operative Hatchery

Two large hatchery units with a capacity of 15,000 eggs each have been shipped to Lethbridge where they will be installed in the new Lethbridge Northern Co-operative Hatchery. A membership of 150 poultry raisers is anticipated in the association. The output will be handled by the Southern Alberta Co-operative which will also likely provide accommodation for the hatchery and equipment.

Curling Appoints Skips

At a meeting of the executive of the Skating and Curling Club held on Monday evening the season's curling was set at eight dollars.
The appointment of skips resulted in the following being chosen: A. S. Bisset, R. W. Peacock, M. Hunter, P. A. McCallum, B. C. Andrews, and each skip is responsible for the selection of his rink.
The membership is increasing and no doubt within a week additional skips will have to be selected.
The ice is in good shape and games are being played almost every evening. The draw for play will be made in a few days.

Opening Gate of Season Postponed

The opening of the Alberta Legislature has been postponed from January 24th to January 26th, it was announced during the past week by Premier Brodeur. This change has been made necessary as a result of the resignation of a number of members of the cabinet and the consequent delay in the preparation of the legislation which will come before the house.

James Bath Scene Is Re-enacted For 'Wings'

One hundred and twenty airplanes were used by Wm. Wellman, one of Hollywood's youngest directors, in filming the battle scene of the St. Michel drive for "Wings" the great Paramount war aviation spectacle, which will be shown in Legion Hall, Alix, on Tuesday of next week.
"Wings" which was nearly two years in the making, is America's story of the World war from the aviator's standpoint.
The cream of America's aviators were gathered together for the air battle scenes, which were taken on location at Lone Spiggus, near San Antonio, Texas. There a battle ground of five square miles was constructed in exact duplicate of the St. Michel action in France.

High School Re-Opens Monday

The Alix High School will re-open on Monday next, January 28th, after having been closed for three weeks on account of the epidemic of measles, but the Public School will remain closed for another week.

The Women's Institute meeting on Thursday, Feb. 7th, will be held at 2:30 p.m. instead of three o'clock.

Owing to so much sickness Mass will not be celebrated in the Catholic church next Sunday.

The Wind

The wind from forth of these
The wind from out of our
sight,
With mystical minstrelsy
Breathes its sigh of the night.
Over the ocean bars,
Away thro' the shadowy night
And the tale is told to the stars
By the loughs as they whisper
delight.
As the stars fade away in the
dawn
Still it rustles away and along
Till the robin, awake in the
morn,
Breaks forth into exquisite
song.
—Patrick Herby, Alix

DEAR SIR—

This is a good time, to bring in your old Harness. While you are not too busy, to have the harness or worn parts repaired and the whole harness dipped in oil to protect and preserve the leather. Oiling increases the life of the harness; makes it soft and pliable, and easier for the horse to work in. Oiling is an economical and a wise investment and I am ready to you a first-class job, then your harness will be in good shape when spring work starts.

Auction Sale Farm Horses, Farm Machinery, Household Goods, Harness and 50 Head of Purebred Holstein Cattle

As I have decided to discontinue farming and dairying
my entire bunch of DAIRY COWS will be sold on my farm
nine miles due north of Eukene, next to Rochan's Saunde
Summer Resort, on

Wednesday, January 30th, 1929

These cattle were imported three years ago as two-year-old
heifers from one of the best Dairy Centres in Ontario (Black-
ville) and bred up to the best of herd sires. My former herd
sire was bred by the C. B. R. demonstration farm, Brant-
more, and was a grandson of the famous cow Lady Patricia
Canary's Jewel, champion cow of Canada, which has a record
of 24,369 lbs. of milk averaging a butter fat test of
3.92% or 1197 lbs. of butter in a year.

He sired all my heifers and these again are in calf to a
registered bull of the famous Herkado strain. His
father was imported from Brockville, Ontario, from Senator
Hardy's bunch for \$2500, by the Provincial Government at
Edmonton. All these cows are young and in good milking
condition as either milking or coming fresh within a few
weeks. The heifers are all heavy in calf and promise to be
heavy producers. They are all well bred, hardy and well
developed and beautifully marked.

There will also be put up for auction a full line of farm
machinery, some household goods and an up-to-date dairy
equipment (i. e. McCarty's Mixing Machine able to mix
six cows at a time). Some good heavy work horses and
also one registered team of Clydesdales (one in foal to regis-
tered horse) and one registered Clydesdale stallion 8 yrs old
Furthermore, harness, U. G. G. feed cutter, 3 horses Dearing
McCormack engine, bobolights, wagon, etc., and further
farms and hayting machinery.

The sale to commence at 12 o'clock sharp, lunch will
be served at 11.30. Terms of sale, cash.

The road from Eukene will be kept open for motor
cars and arrangements can be made on the sale to have
animals delivered by truck at reduced prices.

A Little Lad Passes

The death took place at the General Hospital in Calgary, on Friday of last week of Donald, little son of Mr. and Mrs. B. Whitefield of Alix, aged five years and six months. Mr. Whitefield took two of his little lads to the hospital for operations and Donnie passed away under the anesthetic. It is doubly sad for the parents as this is the second visitation of the angel of death to their little family circle in four weeks.

The little casket arrived home on C. N. R. on Monday, interment taking place in Alix cemetery on Tuesday, services being conducted by Rev. R. T. Harden. The pallbearers were Marcus Chisholm, Duane and Gordon Waino and Louis Brown.

Fire Fatal Takes Toll In Alix

Around 10.30 on Tuesday morning fire broke out in the dairy barn owned by W. Sibbe, presumably from an overheated stove in the kitchen. When discovered it had reached the hay loft it being a mass of flames. The building was one of our old landmarks, having been built in the early making of the village by James Lair. The lumber was as dry as tinder and in a few minutes was only a heap of smoldering debris. It was a spectacular conflagration as the flames, fanned by a south breeze, shot a hundred feet above the building. Since its erection it has had several owners, being at the time of the fire the property of A. G. Ditto. Most of the contents were saved but even at that Weaver is at considerable loss. His winter feed, some harness and tools being destroyed on which there was no insurance. The building carried insurance.

S. S. To Be Open

The Alix United Sunday School will be re-opened on Sunday, after having been closed for several weeks on account of the death of the Rev. R. T. Harden (the hour is 12.15, immediately after the morning service).

Mr. G. F. Toepfer, who has been in the Mayo hospital at Banff, returned to his home here the latter part of last week. He was accompanied by his wife who has been in to visit him for a time.

Music On February 26

Posters have been issued announcing a dance in the Legion Hall, Alix, on Friday of next week, February 26th. Music will be furnished by the Bullivant 5-piece orchestra.

The Alix public school will re-open on MONDAY next the 27th of FEBRUARY.

Delegates Report On Convention

A well attended joint meet-
ing of the U. F. A. and U.
F. W. A. was held in the U.
F. A. Hall Saturday, the
2nd, to hear the reports of the
delegates to the convention
held in Edmonton in January.
Mrs. Stone and T. Sample,
President, Mansel Smith
was in the chair.

Both delegates gave full
and very interesting reports
of the convention. Space will
not permit details of their re-
ports but both delegates were
impressed by the size of the
convention and the high stand-
ard of the debates. The
large church in Edmonton
was not big enough to hold
the attendees and many
were obliged to stand through-
out the sessions.

H. W. Wood was selected
president of the U. F. A. for
the 14th time by acclamation.
Mrs. Gunn having resign-
ed. Mrs. Warr was elected
president of the U. F. W. A.
The principal addresses
were given by Premier Brown-
ne, Hon. Mrs. W. Parly and
Dr. Wallace, President of the
University.

Cordial vote of thanks was
accorded to the two delegates
and on the suggestion of the
President it was decided to
appoint three committees to
keep touch with the wheat
ire stock and cream pools.
Messrs. Baker, Martat and
Stone were appointed conven-
ers of the respective commit-
tees, the other members to
be appointed at the next
monthly meeting.

A letter was read from the
wheat pool announcing that
the superintendent of the
pool elevators would come to
Alix and discuss the location
of the pool elevator at a later
date.

The meeting adjourned.

A Public Auction of the
effects of the late M. L. Mon-
son will be held on Friday at
meet work. See posters for
full particulars.

Mrs. Blanche Allen and son
Vic, who have been spending
the winter at the old home in
Scotland, start on the return
trip today.

Mirror is billed to play our
McKay boys in Alix tomorrow
(Saturday) afternoon.
The game Tuesday night
with Dufferin was a win for
the visitors 3-2.

Cord of Thanks

We wish to express our
heartfelt thanks for the many
kindnesses shown us in our
recent bereavement.

Passing of An Old Timer

Mr. Martin L. Monson, an
old timer of this district,
passed away on Monday morn-
ing, February 4th, at the
Cameron hospital, at the age
of 68 years. Mr. Monson had
been very sick with pneumonia
but had almost recovered
when he was taken down with
an internal stroke which was
the cause of death. He was
a native of Sweden and for
the past 25 years had resided
on his farm north of Meriv.
He was a kindly man and
commanded the respect of all
who knew him.

The funeral on Tuesday,
under the auspices of Alix
Lodge No. 24 I. O. O. F., of
which he was a member, took
place after the arrival of the
C. N. R. train to the United
Church and thence to Alix
cemetery, services being con-
ducted by Rev. Harden. The
columbers were members of
the order, Messrs. M. Brown
C. C. McDermid, J. Kenna,
A. Strub, E. Gray and
S. C. Andrews.

Mr. Mark Mann of Leader,
Saskatchewan, arrived here
on Wednesday, to visit for a
couple of days with his par-
ents, Mr and Mrs. H. Mann.

Lamerton M.O. Council Convenes

The regular meeting of the
Municipal District of Lamerton
council was held on the
9th with all the members
present and Reeve Tallman
in the chair.

The minutes of the meet-
ing of Jan. 9th were read and
adopted.

Bids for two carloads of
culvert material were received
from three lumber firms and
the order was headed to the
Alberta Lumber Co.

On motion of Deputy Reeve
Crown \$10 was voted to Alix
U. F. A. for the use of their
hall for annual meetings last
year and this.

Application of D. J. Mc-
Millan for restaurant license
for Harney was approved on
motion of Sherburne.

The secretary was instruc-
ted to get in touch with the C.
P. R. at Calgary with a view
of having a road opened up
through their property to the
elevator and sales at Clive.

After passing the accounts
and settling the meeting
adjourned at 4.30 p. m.

"Chief" Passes Away

The death took place at 7
o'clock on Friday evening of
last week at the home of his
mother in Alix of Albert
L'Hondale at the age of 19
years and 6 months. "Chief"
as he was familiarly known,
was popular with all, taking a
keen interest in both base-
ball and hockey and it was a
shock to learn of his sudden
death, following a sickness of
several months.

The funeral on Tuesday
took place from the Roman
Catholic Church to Alix cem-
tery, the services being con-
ducted by Rev. Father Har-
rison.

Much sympathy is felt for
his widowed mother.

Mother and Daughter Banquet

Miss Nix of Calgary, Sec-
retary of C. G. I. T. work in
this province, will be in Alix
on Saturday and Sunday,
March 2nd and 3rd. On
Saturday evening the local
groups are arranging for a
"Mothers & Daughters ban-
quet" at which the guest of
honor will give an address.
Then on Sunday evening a
service will be held in the
church over which Miss Nix
will preside. This meeting
will be especially for young
people but will be of interest
to all who attend.

Alix United Church Has Narrow Escape From Fire

The United church build-
ing had a narrow escape from
destruction on Monday even-
ing last when it was discov-
ered that fire had broken out
in the basement and was
making great headway along
the floor joist. The alarm
brought many willing work-
ers and with snow, water and
fire extinguishers it was not
long until the blaze was out,
but another few minutes and
we believe the structure would
have been doomed. It is
thought the fire originated
from an overheated hot air
pipe.

The loss is covered by in-
surance.

The branch has extensive
program of the C. N. R. in
Alberta includes the building
of the Levee Dam from its
present terminus at Hinton
also to St. George on the Hinton-
Warden line, a distance of 41
miles following the route origi-
nally projected by the
Grand Trunk Pacific.

Annual Meeting Nearly Attended

Owing to the unfavorable
weather the Annual meeting
in connection with the
H. B. D. held in Alix on Sat-
urday last, was not very well
attended, however the financial
report for the year was
read, discussed and accepted.
A number of questions
were brought forward to the
statement and they were all
satisfactorily dealt with.

There were three coun-
cillors to be elected and the re-
sult will mean but one election
namely, in Division 5, the
contestants being the retiring
councillor H. E. Stevenson
and Robert Ingram, the vote
to be taken on Saturday next
at 8 o'clock.

Councillor Cochran was re-
elected for Division 1 without
opposition, while A. W. Gil-
christ received the nomination
for Division 5 and being un-
opposed was elected.

The meeting adjourned.

No Ephs Nor Cays
 The following clipped from the Rocky Mountain
 States, shows how completely the English language is adapted
 for sudden and unforeseen emergencies:
 "We have the pleasure of
 informing you that we have
 pleasure in supplying you with any ephs or cays, and it will be
 phis or phis we bephs we can get you. We have not
 was hot phis until till a day or two ago. We have not
 ed the missing letters, and will have to get along with
 them till they come.
 We don't figure the loss of this variety or spelling any
 better than or readers, but mistakes will happen in the
 best regulated pharmacies, and iph the ephs and cays and as
 and go hold out, we shall esp (round the e hard) the Cy-
 phs whirling, apiter a phis or two arrive.
 It is no joke to us—it is a serious affair."

CO-OPERATION
 Two foot jackknives—now get this depe-
 Were told together with a place of rope.
 Said one to the other, "You some my way,
 While I take a nibble of new-mown hay."
 "I will", said the other, "you come with me.
 For I, too, have some hay you see."
 So they got nowhere; just pawed up dirt.
 And oh, my gods, how that rope did hurt.
 Then they found about those stubborn males.
 And said, "We're just like a couple of human foals.
 Let's pull together, I'll go your way."
 Then you come with me and we'll both eat hay."
 Well, they ate their hay, and said it, too,
 And swore to be comrades good and true.
 At the sun went down they were heard to say,
 "Ah, this is the end of a perfect day."
 Now get the lesson—don't let it pass;
 Learn this one thing from the poor jackknives:
 We must pull together—it's the only way
 To conduct your business and make it pay.

DEAR SIR—

This is a good time to bring in your old Harness while you are not too busy, to have the broken or worn parts repaired and the whole harness dipped in oil to protect and preserve the leather. Oiling increases the life of the harness, makes it soft and pliable, and easier for the horse to work in. Oiling is an economical and a wise investment and I am ready to you a first-class job, then your harness will be in good shape when spring work starts.

Pairs Association H. M. Successful Meeting

V. R. Foster of Camrose was returned as president of the Alix Pairs Association for the fourth year while Harold Hickey of Lloydminster enters on his eighth term as secretary-treasurer following the unanimous decision of the 1929 convention held this week in Calgary.

John Wilson of Inverhelo, as chosen to succeed Hugh Macdonald of Macdonald as president and the following directors were elected: E. W. Hinkley, Red Deer; J. E. Anderson, Lethbridge; Mrs. M. Mells, Rimbey; W. E. Button, Verdun; Chas. Ball, Sedgewick; E. L. Richardson, Calgary, and G. R. Stewart, Lamont. It was decided that the 1930 annual convention of the association will be held in Edmonton.

Board of Trade Election

The Board of Trade Annual meeting, taking the form of a luncheon at the White Lunch on Tuesday noon, was a most enjoyable event. Twenty five sat down to the excellent dinner, presided over by the President, W. E. Jennings.

The past year's activities were fully discussed and a motion to continue was unanimous. The election of officers resulted as follows:

Hon. Pres—Mrs. Parby
Pres—W. E. Jennings
Vice Pres—H. G. Marryat
Secy—G. A. Thompson
Council—G. A. Limes
Mansell Smith
A. S. Bassett
S. C. Andrews
A. G. Ditto
J. Talbot
H. Parby

The meetings will take the form of a luncheon the first Monday in each month.

Our boys and girls, right at school, realize clearly in
glance, that a vision poor child is no longer
capable of keeping up the pace; they may be the
cause.

Luncheon on Monday Evening

The regular monthly luncheon of the Alix Board of Trade will be held in the White Lunch at 7 p. m. on Monday evening next, March 4th. The ladies are also invited. The council had a short meeting on Tuesday evening to outline the program for the luncheon meeting.

Fire Takes Toll At Motel

Some more hard luck visited the Village of Nepea at 8 a. m. on Wednesday morning of this week, Feb. 27th, when the general store of Mrs. Margaret Lybary was razed to the ground and the contents together with the building were a total loss. The post office was also a complete loss. The origin of the fire, like the previous conflagration, is a mystery, but in this case the owner was well insured. The loss is estimated at between four and five thousand dollars.

Bingo Party On The 5th

The Nepea ladies are holding a public Auction Bridge party on the evening of Tuesday, March 5th, in the Odd Fellows hall, playing to start at 8:30 sharp. All are invited and the price is 25c per person, lunch included.

Arranging For A Carnival

The C. G. I. T. and Turis boys have made arrangements for a Carnival at Friday night, March 15th. The various committees are at work and a full program of sports, etc., will appear in next week's issue.

Let's all go to the dance on the 5th

Notice of Special Relayman Meeting

In pursuance of a resolution passed at the 1929 Annual Meeting of the relaymen of the Alix Consolidated School District No. 12, a special meeting of the relaymen of this School District is hereby called to consider the proposal to erect a new school house. The meeting will be held on Friday, March 15th, at the hour of two p. m. in the school house.

The regular service in St. Francis church on Sunday next will be at 7:30 p. m.

Mrs. J. W. Hume received the sad news by telegram on Thursday morning of the death of her sister at Seattle on the 25th.

"Doc" Burdick, who has spent the winter with his daughter at Hugabrook, returned to Alix on Wednesday for a few weeks.

Mr. W. H. Thompson and Carl of Ponoka arrived in town on Tuesday with two loads of machinery, and left in the morning for their new purchase, the Carl farm south of town.

The next movie in Alix, on March 12th, will be a Mary Pickford production "Her Best Girl" taken from a story by Kathleen Norris.

A community sale will be held in Alix on Saturday of next week, March 9th. See posters for full list.

Mrs. Hansen, whose death took place at Seattle on Feb. 28th, was well known to all old timers of this district, having resided here with her brother, J. W. Ennis, for ten years. She had undergone an operation, having one leg amputated and never recovered from the shock. Her age was 69 years.

Word reached town this week from Gleichen of the death of Sid Smith, a former resident of Alix.

C. S. Tallman Re-elected
Reeve for Third Term

At the initial meeting of the new council of Lamerton M. D., held Wednesday afternoon, all members were present except Councillor Forcht, who was absent on account of sickness. Councillors Gilson, Stensrud and Cockrill took the oath of office.

Councillor Tallman was unanimously re-elected reeve and Councillor Cockrill the Deputy Reeve.

The minutes of the February meeting were read and approved.

On motion it was decided to recommend that an old diversion in the S. W. 129-0-22 be sold to W. Cramer. Reeve Tallman was elected delegate to the Hall Board convention on March 20th at Calgary.

The application of the C. P. R. for cancellation of educational tax on the S. E. of 33-40-23 was granted.

A letter from the Slave River Army asking for a continuance of annual grant toward their social work was read and on motion of Sherburne a grant of \$125.00 was voted to them.

A grant of \$25.00 was also voted to the Bushy Branch Home at Edmonton.

The application of Mrs. A. Kettles for mother's allowance was approved to the amount of \$20 per month on motion Deputy Reeve Cockrill.

Application of K. D. McDougall for constant license at Two was approved.

Application of E. W. Jones for a permit to trap muskrats on road allowances was not approved by council.

On motion of Sherburne it was decided to apply to the Department of Public Works for a \$3000.00 grant.

The following scale of wages on basis set for 1929, for a nine hour day:

Single man 40c per hour
Man and team 50c per hour
Man & a horse 80c per hour
Grader man 55c per hour
Fireman 60c per hour

The monthly financial statement was read and passed.

C. M. Yarwood was appointed vice inspector on motion of Councillor

The regular bills and payables were passed for payment.

The meeting adjourned at 7.15 p. m.

Mrs. J. Rasmussen was a visitor of the friends on Wednesday and Thursday of this week.

New School Discussed Thursday

Moved by R. F. Sanderson

and seconded by J. W. Eason

"That the School Board be

instructed to proceed to borrow

money by debenture for the

erection of a school as per

plan presented to the meeting

price approximately \$30,000."

The resolution on being put to the meeting carried

by a vote of 25 for to 24

against.

The matter was thoroughly

discussed and good points

were taken by both sides, yet

all agreed that we were in need

of something different and

that it would be foolish to

spend money on the present

building.

Maintain the Quality

of Alberta Crops

BETTER SEED

Better Yields - Better Grades - Better Prices

A special committee appointed by the Minister of
 Agriculture, with the co-operation of numerous agricultural
 ists in the province, is urging the use of this spring
 to farmers throughout the province.

HIGH QUALITY, CLEAN, TREATED SEED GRAIN

in order to reduce the heavy annual losses sustained by
 owing inferior seed.

1—Using seed of good quality and clean.
 2—Using seed of high quality commercial seed.
 3—Having seed tested and given clean and good.
 4—Treating seed for insect.
 5—Thoroughly cleaning all grain intended for seed.
 6—Storing seed in clean and cool places and keeping
 it in such condition as to be ready for use.

For more information, write to the Department of
 Agriculture, Ottawa, or to the Alberta Seed Growers
 Association, the C. P. R. Agricultural Department and the
 University of Alberta.

BETTER SEED COMMITTEE

representing representatives of the Free Soil Department of
 Agriculture, the Canadian Seed Growers Association, the
 Canadian Seed Growers Association, the Alberta Seed Growers
 Association, the C. P. R. Agricultural Department and the

Interest Show, Better Seed Campaign

Farmers throughout the province and organizations
 interested in the improvement of agricultural conditions are
 taking part in the campaign directed by the
 Department of Agriculture to improve the use of high
 quality seed grain for Alberta's 1929 crop. A number of
 quality addresses will be given from Edmonton, Lethbridge,
 Red Deer and Calgary during the coming week while 10,000
 posters and 50,000 leaflets are being distributed to farmers
 in all sections of the province. A marked improvement was
 noted in the quality of seed sown in 1928 and it is expected
 that this improvement will be still further increased as a
 result of the attention which is being paid to this impor-
 tant factor in crop production at the present time.

Dairy Pool To Have New HOME

A building permit has recently been issued to the Al-
 bert Dairy Pool Limited for the construction of a \$20,000
 brick building at 10331-102nd street, Edmonton. The
 building will be of sufficient size to handle satisfactorily the
 ever growing central office activities of the Dairy Pool.

Per Capita Wealth

High in Alberta

Alberta stands second among the provinces in its per
 capita national wealth, being
 exceeded in this respect only
 by British Columbia, accord-
 ing to figures just issued by
 the Dominion Bureau of sta-
 tistics. As regards the pro-
 vincial distribution of wealth,
 Ontario ranks first with an
 estimated agricultural wealth
 of \$9,130,109,000 and Quebec
 second with an estimated
 wealth of \$6,658,108,000. The
 western provinces, however,
 lead in per capita wealth.
 British Columbia holds
 first place with a per capita
 wealth of \$3,844. Alberta is
 second with \$3,608; Saskat-
 chewan third with \$3,559 and
 Manitoba fourth with \$2,957.
 These figures may be com-
 pared with \$2,902 for Ontar-
 io; \$3,596 for Quebec and
 \$2,642 for the per capita wealth
 for the whole Dominion.

What To Do

If you're feeling tired and blue
 And don't know what to do,
 Do this!

If your appetite's not right,
 And waistband's getting tight,
 Stop stalling!

If your plans are very, very
 Go shabby!

If you can't see far ahead,
 And wish that you were dead,
 Stop wishing!

If you know you talk too much
 And your neighbor's feeling
 Stop chattering!

If your nerves are all a-kew,
 There is one good thing to do,
 Go walking!

If you're running into debt,
 Can't pay for what you get,
 Stop buying!

If you'd like to reach the top,
 And are just about to stop,
 Keep trying!

Passing Of Mrs. H. H. Hall

We slipped the following
obituary notice from the Glouch-
ester news appearing in the
Calgary Herald:

Glouchester has lost a very
fine citizen in the person of
Mrs. H. H. Hall, who quietly
passed away on March 16th.
Mrs. Hall had been very active
in church and Sunday
School work. She was the
wife of H. H. Hall and was
born in Nova Scotia, marrying
Mr. Hall in Alix, Alta., in
1913, where they lived until
the following year. Then they
moved to Empress, Alberta,
where they resided for twelve
years, coming to Glouchester
about three years ago.

There is left to mourn her
loss, her husband and two
daughters, Beatrice, eleven
years, and Corry, nine years;
her mother, Mrs. Graham, as
well as two sisters, Mrs. Moir
and Selma Graham of Beck-
ton, Sask. Many of her
Glouchester friends attended the
funeral here, while the body
was taken to Calgary for burial.

"The Path Across The Hill"

The Town Dramatic Society
are putting on the above play
in the Legion Hall, Alix, on
Saturday night, March 23rd.
The Civic people have the
following to say of the play:
"Civic citizens enjoyed a real
treat when they turned out
to see the Town Dramatic So-
ciety present a bright drama
"The Path Across The Hill"
in the community hall, Civic.
Curtains were drawn at 8.15
p. m. and this thrilling story
of romance was enacted with
great credit due to the per-
sonnel of the play: (Samuel
Crawford (under the shadows)
I. N. Hughes; Robert Post
(seeking revenge) R. Dawson;
Walter Conrad (on the wrong
path) E. Montgomery; Dr.
James Reed (all in not gold
but gilded) Mr. Meadows;
Alexander James (the colored
man) F. Hume; Mrs. Mary
Davis (who recovers the
path) Mrs. E. E. Seal; Ruth
Conrad (who always walks
the best of it) M. McDougall
Ph. Gray (Ruth's cousin) Miss
A. Montgomery; Lulu (busy
neighbor girl) Mrs. Conrad;
Zuzu (the culled lady cook)
Mrs. Bruce McMillan.

A song by Miss Phyllis Hume
and concert solo by W. C.
Baker were rendered and
much appreciated.

Communication

Dear Sir—

I was greatly interested in the discussion on Thursday afternoon of last week with reference to the personal or the building of a much needed new school in Alix, and it would appear to me that the opposition have very little to support them. Suffice it to say, that the meeting was practically unanimous that something must be done, but there was a difference of opinion as to what that something should be. Now, it appears to me that with the expenditure of an amount sufficient to pay the first debenture payment, facing the board by way of an added room, new floors, etc. it would be "seeing new goods into an old garment" which is liable for another patch next year, and not year and next year. If we are to spend money for educational purposes let us make the most of it by erecting a building which will be proud. I have no children but am willing to pay the slight increase in taxes which the furnishing of better educational facilities for other people's children would mean to the district. 250 HORSES
WANTED

We want 250 HORSES in exchange for
HARR-PARR TRACTORS

So if you want to get rid of your surplus horses write me and I will call and look them over. We will take broke horses from 4 to 8 years of age, weighing from 1300 lbs. up if sound.

I will also consider good second hand Farm Machinery if in good condition.

I have some Edmonton residences for sale.

If you have anything for sale or trade let me know

I will be in Alix at the Nelson Hotel after March 10.

This Week's Tea Tidbits

Mr. and Mrs. Leonard Gebhart have moved into their new house on Main street.

Miss D. Meadows and A. Montgomery were Leonard's visitor on Friday.

The dance on the 15th was a big success, nearly one hundred couples being present. Don't forget the next dance on the 29th.

Miss Agnes McMillan of Hayman is visiting her aunt, Mrs. Mont. Smery.

Jack Abers is out at the Dawson home for a few days assisting with the spring work.

W. Kershaw has gone to Clearholm for a week to visit his daughters, Ella and Bertha.

Mr. and Mrs. Raymond Heath motored over to Cibo Monday night to see the show "King of Kings" taking Miss M. Abers with them. They reported that the show was very good.

Mrs. B.E. Armstrong sailed from Glasgow on the 16th expecting to arrive here about the 31st.

Mrs. T. A. Cunningham went to Bowden on Tuesday for a couple of weeks.

Dave Volter has moved into his new house situated in the residential part of town. Mr. Meadows will be spending the week ends with him.

Fred Meadows is sporting a new Ford roadster, the first out this season around town.

Edward Conrad, who has been spending a couple of months with his mother, is leaving soon for Valcan.

G. H. Meadows shipped a car of cattle to Calgary on Tuesday.

Prominent Speaker April 5th

Another prominent speaker
will visit Alix on Friday,
April 5th, when Mr. Duncan
MacLeod, M. A., B. D., will
give an address in the United
Church at 8 p.m.
Mr. MacLeod is on far-
travel from his winter station
in Formosa. He is a very
fluent speaker and carries a
real message from this un-
known island. Since return-
ing to Canada he has attracted
large audiences. Mark
Friday, April 5th, for a real
treat.

Prayers Brought Val Halls

Of Val Halls, the magician,
who appears in Legion Hall,
on Friday night of this week,
March 29th, a nearby local
magician has this to say:
"The packed house which
greeted Val Halls, the magi-
cian, at the Grande Theatre
on Thursday evening was at-
tended to a very clever and re-
sultative performance."
His repertoire included
musical numbers on the Ha-
mmond guitars, rapid sketch
work in chalk, ventriloquism
and magic. The act, which
went over big, was roundly
applauded at the conclusion
of the various turns.
"Val Halls played in Ses-
sion on Wednesday, after
which he left for the B. C.
Block, where he will play
Rolls on Saturday, Poon
Coup on Monday and De-
vise on Tuesday."
The Val Halls' third
visit to Alix and he brings an
entirely new program on the
29th (Friday).

Memorial Service On The 5th

The Alix Branch of the Le-
gion is to hold, on Sunday, April

This Week's Tees Findings

The Radcliff Brothers have bought the J. B. Craik farm and plan to move on it soon.

Mr. Puffer of Lacombe shipped a car of cattle to Calgary on Tuesday.

Jack and Robert Ahern were Cline visitors on Monday night.

Mrs. E. Gillispie has been visiting her daughter, Mrs. Moore.

Fred Hoffman has traded his Whippet for a tractor.

W. Kernshaw arrived home from Clarendon on Tuesday.

A carload of bridge material arrived for the Municipality on Monday.

A number of the younger set attended a dance at Cline on the 22nd. They report a very enjoyable time.

Leo Gebhart was into Lacombe last Monday on business.

Sunday next is Easter.

Messieurs Fred Hines and W. B. Cramer were Lacombe visitors on Monday.

C. S. North took Lewis Lawson to Haynes on Monday night where Lewis was playing for the dance there.

The pool shipped two cars of cattle on Tuesday to Calgary.

W. E. Tees has rented his farm and sold his stock and intends spending the summer in Lacombe.

Don't forget the dance on Friday, March 29th, the Harmonizers are playing.

No Wonder

A man was one day visiting a lunatic asylum and while walking in the grounds he met a patient to whom he said "Well, how did you get here?"

The man replied: "Well, sir, you see I married a widow with a grown-up daughter then my father married my wife's daughter, that made my wife the mother-in-law of my father-in-law, and my father became my step-mother. Then my step-mother, the daughter of my wife, had a son, and that boy, of course, was my brother, because he was my father's son; but he also was my wife's step-son, and therefore, her grand-son, and that made me the grand-father of my step-brother. Then my wife had a son, so my mother-in-law, the step-mother of my son, is also his grand-mother, because his step-father is his wife. I am the brother of my own son, who is also the son of my step-grandmother. I am my mother's brother-in-law, my wife is her own child's aunt, my son is my father's nephew and I am my own grandchild or. That's one of the reasons I am here, sir."

Council Session A Short One

The regular monthly meeting of the Village Council on Monday evening last was a short one, the business to come before the meeting not being very heavy.

The assessment as prepared by the assessor was read over and accepted and the secretary was instructed to go ahead with the assessment which will be placed in the mails in a few days.

The date of the Court of Revision was set for Monday, April 6th, at 8 p. m. in the council chamber.

An offer for 6 lots between Nitbeck and Prairie streets was accepted by the council.

Following a discussion of the condition of the bridge on the north road leading from town, which is jointly maintained by the Village and Municipality, the board decided to suggest the doing away of the bridge and putting in a culvert.

While the municipal work to be done this year was not specified, a discussion of the walls which should be put down grading to be done, took place and will be put into shape at the next meeting.

Complaints of speeding on our streets having come before the council, it was decided to put up signs on all roads leading in, setting a 15 mile limit and a bylaw will be passed to this effect.

Mr. W. R. Brown Advances His Opinion On The School Problem

Mr. Editor:—

I would like through the medium of your paper to make a few comments on the school question.

I agree most emphatically with "Progressive" that a very large majority, if not all, of those present at the school meeting, knew that something must be done very soon but I differ just as strongly with him as to the best solution of the present difficulty for I believe that a new up-to-date two room brick building would not only meet the present requirements but show of quite a number of years to come, while it would not raise the already high rate of taxation to anything like the ruinous rate which would necessarily follow the erection of the proposed four room schoolhouse.

As the agent of a firm of contractors observed on the two room building could be made so that if necessary in the future additional rooms could be added

A Few Reasons Why It Should be a New Ford

W. E. Jennings, The Alix Garage

without in any way spoiling the looks or symmetry of the original. Unless something extraordinary happens to Alix no new rooms would be needed for a long time. The proposal to erect the larger building is already dividing our district into two strongly opposed parties and such divisions do not auger well for the prosperity of educational matters in the near future of Alix.

The plan I outlined above, while probably not the ideas of all moderators of both parties and tend to prevent further discussion.

Yours respectfully,
W. R. Brown

Salvations Will Hold Service

On Friday evening, April 12th, the Salvation Army Corps of Carleton will hold a service in the United Church at 8 p. m. The public is cordially invited.

BLEEDING GUMS

From their color, which, in health is pink, you would know at once that the gum tissues are richly supplied with blood.

Nature has planned it so purposefully, thus giving the oral tissues high reparative power, enabled as it is daily to make minor injuries and wrappings.

Normally, gum tissue is firm and resilient, and will tolerate much abuse. But when the gum tissue there is no undue tendency of the blood vessels to bleed, the gums should be taken as a warning sign that something is wrong, and the cause should be sought.

What, then, may be amiss?

Obviously these gums are not in health, but being further irritated by a change in color from pink to red, or to a purplish, edematous, bleeding, sensitive condition.

Old Money Unearthed

While in Sweden E. Kluge, then dated France this summer, did not know he was on a completely uncharted path in Western Sweden after his labor.

The monetary consists of a complete set of 18 to 20 million, surrounded by a coastal area of rooms and halls, including beautiful chairs and dining room furniture.

The century

There was a hall, rooms are the inmates used to assemble are a large open fireplace which still preserved, and a special entrance to the main hall and the kitchen. The spacious kitchen and wash-rooms, as well as other parts of the building, were equipped with the most modern water and sewage water.

The school had a special wing to itself. This was connected by a bridge with the other parts of the building. The interesting medieval

U. F. A. Listen To Address On "The Live Stock Pool"

The monthly meeting was held in the U. F. A. hall on
Saturday last. President Mansell Smith in the chair. The
hall was filled to overflowing to hear an address by Fnd
Macdonald on "The Live Stock Pool."

Some unimportant private business having been atten-
ded to, the president called on Mr. Macdonald to address
the meeting. The address was most interesting and in-
structive and held the audience from start to finish. After
explaining the theory and necessity of co-operation, the
speaker gave some details of the work of the pool.
He said in part, that this is the 6th year of the Buffalo
Lake Live Stock Shipping Association, having started in
1923. Starting with nothing, it has shown an increase
each year and this is the largest both in membership and
stock shipped. Last year the central selling agency was
formed as the selling agency for the Prairie Provinces, Ont-
ario since joined and B. C. is coming in.

The next step in the necessary case of setting up pack-
ing plants, and at the Provincial Convention held in Ke-
nora in last week the board was by unanimous vote in-
structed to take the necessary steps. The speaker pointed
out that to insure success the people must be behind the
movement and give their whole hearted support. The
farmers have said for every packing plant in existence and
they can do it again if control of supplies is secured.

The object of co-operative selling is not to raise prices
but to get the best possible price for the producer's
and producers' limitations should be sympathetic and not
antagonistic.

The assets of the Pool
amount to about \$15,000,
\$5,000 of which is put in
savings.

It is probable that the pool
will set up packing plants in
Edmonton and Calgary, and
the speaker emphasized that
they should be begun in a
small way and work up. The
proposed shares are \$5 and if
each member took three shares
on sufficient capital would be
obtained to make a start.

(A member of the audience
remarked that he could make
this on his first shipment.)

Some discussion took place
and a number of questions
were answered. A cordial
vote of thanks was passed
and the meeting adjourned.

May 6th Will Be "Arbor Day"

Arbor Day this year will
be Monday, May 6th. This
date has been fixed by the
government, obviously on the
assumption that by that time
the threat of winter will be
gone and spring will have
really started.

We understand that Harry
Simmons will return to Alix
and enter the employ of the
Thompson Hardware.

Another Alix Old Timer Passes To The Great Beyond

Mrs. Ellen Garrett, widow of the late Thomas Garrett, died at her home in Alix on Saturday morning, April 21, after being in poor health for a number of years, the immediate cause of death being heart failure.

Mrs. Garrett, whose maiden name was Ellen Nelson, was born in Omaha, Nebraska, on Christmas Day 1859. She grew to young womanhood in 1876 to be married and to the union were born ten children of whom seven survive, among them being Mrs. W. Wallace Mrs. F. McGinnis and Stella Mrs. A. Alix.

The family came to Alberta in 1901 and homesteaded in the Nekoma settlement north of Twin. Nine years later the family moved into Alix where Mrs. Garrett has since conducted a boarding house.

The funeral took place on Monday from the United Church, the services being conducted by Rev. Harden, interment taking place in the Alix cemetery.

The pallbearers were all old friends of the family, namely: C. H. Sheppard, M. M. Brown, A. Hockan, J. R. Brethour, Robt. Dees and W. Jamieson.

Mrs. C. T. Brown is spending a few days in Lacombe taking Chiropractic treatments.

Lamerton M. D. Council Minutes

The regular monthly meeting of the council of the M.
D. of Lamerton No. 398 was held on Saturday April 13th
with all councillors present and Reeve Tallman presiding.

The minutes of the March meeting were read and on
motion of Councillor Sherburne were adopted.

On motion of Deputy Reeve Cockrill, authority was
given the various councillors to enter into brushing con-
tracts where the consideration does not exceed \$75, same to
be approved at next meeting of council.

On motion of Councillor Sherburne, Messrs. Patriguin
and Johnston, chartered accountants of Edmonton were
appointed auditors for 1929.

On motion of Deputy Reeve Cockrill, a grant of \$25
was voted to the Village of Alix toward a culvert on the
street north of town.

On motion of Councillor Sherburne, the secretary was
instructed to have 50 notices printed prohibiting shooting
on road allowances.

On motion of Councillor Stevenson it was decided to
purchase from Division 4 for the general use of the municip-
ality, the large grader purchased by that division in 1928.

J. Cairns of Mirror was engaged to haul the grader
with an engine at the rate of \$5 per hour.

Assistant Deputy Minister R. English and Inspector
of Municipal Offices A. Bouter of Edmonton met the council
and discussed some of the claims in respect to the short-
age of the former sewerage.

The monthly financial statement was adopted on a
motion by Councillor Forcht.

On passing the payments
and bills meeting adjourned.

Interesting Meeting Of W. L.

At the postponed meeting
of the Women's Institute,
which was held on Thursday
April 11th, some interesting
correspondence was read with
regard to the proposal of
having Government supported
municipal health units in
rural communities to help in
case of epidemics, to give
health inspection in all sch-
ools, to furnish pre-natal and
maternity care and generally
to educate the rural commu-
nities along health lines. The
Institute are asked to give
their moral support to the
scheme, and after some dis-
cussion Alix branch was very
willing to do so. The plan
is being tried out in some
rural parts in Eastern Cana-
da and proves very economi-
cal and effective.

The members present at the
meeting responded to the roll
call with gardening hints.

Correspondence was read
from the Salvation Army in
Calgary soliciting help for
their hospital and relief work.

A representative from the
Raidy Strong Chautauque
Company was introduced and
after thorough discussion the
members present voted to
have their concert given un-
der the Institute's auspices
on Friday evening, April 19.

A talk on "What is now in
gardening" was postponed
to the next meeting.

Mrs. Pettit was appointed
to press secretary for the
balance of the year.

ITEMS OF INTEREST

Yen Sir, there is another of those popular Saturday night dinner dances being given at the Casino.

Mr. Davis, who has been visiting her daughter Mrs. Blenheim, for the past two months, returned to her home west of Oda on Tuesday.

There were seven tables at the Rabelah bridge party on Monday evening and a pleasant evening resulted. Mrs. S. C. Andrews carried off the lady's award and P. A. Strub the prize for the gentleman's highest score.

H. J. Bond, Night Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, May 15th, at the Happy Valley Hotel.

Albert Demark, holding ticket No. 2, was winner in the draw for the set of dishes given away last week by the Alix Agricultural Society.

Our district received a severe shock on Saturday afternoon last when it was learned that John John Scorn had been stricken with paralysis, and for a time doubts were entertained as to the probability of his recovery, but were ultimately dissipated when the danger is over and that there is every chance of a complete recovery.

K. R. McLean, 208 9th Avenue west, Calgary, night specialist, announces his next visit to Alix for Thursday, May 16th, at the Happy Valley Hotel.

We extend our congratulations to Miss Gladys Peabody of our Town who was matron of the Burns third prize in annual training at the Oda School of Agriculture.

Do you want your place noted? Gave Spence, the reliable, will be in town the latter end of this week and you are requested to leave orders at this office.

Dr. A. H. Watson, dentist will pay his next visit to Alix on Monday, May 6th, from 2 p.m. till Tuesday noon and every first and third Monday of the month thereafter.

With the posting of the legal notices on April 6th, the initial step was taken to determine whether or not there would be a new school in Alix. The petition calling for a vote has been duly signed by the required twenty ratepayers and in due course the matter will be decided by the ratepayers.

Mr. J. L. Thompson, Inspector & Undertaker, 111-113, 115, 117, 119, 121, 123, 125, 127, 129, 131, 133, 135, 137, 139, 141, 143, 145, 147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171, 173, 175, BRITISH TOWN

The French Parliament has just passed a bill which will give the British colonies the right to elect members to the House of Commons. This is a great step forward for the colonies, and will give them a greater voice in the government of the Empire.

Little Help For This Week

There are many people who are in need of help this week. Sun Life of Canada is here to help them. We have a large fund of money, which we can use to help anyone who is in need. We can help you with your health, your family, and your future. We can help you in any way that we can.

Are You Ready

There are many people who are not ready for the future. They are not ready to take on the challenges of life. They are not ready to make the sacrifices that are necessary for success. They are not ready to become the best that they can be. They are not ready to live the life that is worth living. They are not ready to be the people that the world needs.

When Your Children Cry For It

There are many children who cry for their mothers. They cry because they are hungry, or because they are tired, or because they are sad. They cry because they need their mothers. They need their mothers to love them, to care for them, and to protect them. They need their mothers to be the people that they can rely on.

Department Issues New Bulletins

Two new bulletins have recently been issued by different branches of the Alberta Department of Agriculture and are now available for distribution. The first of these "Home Decoration" is published by the Alberta Women's Bureau and will be found to be of particular interest to those interested in home beautifying. The second entitled "Turkey Breeding and Management" is issued by the poultry branch and contains a great deal of valuable information dealing with this profitable farm product.

This Week's Tees Talking

Dave Volker returned on Monday from Buffalo where he has been visiting friends for the past week.

Leo Gebhart is sporting a new Plymouth Chrysler. Alberta Montgomery was a Lacombe visitor on Monday. Jack Ahern is spending a week at the D. C. Walker farm.

Mr. and Mrs. Earl Barnes rejoice over the arrival of a daughter born on Wednesday April 10th.

Alex Drake spent the week end at Rimby.

Mrs. Lyons of Trochu is visiting her sister, Mrs. Norman Bradshaw.

Harry Dawson purchased a new De Soto last week.

Madame L. Gebhart, L. W. MacDonell and W. Ball and motored out to have dinner with Mrs. R. Hansen on Tuesday and spent a very pleasant afternoon.

James Craik was a Clive visitor on Monday.

The Tees Ladies Aid will meet at Mrs. MacDougall's on the 17th.

A number of Tees people motored to Clive Wednesday night to see the play that the Clive Ladies Aid was putting on titled "Chasing a Husband" (to get a few pointers).

Miss Mildred Ross is spending a couple of weeks with Mrs. Montgomery.

Miss M. and G. Jones, who have been visiting their aunt, Mrs. J. Ross, returned to their home at Antrope, Alta., on Monday.

Mr. and Mrs. A. G. Ditto, who have spent the past few weeks motoring in the U. S., spending some weeks in Texas, arrived home Tuesday evening. They have had a wonderful time and seen a whole lot but Alberta still looks good.

We are pleased to learn that Mrs. B. Cook, who has been seriously ill for a number of weeks, has taken a slight turn for the better.

"What a cool looking store." "Why? Because it has peace in the window?" "No, the books are in there."

Hyatt: "What is the most dangerous part of an automobile?"

Grant: "The nut that holds the steering wheel."

Said on the spot.

Sunday School Teacher—Sun, why aren't we be kindly to the poor?

Little Sue—Please, teacher because in these days [any of them] might become rich!

Fis is the test of gold: Adversity of strong men.

People wonder what you are. Up above the world so far, heavenly thought so free from dirt. Twinkle, twinkle little star.

What makes our cop so fat? Probably too much traffic jam on Saturdays.

If you've never been tempted you don't know what you have missed.

Two School Lads Run

Over By A Loaded Wagon

On Wednesday afternoon two of our little school lads were run over by a dray loaded with a ton of potatoes. George, son of Mr. and Mrs. A. B. Bennett, had his left arm broken above the elbow and Clarence, son of Mr. and Mrs. W. Shub, had his right arm broken above the elbow and also his right leg broken between the hip and the knee. George attempted to catch Clarence as he slid from the load and the weight over balancing him, they both fell under the wheel. Dr. Warren set the bones and Thursday morning George was taken to Lacombe for an X-ray, as the doctor believed the bone was fractured as well as broken. Those who witnessed the accident say it was a miracle the boys were not killed, a little further under and the wheels would have passed over their bodies.

Provincial Town Planner Speaks At Alix Luncheon

Mr. Seymour, the town
planner recently appointed
by our Provincial Parliament
visited Alix on the evening of
April 18th, and was enter-
tained at a luncheon at the
White Lunch where more
than twenty of our citizens
listened with much interest
to his outline of this new
work that our Government is
trying to help us carry
OUT—to make Alberta a more
beautiful country for us and
our children's children to en-
joy. He had with him a num-
ber of blue prints to illustrate
what they are trying to ac-
complish.

Mr. Seymour, who is a very
competent engineer, assured
those present that he was at
their service at any time that
he was required.

Alix To Have Another Up-To- The Minute Garage

Mr. Finley of Lacombe,
who recently acquired prop-
erty on Main street, was in
town this week and we
understand it is his intention
to begin next week on the erec-
tion of an up-to-date cement
garage on this site. We
already have as good a service
garage as you will find in any
town and this addition will
but double the service to car
owners.

Gardening has started
The Alix garage unloaded
another car of Ford's this
week.

The outside of the Siddons
Pool Hall is having a stucco
coat this week which will add
to its appearance.

The next picture to be shown
in Alix will be "The
Water Hole" a seven-reel and
"For Your Own Horn" a six-
reeler.

Coming to Alix soon Alex's
"Irish Rose". Watch for
further announcement.

Mr. J. P. Miller, well known
farmer of the Mandeville
District was drowned Wed-
nesday night in Gull Lake,
when the car in which he was
riding broke through the ice
about a mile from shore. De-
ceased was an old timer of the
Lacombe district.—Globe.

WEDNESDAY NEXT IS A
Friday morning of last week according to the schedule on the property of R. F. Saunders in the north end of town, resulted his barn which was totally destroyed together with a small workshop. There was a strong wind at the time and all the fighters could do was to jump the flames from spreading to the adjacent buildings.

ITEMS OF INTEREST
There is also a young barn, honey, they're another of those few shillies time towers (Saturday) night in de Legion hall, Alia, with King P. Sullivan and his place in Alia de ho-downs.

ITEMS OF INTEREST
M. J. Scott, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Wednesday, May 15th, at the Happy Valley Hotel.

ITEMS OF INTEREST
At 3 p.m. on Sunday afternoon next the members of the Odd Fellows Lodge will commemorate the anniversary of the order by attending divine service in the United Church at West River. Highness of Olive will also be the address. The public cordially invited to this service on the 20th. On account of the afternoon twice the regular morning service has been cancelled.

ITEMS OF INTEREST
Dinner At 12 o'clock on April 12th, to Mr. and Mrs. O. W. Merrill, a daughter.
Mrs. Archie Birdick from near Haynes was a visitor in town a couple of days early in the week.

ITEMS OF INTEREST
Some of our farmers have commenced sowing and operations will be general in a few days.
Mr. P. C. Toepfer has taken over grandiose business and having purchased a new truck, we understand he will make rural deliveries to tractor and engine men.

ITEMS OF INTEREST
R. H. McLean, 208 8th Avenue west, Calgary, met specialist, announces his next visit to Alia for Thursday, May 16th, at the Happy Valley Hotel.

ITEMS OF INTEREST
The Rebekah Lodge have decided on another of those enjoyable Bridge Parties on Monday evening of next week in the Odd Fellows hall, playing at 8.30 sharp.
After following a week in Lacrosse Mrs. A. S. Bennett and son George returned home on Wednesday.

ITEMS OF INTEREST
There is no "sore sign" of spring, but spring should be the sign of the arrival of the time for the community to clean up. There is no supervision or prophylaxis about this clean-up sign.
When warm weather has come to stay (and cold weather returns in the autumn) every owner of property and tenant should instinctively feel it his duty to remove the evidence of winter's ravages and to aid and augment nature in her work of re-sanitization.

ITEMS OF INTEREST
Every spring clean-up program should include disposal of winter's accumulation of litter and decayed vegetation, razing and razing of buildings and landscape gardening. Landscape gardening is no longer associated with large estates alone.
Cleanliness about the person or the home costs nothing and a community clean-up need involve no expense, except of a moderate amount of labor on the part of the house holders. If there ever were excuses for cleanliness they were removed long ago.

Fruits of British Columbia

Almost Every Variety of Fruit
Now Grown On Pacific Coast

Most fruits grown through Indagema in the tropics or sub-tropics, are now being introduced in British Columbia. Earlier seasons showed, pear, plum, apricot, apple, quince, peach, plum, orange, cherry, fig, guava, citrus, papaya, avocado, kiwi, kiwifruit, and others.

In view of the widespread interest that is being taken in the growing of exotics for the home lands of Great Britain, the fruits of British Columbia are sold in the establishment of the Indagema in a more scientific basis.

"The clerk, however, refused to cash it," he announced. "I put it in the basket with the rest of the looting stuff."

Maintenance of Roads

The roadways of the province are the property of the Government. The highway survey department, *des chemins*, is the technical department in charge of the roads, and the *Service des routes* is the administrative department. The *Service des routes* is divided into three sections, the *Service des routes provinciales*, the *Service des routes communales*, and the *Service des routes vicinales*. The *Service des routes provinciales* is the highest authority in the province, and is responsible for the maintenance of the roads. The *Service des routes communales* is the authority in charge of the roads in the various towns and municipalities. To Protection Of Roadways
Well-constructed highways are necessary in Canada to handle the constant demands of traffic, but well-maintained roads are even more important to the industry.
Consequently, provincial road administrative organs and engineers are deriving a great deal of thought and attention to the state and protection of roads. In 1927 the village of Mauds made modernization in Canada under the plan of going right on \$6,418, which, at a cost of \$10,050,000.

The Old Age Pensions Act will probably come into operation in Alberta in about a month according to a statement made on Thursday by Premier Brownlee. The Act, it has been decided by the Executive Council, will be placed under the jurisdiction of the Workmen's Compensation Board, and arrangements are being made for the board to administer the provisions of the new Act. Under the proposed plan it is necessary for each province sharing in the benefits of the Dominion legislation to submit its supplementary and contributory legislation to the Dominion Government through Hon. Peter Hensan, Minister of Labour, for final consideration and to draw up a formal agreement of operation. As soon as this step has been taken it is expected the Alberta act will come into effect. The Payment of pensions will not become retroactive but will date from the time the act is proclaimed.

Alberta Farm Loan Board Named

The personal of the Alberta Farm Loan Board as nominated by the provincial government and accepted by the Federal Farm Loan Board at Ottawa will include J. C. Murray of Edmonton, A. H. Tordell of Calgary and George Bennett of Lacombe. Hon. K. H. Reid, Provincial Treasurer, in making this announcement expresses the belief that the government has secured a highly efficient board to which may be safely entrusted the administration of the new act in this province. Mr. Murray, the chief executive officer of the board, has been until recently a member of the Edmonton staff of Credit Foncier. He will give his full time to the farm loan work, his associate members being available for such time and service as may be required. Mr. Tordell is chairman of the Municipal Hall in Calgary. Mr. Bennett is a well-known Director of the Alberta Cattle Co. Steps will be taken at an early date towards bringing the new Act into operation in Alberta and a number of applications and inquiries already in hand respecting farm loans will be dealt with as soon as possible.

Has Week's Tea Tailings

Mrs. M. D. MacDougall has had her sister visiting her. The Ladies' Aid are giving the church at Teas a good bounce, and hope to see a good attendance every Sunday.

Rev. Hughson of Cotre has started the Sunday School again. He hopes to have a big enrollment this year. J. M. Craik was a Lacombe visitor on Monday.

Miss Peterson was very much interested in trying to decide what kind of a car she likes the best.

Owing to ill health, Alberts Montgomery, who has been assisting in MacDowell's store some time, will not be on duty for a couple of weeks. We hope she will be feeling better for the rest.

H. G. Abern and sons Harold and Robert motored to Edmonton Saturday, leaving at 2.30 p. m. and going via Lacombe to attend the banquet given in the Coronado hotel by the Order of Railroad Telegraphers to Mr. Geo. Forbes who was retired last July on pension by the C. P. R. after having served the company for 43 years, having been train despatcher in Edmonton for a number of years up to his retirement. There were 53 in attendance at the banquet. Mr. Forbes who is now located in Picton, Ontario and raising fruit for a pastime, was presented with a club bag which it was explained to him was not for him to go away with but to come back with. Mr. Abern, motor home on Sunday.

If arranging low fares for granite residents, we suggest this part of our work as a great and important public service. Always meet with men, equipment plus the experience which enables us to care for any movement with accuracy and efficiency.

With summer-camps for a little while from the dull season—something day. Our low fares from May 18 to Sept. 30 (with a final fare last Oct. 31, 1935) make it easy.

Our trains pass through a territory replace with scenic grandeur; of historical and educational value to the traveler. Nothing superior to us in sleeping and dining our services. Radio added feature on our trains.

THINK IT OVER

Whether vacation or business, we have in mind, our local agent will be pleased to give you assistance. We will be glad to quote lowest fares and make all arrangements for you—over-sea. J. MADILL, District Manager Agent, Edmonton

The Passing Of A Pioneer

One of the first settlers of the district, in the person of Isabella Russell Larkin, passed away on Monday last, April 29th, at the home of her son, Truman Larkin of Nevis. Deceased was born near Edinburgh, Scotland, on May 15th, 1840, coming to Ontario with her parents when three years old. She lived in Dakota for nine years before coming to Alberta and settling in the Alix district in 1899. She was predeceased by her husband in 1912. The funeral was held Wednesday from the old home resided in by her son Alexander, to the Fairview cemetery, Rev. Mr. Beuchman conducting the service. The survivors were her five sons: Russell, Hardy, Alexander, Truman, A. R. and her great grandson Nelson Conway.

She leaves to mourn her loss, her sons Russell, Alex and Hardy of this district, Truman and A. R. of Nevis, Mrs. Annie Rogers, Mrs. E. Rogers, Mrs. A. McIvillan all of Stoney, Ont., one sister Mrs. Matilda Ferguson of Barrie, Ont., also twenty-two grandchildren and fifteen great grandchildren. Mrs. Larkin was of a very kindly and kindly disposition, and spent her long life in constant service of others, remaining active until within a few days of her death, and retaining all her faculties until the very quiet to sleep a few minutes before the end. She will be missed by a host of friends who shared her well known hospitality and to whom she was always familiarly and affectionately known as "Ma" Larkin.

"The Water Hole"—Last Day

Zane Grey, whose Western tales have delighted thousands in book form and millions in moving picture form, wrote this unique story for magazine publication and it enjoyed a popular reading. The story was so well liked that Paramount secured the film rights for the piece, even before it was written. Zane Grey will be remembered on the screen for many entertaining and gripping moving pictures. He will be remembered for the great story "The Wanderer of the Wasteland." He will be remembered for the splendid Paramount picture "The Water Hole" which is shown here on Wednesday evening of next week, May 2nd, in League Hall.

The New East and West

Highway Goes Via Niv

Tender "Tenders" the Government of the Province of Alberta has called for bids on the completion of the unfinished portion of the east and west highway as follows: "Project 11, Sec. A, Lacombe-Coronation Highway, commencing at the east boundary of Lacombe to the east boundary of Nevis, a distance of 35.8 miles, approximately 250,300 cubic yards excavation and other work." The tenders close today (Friday) at noon, and we understand the work will be started immediately. Our leaving Lacombe the road goes 1 mile east and 2 miles south, then 19 miles straight east to the point practically following the C. P. R. through Alix to the east boundary of Nevis.

Mr. and Mrs. G. A. Thompson motored to Calgary on Thursday, having been summoned to the city owing to the serious illness of the former's mother.

Among the Car purchasers during the past few days were: J. Brethour a Chev. coupe, W. Pasack a Pontiac and W. Falkner a Dodge.

The hired man at the Man-ell Smith farm had the misfortune to put a nail into the right foot while out shelling on Friday of last week, fortunately the bone was not injured and the doctor says the toe can be saved.

The Department have issued posters pointing out the "Five Menace" at this time of year. We cannot be too careful.

M. D. Council Lay Plans For The Expenditure Of Government Grant

A regular meeting of the council of Lamerton M. D. was held on April 27th with all councillors present except L. R. Forcht. Minutes of the April 13th meeting were read and adopted.

A ministerial order establishing the proposed Lamerton Municipal Hospital District was read which includes all of M. D.'s 398 and 399. Tp. 42 Rge. 26 and 27 with in M. D. 329, Tp. 42 Rge. 28 with in M. D. 430, also the town of Lacombe and Village of Clara. The consensus of opinion seemed to be that the ratepayers of 398 would not greatly favor the establishing of a hospital at Lacombe. On motion of Cockrell, Councillor Sherburne was appointed to represent the council at the Provisional Hospital Board meeting.

A letter from Hayes municipality was read requesting that Lamerton join with them in an application to the Department of Public Works to have the Red Deer to Stettler road made a secondary highway. On motion of Sherburne the secretary was instructed to reply, advising that in view of heavy requests made on the Department of Public Works and which have been fairly met, we did not feel like going any further at this time, and that a road from Red Deer crossing the river at Joffre would appeal more to this council than the one mentioned.

Mr. E. Ainsworth, inspector for the Department of Public Works, was present and discussed with the council their 1920 road program and the expenditure of Government grants amounting to \$1814.40. This amount is

suggested by a like amount from the municipality and must be expended according to a Government plan. This work will extend from the S. E. of 4-39-23 (6 miles south and 4 miles west of Alix) to Alix and to the portions of the road north from Alix to Bashaw not previously completed.

Under the grant system a plan extending over a number of years has been worked out and roads worked under this system will be permanent. Mr. E. Bray was engaged by the council to have charge of the work.

On motion of Sherburne the 1920 appropriations to the various divisions were voted on a basis of 75% of the tax levied in the respective divisions.

At the request of Councillor Gillies, a committee composed of Reeve Tallman and Councillor Sherburne was appointed to investigate and propose to construct a road north of Tees on the east side of Sec. 25 40 24.

Reeve Tallman and Councillor Sherburne were appointed a committee to supervise the grant work in Divisions 2 and 3 and Sherburne and Cockrell in Divisions 1 and 6. 350 lbs. of Chipman Wood Killer was ordered for experimental purposes.

An 8 ft. mainline and a 12 ft. grader were ordered from the Adams Company on motion of Sherburne.

Secretary's monthly statement was read and adopted.

After passing the bills and pay sheets the meeting was adjourned at 7.15 p.m.

Mrs. Scott Dies in England

There passed away at Boston Linch, England, at 2 p. m. on Monday, May 13th, an old resident of Alix in the person of Mrs. J. W. Scott, at the age of fifty years. Deceased had been a great sufferer for the past few years. It was in the hope that a change would be beneficial that the family left for the Old Country one month ago, April 14th, but it was of no avail and she passed away a few days after landing.

For the four years prior to December 1925 Mr. and Mrs. Scott resided in Alix where they have many friends who are grieved to learn of the death.

In addition to her husband she leaves three children to mourn, namely: Mrs. E. C. Toepfer of Alix, a daughter at Pouce Coupe, and Frank in England, to whom we join in extending sympathy.

U. F. A.

A meeting of the local was held at the hall on Saturday at 8 p. m., with President J. M. Smith in the chair.

The following were appointed delegates to the Constituency Convention to be held at Lacombe in June: J. M. Smith, U. G. Maryatt, C. E. Stone, E. Gormack, J. Neilson and P. McCallum.

The secretary read some correspondence with regard to the Compensation Act applying to farm labour. A discussion on the matter was postponed to the meeting in June.

It was decided to get up a box to paint the outside of the building as soon as the seeding was completed.

The meeting adjourned.

Plans for Alix "Victory Day"

The Ballarat Fire-Engine Orchestra will put on a dance in Legion Hall, Alix, on the evening of Friday of next week, MAY 24th, "Victoria Day," commencing at 9.30 sharp. There will be no dance on the evening of Saturday, the 25th.

Miss Viola Toepfer is home from Calgary, having been summoned on account of the serious illness of her father.

Mr. Gethercole is the new teacher at the Royal Bank.

Mr. W. L. Pettit and son Lawrence were in Calgary the first of the week and on their return brought back a new Dunlop car.

Friday of next week, May 24th, being a public holiday, all places of business will be closed and The Free Press will be issued a day earlier.

On page 4 of this issue will be found the copy of a circular letter being sent out by the school board to every family advising them of the arrangement for inoculation against Scarlet Fever.

Mr. and Mrs. Johnson have moved into the latter house on Lake street.

ITEMS OF INTEREST
 Mr. Wayne and son arrived in Alia the latter part of last week from London, England and have taken up their residence in the C. P. R. cottage on Mr. J. Soren's farm east of town. His wife and children were detained in Quebec under quarantine for measles.

Tonight, Friday the 17th, is the date of the annual Old Folks' Dance at Mirror.

E. J. Seel, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Wednesday, May 22nd, at the Happy Valley Hotel.

Mrs. I. Smith went to Edmonton on Sunday to visit for a time with her daughter in the city.

Mr. and Mrs. Herb Bauman and family of Stettin visited Sunday with the lady's brother, G. A. Thompson.

Mrs. and Mr. J. Clef and family motored to Breton on Sunday to visit their daughter, Miss Elsie Brown, returning home on Tuesday. They were accompanied on the trip by Mrs. F. Shi-on.

R. E. McLean, 208 1/2 Avenue west, Calgary, sight specialist, announces his next visit to Alia for Thursday, June 20th, at the Happy Valley Hotel.

Mr. and Mrs. G. A. Lunn and children and Miss Elsie Moly, Standard with Miss Elsie Riley at her home, Highview, nine miles west of Lacombe.

They never stop. What? The Saturday night dance in Alia. Come tomorrow night.

Mr. Berocia, who has been with the Royal Bank here for some months, has been transferred to Innisfail.

On Sunday Mrs. A. M. Keston was taken to the Red Deer hospital for an X-ray. She has been suffering for some time and the doctor thinks it is a gall stone.

The Sunday School lesson for next Sunday will be found in Jeremiah 7:1-11, 21-23. Golden Text—"Obey my voice and I will be your God and ye shall be my people." Jer. 7:23.

Attendance last Sunday 37 children and 12 adults. The United Church was crowded last Sunday evening at the special "Mothers' Day" service and the address on "Motherhood" by Hon. Irene Parley was very much enjoyed, while the music was all that could be wished for.

Dr. A. B. Watson, dentist will pay his next visit to Alia on Sunday, May 20th, from 9 p.m. till Tuesday noon and every first and third Monday of the month thereafter.

The brush cutters working on the quarter southeast of town recently purchased by Seth Butley, has been drawing crowd of operators. We have watched other cutters at work but this is a marvel.

Handled by a caterpillar it wades through everything with a towel foot through- out. It is as easy as the mower cuts hay.

We understand the cutting will run between \$3 and \$4 per acre. The job is completed and the outfit has gone east but will return in a few weeks to other work.

United Church, Alia
 Rev. R. T. Harden, minister
 11:00 a. m.—Church service every Sunday.
 Sunday School every Sunday at 12:15 o'clock.
 St. Paschas Church, Alia
 Service on May 26.

ALIX, ALBERTA, MAY 11TH, 1939
 To The Parents of Children Attending The Alia Consolidated School:

The Board of Trustees of this district realising how serious an outbreak of Scarlet Fever would be to the school children, as well as younger members of the family at home, have made arrangements whereby all children in the district may be inoculated from this disease, and thus remove the menace from over the heads of the children.

Scarlet Fever may now be definitely controlled. By giving each child a small injection into the arm, once a week for five successive weeks, a life immunity is derived which will protect each child which is good for about 90% of cases.

There is no foreign serum used in the toxin, which is supplied by the Department of Public Health, so that those suffering from asthma or hay fever may take the inoculation without the least danger.

YOU CAN'T DYE
with Good Intentions

You can get results—after a fashion—when you dye old dye; but to do work you are proud of takes real skill. That's why we put them in Diamond Dyes. They contain from three to five times more color than other dyes on the market. Cost more to make? Surely. But you get more for the same money every time.

Next time you want to dye, try them. See how easy it is to use them. Then compare the results. Note the absence of that red-dyed look; of streaking or spotting. See that they take some of the color out of the cloth. Observe how the colors keep their brilliance through wash and wear! Your dealer will refund your money if you don't agree Diamond Dyes are better dye!

The white packages of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or set silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye for all shades of wool. With the white package you can dye all shades of wool.

A CHALLENGE

Mr. Editor:—

The following is founded on the report of the Alix Cow Testing Association for the year 1928. I hope you'll be able to publish it for two reasons: First, I want to call attention to my herd as the best of the bunch; Second, it may stir up others to try and beat any of the records given so far.

M. herd of 12 cows gave a total of 52434 pounds of milk which produced 1839.91 pounds of butter-fat. The nearest to my record was a herd of 20 which gave 48372 pounds of milk with a production of 1819.86 pounds of butter-fat.

Of the total number of 93 cows tested this year—production of butter fat was 165.39 pounds while the average for my cows was 204.43.

If my boasting causes more men to join the association and try to beat my record the publication of this letter will have a much to be desired result.

—C. C. McDermid
 (Mr. McDermid to make his herd of Grade Holsteins do much better than this.)

Pool Elevators Now Total 381

Between March 22nd and May 6th this year the Alberta Wheat Pool has purchased 22 local elevators and has 41 new elevators under construction. The new elevators being built are 35000 and 40000 bushels capacity, and the majority of those purchased are of 30000 bushels capacity. The addition of those houses brings the total owned by Alberta Pool to 381.

Highway Work Starts Soon

Work will be started within the next few days on a number of important road building projects for which contracts have just been awarded by the Alberta Department of Public Works. Among them will be the 36 miles on the Lacombe-Norris highway, the contract for which was awarded to H. G. Macdonald.

Boys At Big Band School

Across the river from the Centennial bridge at the Great Bend School on the "Victoria Day" Friday, May 24th, there will be a picnic. A line of sports, baseball, basketball, children's races will be held. The Ladies' Aid are holding a Bazaar in the basement and lunch will be served on the grounds, ending with a Big Dance in the evening.

Establishing a new high mark in the history of the province, oil production delivered to the refineries from wells in the Turner Valley field during the month of April reached a total of 60,207 barrels.

Initiative is that quality which leads a man to do things when they should be done without being told. The men who exercise initiative are the builders of the world; all other people are merely tasters and joiners.

Death Of Malcolm John Paton

A wave of sorrow swept over our little community on Saturday, May 18th, when the angel of death called again this time taking away one of Mirror's most popular young men in the person of Malcolm John, second son of William J. and Edna M. Paton. Mal, as he was more commonly known by all who had the pleasure of making his acquaintance, was born at Rainy River, Ontario, on Feb. 15th, 1907, came to this district with his parents in 1917 and since then has spent a good share of his time on the farm here three miles west of Mirror, and on May 5th 1922 was married to Miss Marjorie E. Bromley.

By his pleasant smile and kindly demeanor a few acquaintances soon grew into a large circle of warm friends who will deeply regret to lose a young life of so much promise, one who was a pattern socially and a real comfort in home life.

Rev. Harden gave a most comforting service, speaking on immortality and the great life to come. The funeral was held at the home of Mr. Nelson of Poolea, on May 20th, at the United Church, Mirror, and the large number of floral tributes which blanketed the casket were only small tokens of the esteem in which the deceased was held. The Alix choir joined with Mirror in rendering most beautiful selections while Mr. A. McNair in his always sympathetic manner sang "I know he's mine." The pallbearers were old friends, namely: G. Morris, J. Sturgeon, R. Bennett, J. McNeill, A. McDonald and C. Marshall.

Besides his sorrowing young wife he leaves to mourn, his father and mother, two brothers Billy and Jack of Mirror and two sisters Mrs. George and Merley of Port Huron, Mich. and Mrs. Frank Collins of Winnipeg.

The pantry gates were open. A gentle voice said "come" And with barely a whisper he quietly entered Heaven.

A meeting of those interested in the coming Alix Chautauque, whether on the contract or not, will be held in the United Church Club Room on Friday, May 26th, at 8 p.m.

The service on Sunday evening at the United Church promises to be an enjoyable one as in addition to the address, Mrs. E. W. Cornish has consented to give a vocal number.

THE DATES FIXED FOR THE ALIX CHAUTAUQUE ARE JUNE 18, 19, 20 & 21.

"The Patsy"

The opening night of the
Cheatsauqua at Alix on June
18th will be the presentation
of "The Patsy"—a real com-
edy drama, which has been
called the "perfect Cheatsau-
qua play."

The story of "The Patsy"
has to do with the younger
daughter of a household who
is a combination of sapper
and Cinderella. She is slighted
by her mother, despised and
bullied by her unprincipled,
shrewd sister. Only her
father truly loves and can
understand her, and since he
was away most of the time as
a traveling salesman, this
wasn't a very extravagant
comfort—hence the title of
"Patsy."

"The Patsy" is three acts
of comedy, romance, laughter
and pathos, telling a most
appealing love story, giving
the Maria Ewin Players one
of the most exciting opportu-
nities to be enjoyed in Cheatsau-
qua plays.

Pull Your Vote Tomorrow

There is a very important opportunity to say whether or not a new school will be built in Alix this year. We are of opinion that this improvement to our district should be made, we believe that it is in the interests of our boys and girls to have the present wooden structures replaced by a modern building. Of course this is only our view but if you are of the same opinion vote "Yes", but the main thing is to vote according to your honest convictions and not let your judgment be influenced by others. There is no writing to do, all you have to do is to tell the returning officer "Yes" or "No."

WHO SHALL VOTE

"Any person of the full age of twenty-one years actually residing in this School District whose name appears on the last revised assessment roll of the district;

"The husband, wife, son, daughter, father, mother or sister of any resident ratepayer as hereinbefore defined, provided such husband, wife, son, daughter, father, mother or sister is of the full age of twenty-one years and resides in the same house as such resident ratepayer."

THE POLL SHALL BE BY OPEN VOTE

"At the time and place appointed in the notice the returning officer shall declare the poll open and the poll clerk shall record the votes as they are given in a poll book, which may be form F in the schedule of this Act."

Votes on debentures shall be submitted to the resident ratepayers of Alix Consolidated School District No. 12 of the Province of Alberta, on the 1st day of June, 1929. Poll opened at 10 a. m. Poll closed at 4 p. m.

The bell boys played the Bachelor ball at this town on Wednesday evening before a good crowd of fans and put up one of the snuggest games of the season. The play was pretty even up to the end of the 6th score 5-5, but in the 7th our boys were in luck when they scored for a win, the game ending 5-6 in favor of our side. We understand a return game will be played here a week from today, Friday the 7th, and it is up to us to support them by our attendance.

Pool Terminal Storage

To be increased

The Alberta Wheat Pool is continually increasing its elevator system. On Monday of this week the contract was let, more than doubling the storage of the new Pool terminal at Vancouver. The number of pool elevators in Alberta has been increased until the total is close to the 400 mark.

The Pool's continual objective is to handle as much of its members' wheat as possible through pool elevators. Each year sees an increase in the volume of Pool Wheat handled through Pool facilities. This year the total is around 65 per cent.

The new Vancouver terminal was completed last fall and had storage facilities to handle 2,500,000 bushels of wheat. With the proposed additional storage of 2,750,000 this elevator will have a total capacity of 5,250,000 bushels. This will provide total terminal space owned and controlled by the Alberta Wheat Pool on the Pacific coast of 15,150,000 bushels. The contract for building the additional storage in ter-

Alix Assured Its New School, Vote 66-34

The ratepayers have said that Alix shall have a new school and in compliance with their wish the board are now busy completing the final arrangements. It will take a little time but just as soon as the necessary red tape has been good through tenders will be called for its erection.

The vote was not as large as it should have been, there being only an even hundred who exercised their privilege. The poll showed 66 for and 34 against the bylaw, and the tally showed that the building of the school was in favor throughout the district. In town the vote was 38 for to 7 against and in the balance of the district 28 for to 27 against. We believe that when the new up-to-the-minute school supplants the present antiquated structure all will agree that it was a right move.

A Painting and Decorating Business

The U. F. A. and U. F. W. A. are holding a "Decorating Bee" on June 12 and 13. The ladies are attending to the interior decoration of the hall and the helpers, the hall to be beaverboarded and the helpers filled with chicken pie. While not eating the men are expected to beautify the town by painting the outside of the building. Everyone is asked to turn out.

Council Holds May Meeting

The monthly meeting of the village council was held on the 3rd with all members present.

The big business of the meeting was the improvement of roads and the building of sidewalks. It was decided to at once complete the portion of the highway within the town limits, and to begin the laying of sidewalk, the number of feet to be put in will depend on the price per cubic foot, work to commence on Alberta avenue.

Announcement of the date of the municipal convention at Calgary was made, namely June 26 and 27, to which a representative may be sent. A letter was read from Judge Mahaffey setting Thursday, June 13th, at 2 p. m. as the date and hour for the hearing of the two appeals against the Court of Revision the complainants being The Meadow Creamery Company and the Calgary Power Co.

U. G. Marryat asked the council if they would consider turning over the town property in front of the school as a site for the new building provided the board undertook to move the town hall to another location. The matter was favorably discussed and an answer will be given later.

A number of accounts were passed for payment and the meeting adjourned.

Clean Up, Paint Up, Keep It Up — Increases the Value of Your Property

Paint Pointers

In painting work it is important that the procedure be understood and followed. The first step is to clean the surface to be painted. This is done by removing all dirt, grease, and old paint. The next step is to prime the surface. This is done by applying a coat of primer paint. The final step is to apply the top coat of paint. This is done by applying a coat of paint in the desired color.

Laying and Preserving Linoleum

The best method of laying linoleum is to use a trowel. This is done by spreading the linoleum over the surface and then smoothing it out with the trowel.

Linoleum floors are attractive, durable, and easy to maintain. They are also fireproof and resistant to stains. This makes them a popular choice for many homes and businesses.

The most approved method of laying linoleum is to use a trowel. This is done by spreading the linoleum over the surface and then smoothing it out with the trowel.

Regulations For Visiting Motorists
After July 1st, 1929, any automobile being driven in Alberta with foreign license plates must carry on its windshield a star or emblem that the car bears a non-resident permit to be operated in this province. These permits which may be secured from provincial police officers, park officials and others who come in contact with the travelling public, will provide a definite record of the number of cars visiting the province each year and the points of origin. The permit issued is good for three months from date of issue and must be applied for within seven days of entrance into the province.

At This Year's Edmonton Exhibition, July 15 - 20
Since the attractions for the Edmonton Exhibition were arranged for, some very interesting features have been secured as "extras"—in line with the policy of the management to make the 50th anniversary of Western Canada's first exhibition the most attractive ever staged. For the big exhibition which opens in Edmonton on Monday, July 15th, Capt. Walters' observation balloon has been secured, this will recall army days to many. In addition to carrying passengers, it will each night give a display in fireworks depicting Niagara Falls from 1000 feet in the air.
The loan exhibits of paintings are being brought to the Edmonton Exhibition at considerable expense, and will be displayed on the top floor of the Manufacturers' Building. Contrary to custom, no extra charge will be made to view these paintings which include a number of historical works; all told there will be about 150 paintings by celebrated artists, one exhibit is from the Royal Canadian Academy of Art in Montreal, and one from the Royal Clark Stone collection in Toronto.
Excursion rates on all railways and a free camping ground for motor tourists, will help meet the attendance.

This Week's Tees Tattings
Jack Abern left for Red Deer on Wednesday. He is employed in the freight sheds there.
Mr. and Mrs. Hoffmann of Bulwer, Alberta, spent the week at the latter's parents, Mr. and Mrs. Walbright.

Alix To Hold Sports Day July 10

At a meeting of the directors of the Alix Agricultural Society, held on Saturday evening of last week it was decided to cancel the 1920 stage a summer sports day on Wednesday, July 10th. Committee were appointed to arrange the various events for the day, which will include horse races, foot races, basketball tournament, basketball games, hour-a-hoe throwing competitions, a big dance at night, etc. Watch for the posters and keep this date in mind.

There is no doubt but the cancellation of the fair will prove a disappointment to many but the fact that we had been awarded only one day, and that a Monday, and the desire to have a year's rest from the responsibility shouldered by a few, were the chief factors in the decision of the board.

Popular Alix Girl Weds

A quiet wedding took place at West Calgary Baptist Church on Sunday, June 16, at 4 p. m. when Kathleen Margaret Kraft, the second daughter of Mr. and Mrs. Wm. Kraft of Mission, B.C., was married to Mr. Edwin Leroy Kenworthy, son of Mr. and Mrs. J. W. Kenworthy of Rockyford, Alberta. Rev. V. M. Gilbert officiating. Miss Edna Kenworthy, sister of the groom, was bridesmaid, while the groom was supported by Mr. Richard Waddy, the bride being given away by her brother Mr. H. Kraft. The bride was becomingly dressed in a soft light crepe with hat to match and carried a bouquet of roses. The bride was lovely in a frock of this chin blue.

After the ceremony the happy couple left for a few days at the home of Mr. and Mrs. J. W. Kenworthy at Rockyford. The Free Press joins in congratulations.

There is a car crank away at work at the Free Press office.

Visiting Sunny Alberta's
Crippled Children

Here of little white ones out of doors in the sunshine, who make the shade, big boys and small girls on crutches and little toddlers and small crawlers, such was the sight that met the view of Red Cross visitors as they gathered in Edmonton at their gathering at the crippled children who are patients in the Junior Red Cross home of the 'University hospital.

It was of special interest to observe the nationality of the little folk. A little form set up in front with all the dignity and immobility of a brown Buddha and stood on its feet at the entrance. It was little Cherry Blossom from Japan whose mother is in the T. B. sanatorium and whose father travels in from his work in the country to visit his little three year old girl. Daily getting better Miss Japan has made great strides since entering the Red Cross wards.

From the mothers they came to her classed eyes we turned to the dark haired crossbow with the rosy eyes closely cropped, leaning over his cot to point his toy gun at some tiny toddler. Bailing from ear to ear and smiling, gleaming points of teeth gleamed around his face, then, thank you. It was little Hilda Kinnear from Sweden whose only language is her mother tongue and every smile he utters is a word of English on his speech. Susan took her how to it, then and then she is learning the Canadian greeting "Hello."

It was one and in a group of other girls all of whom are taking lessons daily from the visiting school teacher. Grades from one to eight are taught and according to their record sitting the child-

ren progress. The teacher of this hospital is then greatly relieved when the child is a happy and obedient to give.

The last was given to the nursery where a play girl baby was making eyes at a little boy of a year old. Both babies had adopted feet, and yet true tradition was undergoing in rock the little one that peeped out from the nest of plaster. The visitors were delighted with what they saw and standing by the "Tiny Tin Cup" moved to do their part for the least of them.

A Joke Wedding

A wedding of interest to our citizens took place in Stettler on Thursday of last week, June 20th, when Miss Pauline Lucas of Red Willow and Kolo Griffin of Lethbridge, formerly of Alix, were joined in wedlock. Rev. J. G. Goddard officiating. We join in extending congratulations.

Rev. Harden Will Farewell

The regular weekly service will be held in the United Church on Sunday morning at 11 o'clock. This will be Rev. Harden's farewell as he departs for his new field at Marvau. During his work here Mr. Harden has endeared himself with our people by his kindly, sympathetic disposition and we are sorry to bid him goodbye. Rev. E. Upton, who comes from Edmonton to take over the field will preach as follows on July 7th: Alix 11 a.m., Ripley at 2.30 and Mirror at 7.30.

Chauteau Returning in 1930

The program of the 1929 Chauteau, completed on Friday of last week, was one of the best ever brought to Alix under this organization and we are pleased to report that arrangements have been made for 1930. Instead of the regular guarantee a card was circulated asking for signatures over the number of tickets each party would contract to purchase and the result was such that a working committee was formed to bring back the chauteau next year.

Funeral for J. A. Waterman's Wife

Word came to us from Stevenson, B.C., of the death on June 19th, of Douglas, twin son of Mr. and Mrs. J. D. Waterman, at the age of 4 years and 3 months. The many Alix friends of the family, who moved to B.C. a short time ago, will join with us in extending sympathy to our old re-ents.

The committee in charge of the arrangements for July 10, Alix Sports Day, are working hard to make it go over big. We understand two prominent outside boosters have been procured and fast preliminaries are being arranged. On the racing program will be events in which all can participate, and then everybody can dance.

While clearing land on Friday of last week Mr. Morris Brown had the misfortune to be thrown onto a stump and is now suffering with three broken ribs.

Major Tom Wright of Grenfell, Sask., and his wife are spending the week end at the home of Mr. and Mrs. J. W. Keok.

Emmet Man, who has been attending school in Lethbridge, returned to his home here on Thursday.

PUT the Ford through its paces. It will be glad to take you for a run. Climb the steepest hill without effort. In dense traffic make the control that makes it first away in the green signal, and last to need the brakes when the red threatens. Note the ease and silent positions with which gears may be changed. Idle down to seven or eight miles an hour in high, or press the accelerator when the road stretches invitingly. You have an honest sixty miles an hour in your command if ever needed, or forty, in second gear, to meet traffic emergency. The car is alive!

—85 Degrees in The Shade And Baby

June 21st, 1929
It is 85 in the shade as this is being written with every prospect of being warmer. Half an hour ago a young mother was giving her baby an airing in his buggy. Sister baby was far from happy and didn't mind letting everyone know it; mother was dressed in a white sleeveless dress and wearing a shady hat; baby was wearing a hot woolen cap sitting 1 foot under his protesting little chin; he was tucked tightly into the buggy with several layers of blankets, and on top of that a nice warm wooly shawl, and although they could not be seen, it is almost certain he was wearing woolen stockings. Comparing mother's warm day outfit it is no wonder his protests were loud and long.

Baby face the heat just as much as mother does and suffers more because he cannot make himself comfortable. He has to wait until someone else thinks to do it.

In the summer, heat baby's clothes should be the minimum. If a mother has any doubt, let her slip her hand under baby's body, and if the little body feels moist, then he is too warm. Be lightly and cover lightly so that he is moistened only over his skin. This keeps him cool. Give him much water between feeds. He gets thirsty quickly in hot days.

Do these things and a happy contented baby will be the result.

For "Summer care of babies" send to the Canadian Red Cross Society, 407 Civic Block, Edmonton, Alberta.

The Edmonton Exhibition

One of the most interesting features of the Edmonton Exhibition, 50th anniversary celebration, July 15-20, is the daily events given by the band of the Princess Patricia's Canadian Light Infantry.

This regiment which distinguished itself so greatly during the Great War, was in order to participate in the same, made a unit of the Canadian permanent force at the close of the war. As such its band has followed a very high standard of excellence, and has not with the greatest success when touring to the United States and Great Britain. Everywhere in the States Captain T. W. James, the musical director and the members of the band were received with the greatest enthusiasm, and there was no limit to the praise given their playing. At the North Dakota State Fair, the crowd overflowed the stands and bleachers in order to hear the evening performance of the band, and similar receptions were met with elsewhere. In London, England, the visit of the band was prolonged by request because of the popularity of the band's programs were broadcasted to the pleasure of millions of listeners. There is no doubt that this band will be a great success at the Edmonton Exhibition.

There are few people who have not heard or read some of the tales of the "Arabian Nights" and we assure of their delightful oriental setting, arriving as a vehicle for all kinds of co-ordinated efforts and brilliant costuming.

These stories will be the theme of the grand evening program to be given every evening at the Edmonton Exhibition, 50th anniversary celebration, July 15-20, and with a thousand performers participating, the program is going to be a very magnificent affair.

Recall the magic happening in the stories of Aladdin and his Wonderful Lamp the richness of the scenes, their gorgeous yet beautiful character, it can be well realized that this program is going to be something extraordinary.

Keep in mind the 10th.

Low Hall Will Be Moved To
Make Room for New School

The meeting of the council on Monday evening last was given over to settlement and discussion of the public work done to date and it was shown that already the work had been double that of last year. The new cement bridge to the north road added considerable to the expense, work and material for same costing in the neighborhood of two hundred dollars.

Mr. Marryat appeared on behalf of the location for the new school and it was decided to have the town hall moved to another location and to turn the property vacated over to the school, thus making it possible to complete the new structure without disturbing the old school and making a much better site.

The recommendation from the Board of Trade that the village purchase an acreage on Haunted Lake as permanent auto park was laid over for future consideration.

A letter from the department was read to the effect that the date for hearing the appeal against the Court of Revision would be announced as soon as possible.

The case of the DeVlucht family came up for discussion and the secretary was instructed to write the Department outlining the facts of the case.

On the back page of this issue appears the call from the Alix School Board for tenders for the erection of the new school.

Smoking forests or smoking chimneys—
WHICH?

WE CAN'T HAVE BOTH

Over one-half of all Canada's industries depend on wood as a raw material. When the forest is destroyed mills must close down, railway earnings must suffer, trade must stagnate and prosperity must vanish.

Making

Low Cost Vacations.

Possible for thousands of
Residents in Western Canada

Increasing low fares for private automobiles, we regard this part of our work as a great and important public service. Always ready with new, equipped plan the experience which enables us to make for any movement with maximum to suit.

Summer—escape for a little while from the dull monotony of working days. Our low fares from May 15 to Sept. 30 (with a final return last Oct. 31, 1929) make it easy.

Our trains pass through a territory replete with ample grandeur, of historical and educational value to the traveler. Nothing superior to our sleeping and dining car service. Radio no added feature on our trains.

THINK IT OVER

Whether vacation season you have in mind, our road agent will be pleased to give you assistance. He will be glad to quote lowest fares and make all arrangements for you—or write J. MADILL, District Passenger Agent, Edmonton.

A Brief Wedding

A quiet wedding took place
in the United Church, Bassif,
on Saturday, June 29th, at
2 o'clock, when Miss Mar-
garet Jean Curr, R. N., daugh-
ter of Mr. and Mrs. Robert
Curr of Mirror, Alberta, and
George Lowry Tidbury, only
son of Mr. and Mrs. Robert
Tidbury of Vancouver, were
united in marriage by Mr.
T. H. Lonedale.

The happy couple left on a
motor trip through the moun-
tains and will afterwards
reside in Calgary.

W. G. Patrick of Camrose
was enjoying himself among
his many old Alix friends on a
day this week.

Haying is under way.

ITEMS OF INTEREST

Don't miss the Saturday night dance
Miss Elsie Brown, who has been teaching school near Breton, returned on Saturday to her home here.

Miss Kathleen and Isabel Mann returned home from Lethbridge on Friday for the summer vacation. Kathleen is a member of the Lethbridge teaching staff and Isabel has been attending the Conservatory of Music.

When school reopens after the summer vacation the teaching staff will be unchanged, with the exception of one of the intermediate rooms. Miss Harriet Stone replacing Miss Kenis who, we understand, intends signing up a new class and we are certain the new firm will be prosperous.

Mr. J. S. Slight, Slight Specialist, Graduate of Canadian Ophthalmology, will be in the city to visit to Miss Wednesday, July 17th, at the Happy Valley Hotel.

The Board of Trade at its last meeting appointed a committee to meet the M. D. Council at its next session, on August 1st, to discuss the proposed new road leading south-west from town passing C. McDermas's.

Mr. and Mrs. Alfred Gilmore of Harristown have been spending a few days visiting among their many old friends in this district.

The regular monthly meeting of the Lamerton Municipal Council will be held tomorrow (Saturday).

Mr. and Mrs. Peacock left Tuesday by motor on their two months' visit to the old home Orangeville, Ont. During their absence Mr. Verwood will be in charge at the store.

Mr. Marion Lums of Calgary arrived on Saturday to spend the week-end with his family.

Chas Anderson of Edmonton was in town the final two days of last week shaking with his many old friends. He has been appointed representative in this district for the MacDonald-Dewar people and we expect to see him often.

Dr. A. B. Watson, dental visit will pay his next visit to Ailsa on Saturday, July 15th, from 9 a. m. to 5 p. m. Monday and every first and third Monday of the month hereafter.

At a recent meeting of the Board of Trade, held in the Legion Hall, the main business under discussion was the acquiring of a permanent acreage on Haunted Lake as an amusement. The committee in charge were instructed to secure the price on a site, some 15 acres on the west side of Haunted Lake, and adjoining the C. P. R. tracks on the east side. The committee could not yet make, investigate the availability of a lease. This beach is one mile east of town and is a very desirable property.

Nurses Merle Kenis of Calgary is holidaying at the home of her parents here.

Mr. G. H. Norris, having disposed of his well practice here, is holding a large section of his household effects on Saturday, July 27th. Watch for posters.

Our citizens will join with us in extending sympathy to Mr. and Mrs. Clarence Graham of Nelsin in the loss of their only son, who was killed in the Stettin hospital on Sunday last. Burialment took place in the Ailsa cemetery on Monday, Fort Saskatchewan.

Miss Muriel Shackleton of Rupert Saskatchewan has been spending a couple of days with her sister Ruth.

Mr. W. H. W. of the University of Toronto has been spending a few days at the home of his brother, Dr. W. H. W.

W. T. Whitlaw of the C. P. R. Colonization Department, Edmonton, was a caller in town on Tuesday.

A number of our citizens attended Calgary Fair.

A request from the C. P. R. for clay samples from this district has been made to a committee of the Board of Trade to look into the matter. Some of our citizens have had some bricks made from the clay and this is a follow-up on the results of the test. We understand the results will be ready in a few days.

The frequent showers of the past week have proved a blessing and crops which had been in danger of failure are stretching up and the garden produce and orchard gardens have also greatly benefited.

Mrs. Barbara of Kanton has been spending a few days with her mother and three weeks at the home of Mr. and Mrs. Wm. W. Loughridge.

M. D. Council Have Spent Close

To \$25000.00 On Public Works

The regular meeting of the municipal council was held
on Saturday last with all councillors present and Deputy
Reeve Cockran presiding.

The case of Ian Clark of Nevis, who has been sick for
several months, was discussed and relief granted in the way
of provisions.

Report from Dr. Macnab of Glace stating that on ex-
amination of Roy Lawson of Tees, he found that he was
still unfit for work, was ordered paid.
On motion of Stevenson it was decided to pay the
University Hospital the sum of \$300.00 on account of A. P.
Stone.

On motion of Sherburne the secretary was instructed
to have Fred Brodie appointed to the Salvation Army
Home and to have the De-
partment of Public Health to as-
sume a portion of the expen-
se in this case.

The application of Mrs.
Hinsbeck of Clive for moth-
er's allowance was ordered
tabled until next meeting.

Application of Mrs. Mar-
garet Lyndberg for restaurant
license at Nevis was approved
on motion of Forcht.

Mrs. R. T. S. and Neville
Jarvis of Bashaw appeared
before the council in support
of a petition praying for the
opening of a new road along
the north side of Sec. 8 41 21.
On motion of Stevenson it
was decided to write to the
Department of Interior for
permission to build this road
on the lake shore.

Delegation from the Alix
Board of Trade composed of
Messrs. Thompson, Linsen,
MacIn and Dito, appeared
before the council asking that
the road east and west from
the south side of Sec. 26 29-23
to the west line of Division 2
be improved. Rev. Collins
in whose division this road
lies, agreed to include this
road in his 1930 estimates.

A letter from Dr. Shore
asking \$125 as compensation for
the road forced through the
N. E. of 27-39-23 was read
and passed for payment on
motion by the reeve.

Agreement between John
MacIn and the municip-
ality granting the latter
permission to build a road
through the N. E. of 7 and
S. W. of 18 30-24 was read
and accepted on a motion by
Sherburne.

A contract between the M.
D. and Arthur Lakeman for
the cutting and burning of
the brush on the road allow-
ance between Sections 26 and
27, 27 and 28, 33 and 34, 34
and 35, all in Tps. 39, 24 was
read and approved for the
sum of \$85.00.

On motion of Sherburne it
was decided to apply to the
Bank for an increase
in our credit up to \$49000.

SERVICE OUR MOTTO

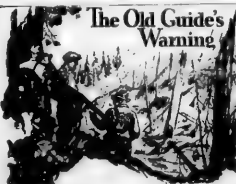

THE BEE AND THE BUTTERFLY

The bee visits one flower — it may be clover, or bass-wood, or buckwheat — and sticks to that one. Thousands of flies—but always clover, clover. The butterfly flits from one bloom to another, without system or settled purpose. The butterfly is a shopper; the bee is a regular customer.

Why Be a Shopper?

The regular customer has the advantage over the shopper at all times; not because of discrimination of price, but he has learned where to get what he wants when he wants it. Our merchants with their fresh stocks of groceries, dry goods, groceries, boots and shoes are always at your service and as they become better acquainted and understand your requirements, they will be better able to render to you, as a regular customer, a better and more satisfactory service.

YOUR EYES

I have been paying a professional visit to Alix
every month for the past six years and you
will not wonder that you will receive the
same satisfactory optical service that you have
received from every other optician of Alix & District

H. J. SNELL

Registered Optician and Manufacturing Optician
SINCE 1902

Will fit Alix every third Wednesday of the month.

A FRIENDLY CALL FROM AN OLD PIONEER

Mr. Valentine P. Neis, one
of the real old timers of this
district, paid us a friendly
call last week, and despite his
84 years he looks hale and
hearty and with his genial
disposition, causes keen in-
terest at his reminiscences of
his early experience in Alber-
ta. The accompanying photo
is "Val" in his early fifties.
Yes, he's just as good look-
ing now, although he wears
his whiskers a little different,
and his looks are shorn.

Passing of An Early Settler

Another of the early set-
tlers of the Alix district passed
to his reward at his home on
Sunday morning, July 21st,
aged 74 years and 9 months.

Deceased was born in Dela-
ware County, Iowa, moved to
Kansas when a young man
and at Toronto, Kansas, was
married to Mrs. Mary Handel
and brought his family to
Alberta in 1901, taking up
land east of town which has
ever since been his home. He
was one of the most respect-
able and residents of the Buffalo
Lake district and a life member
of the Church of Christ.

He leaves his wife and three
sons, A. P., E. W. and C. E.,
12 grandchildren, and a large
circle of friends to mourn.

The funeral took place on
Monday to Alix cemetery,
Rev. L. M. Doughty of Ardley
officiating. The pallbearers
were members of the M. W.
A. of which deceased was a
member, namely: A. Ray, C.
J. Kestel, J. Hornum, F. Allee
P. Neis and C. Brewster.

Short Local Items of Interest

Mr. T. Ralston and sister
went to Brooks on Thurs-
day to attend the funeral of
Mrs. W. J. Gaud who was
drowned in Spirit Lake on
Tuesday afternoon. Deceased
took a dive and it is thought
she was stricken with heart
disease as she failed to come
to the surface. Her husband
and three children survive.

Mr. and Mrs. E. Bray re-
turned on Wednesday from a
motor trip into the district a
hundred miles north of Ed-
monton.

After spending a week with
her friends here, Mrs. Lorne
Bray returned to Drumheller
on Wednesday.

Miss Jean Hester of Le-
combe is holidaying at the
Bluest home.

Don's also the British
3rd Annual Stampede and
Sports Day the last two days
of the month, July 30th and
31st.

Returning Home From Trip

Rev. W. J. Kent of Lesser
Slave Lake, has been spend-
ing the past few days at the
home of his daughter, Mrs.
Mansel Smith, while on his
way home from visiting with
friends in California. When
he entered the U. S. he left
the train for the new coun-
try routes in which he
journeyed over 3000 miles.
They are equipped after the
pullman car style with sleep-
ing and parlor accommoda-
tion for twenty-four passen-
gers and are most comfortable
to travel in. He enjoyed his
trip very much.

Arson and Forgery

Brings Long Term

Two years imprisonment
was the sentence imposed? by
His Honor Judge Crawford
in the district court on Fri-
day on Cecil Stanley North,
charged with arson and for-
gery. He pleaded guilty on
both counts and was sen-
tenced to two years on each,
the sentences to run concurrently.
The crimes were committed
at Tera. A. H. Gibson acted
for the crown while accused
was not represented.—Ed-
monton Bulletin.

The above has reference to
the burning of the Alberta
Pacific Elevator at Tera in
June last.

Like Gals Go To Camp

Francis and Grace Pattillo
who are in camp at Gail Lake
report a splendid time, and
sixty girls and boys in atten-
dance. Three boys and girls
were camp as a reward for
mounting five hundred bibles
vernon, the offer having been
made in March by the Francis
Bible Institute at Tera
Willa.

Jimmy and Steaky White-
field are spending a few days
holidaying with friends at
Big Valley.

Mr. and Mrs. Mathews of
Victoria spent a couple of
days this week at the Wm.
Langbridge home.

Mary R. McQueen returned
home on Tuesday from holi-
daying for a week with friends
at Husky.

We are sorry to learn that
Mrs. C. C. McDermann, who
has been travelling some time
has received a paralytic stroke on
Wednesday of this week and
is in a critical condition.

The next arrival in Alix on
August 14th is Hoot Gibson
in "King of the Road."

Kidnappers Will Plead

The Oddfellows of Mirror
have issued an invitation to
all members of the order and
also Rebekahs to join them
in a picnic at Mirror on the
8th August, Thursday of
next week. A list of sports
is being prepared.

The enclosure for the new
school has been completed
and is now ready for the com-
ment work.

ANNOUNCEMENT

Mr. R. R. Waller, L. L. D., Barrister, Solicitor and Notary Public, begs to announce, that having purchased the practice of Mr. G. G. Norris, he will continue the practice of his profession at the old office, Main street, Alia, with attendance at Clive each Monday from 9 to 1 A.M.

Sunshine Trail Convention

Rancho is one of chief importance to all motorists in the Sunshine Trail Convention at Lethbridge on Monday, August 5th, which will be attended by members from all parts of Alberta and Montana. The "what to organize" boosters will be out in force and will include in their number some of the leading highway officials in Montana. Last year there were 150 delegates at the convention at Great Falls, but it is felt that those figures will be shattered this year.

Both Montana and Alberta have done much to maintain the highway program in that state and province. Today, the Sunshine trail, known as the business man's highway, extends from the Peace River southward through Calgary, Sweet Grass, Cochrane, Great Falls and Helena, and on to Butte and the Idaho line. Practically all of the southern and central Alberta section has been granted, with the exception of one stretch between Lethbridge and Warman.

Alberta members are urged to turn out in large numbers to attend this convention, making it possible that this will be the best meeting ever held here.

From reports the hay crop is very good.

Miss Dorothy Graham of Ponoka is holidaying at the home of Mrs. C. M. Yarwood.

We extend congratulations to the pupils of Grades eleven and twelve, several of whom have passed in the clear, while a number of others have failed in one or two subjects.

New Bulletin Of Alberta Wheat Pool

A second interim payment on wheat delivered during the past crop year was announced by the Alberta Wheat Pool on Wednesday, July 31st. The basis of payment is:

1 Northern 17½c	2 Northern 14c
3 Northern 13½c	4 Wheat 18½c
5 Wheat 12c	6 Wheat 4c
7 Wheat 3c	8 Wheat 3c
9 Wheat 3c	10 Wheat 3c
11 Wheat 3c	12 Wheat 3c
13 Wheat 3c	14 Wheat 3c
15 Wheat 3c	16 Wheat 3c
17 Wheat 3c	18 Wheat 3c
19 Wheat 3c	20 Wheat 3c

Besides the above, payments were made on something like eighty other grades ranging as high as 46 1/2c on three tough smutty wheat, to as low as 3c on broken wheat.

The total amount of the payment made by the Alberta Pool was over eight million dollars. There will be another payment during the coming fall. Deductions for elevator and commercial reserves and for operating expense, totalling 4¢ a bushel, have been made from the payment to members. This amount is slightly more than will be required but the exact figures will not be available for some time yet, at the end of the Pool's business year. When the final figures are available the excess will be refunded to members along with the final payment.

Taking every phase of the marketing year into consideration it must be admitted that this interim payment is on the whole a very good one. It may appear to some that the payment on No. 6 and feed wheat is proportionately small, but it must be remembered that when the initial payment on the higher grades was cut from 81 to 85c last fall the payment on No. 6 and feed wheat was cut only by 5c a bushel.

The 1928-29 crop year was a difficult one for the Canadian Wheat Pool because of the unusually heavy production the world over. Canada raised a record crop—about 530 million bushels—and Argentina, Australia and the United States all had very large crops of wheat.

Coming as it does at a time when crop generally are none too promising this Pool payment will be thrice welcome. The size of the payment will undoubtedly be a surprise to some for it was predicted during the low rate of wheat prices in the spring that the Wheat Pool might possibly be unable to make further payments.

On the new crop the Wheat Pool has announced the initial payment will be on a basis of 110¢ a bushel.

August is coming in just as dry as July has been.

CANADIAN NATIONAL

THREE dollars to remember it's buying silk gloves:

1. Pure silk, wears best as well as looks best.
2. Cheap dirt ruins the fabric, leaves the wear.
3. Get as good a fit as if you do in silk or wool.
4. It is just as important.
5. BUT if you are careful to get

FOWNE'S GLOVES

You can forget all other things, because "if it's Fowne's, that's all you need to know about a glove." For one hundred and thirty years, one ambition, one accomplishment: to make the best gloves in the world for Men, Women and Children.

Village Council In Session

The regular meeting of the
village council was held last
Monday evening with all
the members present.

The finding of the assess-
ment board in the case of the
Calgary Power Co. vs. the
village, was read. The com-
pany had appealed against
the right of the village to tax
their service lines, and after
considering both arguments
the assessment was upheld
and the company must pay
taxes.

The board in its decision
on the appeal of the Central
Alberta Creamery against its
assessment, gave better than
a fifty-fifty decision, cutting
the levy from \$15,000 to \$13-
000, the creamery had asked
for a \$10,000 assessment.

The matter of caring for
the DeVlindt children, for
which the village is paying
\$30 per month, came up for
discussion and it was decided
to remove the children to
another home if possible.

A letter was read from the
department confirming the
appointment of W. L. Pettit
as auditor for 1929.

A communication from the
Calgary Power Co. informed
the council that Mr. Tanser
of Mirer was their trouble-
shooter for this district and
a phone call would bring him
over at any time without ex-
pense, provided the trouble
was on the line, otherwise
there would be a small fee to
cover expense.

The monthly accounts were
passed for payment and the
meeting adjourned.

W. L. Conference In September

The date of the Lacombe-
Ponoka Constituency Con-
ference of the Women's In-
stitute will be held in Lacombe
on Thursday, September 5th
opening session at 1.15 p. m.
A large number of Alix ladies
contemplate attending.

We understand that Fred
Meadows, who has been the
teacher at Carroll School,
will be principal of the Great
Bear school next term.

Mr. and Mrs. Clark and
family have returned from
their two weeks' camping at
Gull Lake.

Lawyer Wallace was a busi-
ness visitor in Red Deer on
Thursday.

Mr. and Mrs. G. A. Lincoln
and boys have been spending
the past week holidaying at
Calgary.

The next movie in Alix on
August 14th is Hoot Gibson
in "King of the Rodeo."

Born - West of Alix on
August 7th, to Mr. and Mrs.
C. B. Wain, a son.

Mrs. Cook will move next
week to her home on Niblock
street recently vacated by Mr.
Norris. The house she is va-
cating has been rented by two
of our school teachers.

Mr. and Mrs. J. W. Enns
and Stanley and Mr. and Mrs.
Gordon Ellis of Bashaw,
have returned from their mo-
tor trip to various towns in
Saskatchewan.

ITEMS OF INTEREST

Don't miss the Saturday night dance.
We understand wedding bells will ring tomorrow.
Mr. and Mrs. H. J. Stevens and little daughter Janet
Edmonton were Sunday visitors at a wedding here. Much
at present doing the engineering work for the govern-
ment on the beach at Gulf Lake.

**Mr. E. Hunter and daughters Tenna, Evelyn and
Beta, and Miss Stander of Lacombe, have been spending
several days visiting among their many Alta friends.**
Mr. and Mrs. W. J. Brown have moved to a residence
on Jamison street.

**Mr. C. E. Stone, daughter Harriet and son David,
have returned from a motor trip through the States, going
as far south as Kansas.**

**Misses Jean Vempie and Nan Howe are in line for con-
gratulations on having passed their grade eleven exama-
tions, the former with honors.**

**A pleasant afternoon was spent at the home of Mr.
and Mrs. Ives on Friday last week when some thirty
party friends of Miss Elsie Soren gave her a beautiful
most shower. The bride-to-be received many beautiful
and useful articles and the company then partook of a
luncheon served by the hostess.**

**Mr. Garthoff of the Royal Bank staff has gone on a
two week's tour to Calgary.**

**Mr. J. Smith, Sight Specialist, Graduate of Canadian
Ophthalmic College, will pay his next visit to Alta on
Wednesday, August 21st, at the Happy Valley Hotel.**

**Mr. Upton has gone on a three weeks' holiday, re-
turning to his home on the 1st of September. Next
Sunday at 7.30 p. m. the service will be conducted by Rev.
Smalley and arrangements will be made later for the two
following Sundays.**

**Miss Geneva Brown, who has been attending summer
school at Edmonton, returned home on Saturday.**

**The regular monthly meeting of the council of the M.
D. of Lacombe will be held tomorrow (Saturday).**

**Mr. H. Howson is on a three weeks' visit to her hus-
band who is farming near Hanna.**

**Mr. and Mrs. Alex Rodoloff of Inisfail are holidaying
at the home of their parents here.**

**A number of our farmers started cutting wheat this
week and notwithstanding the very light crop, we believe
that the cutting down in the expense of handling coupled
with the high price of wheat, will in a large number of
cases run the income far beyond the farmers' expectations.
The estimates run from 5 to 30 bushels per acre.**

**We understand that with the opening of the school
last term, Howard Carroll will be the pedagogue at Carroll
school.**

**Mrs. Whitefield is enjoying a visit from her sister, Miss
Ruth Kittelson of Meeteet Creek, and a friend, Miss E.
Richman of Big Valley.**

**The material was unloaded this week for our new
school, lumber, tile, brick, cement, furnaces, lavatories, etc.,
and construction work is well under way.**

**The heavy showers over the week and, followed by
cool cloudy days is working wonders with crops.**

The Municipal Council Held Their Monthly Session

The regular monthly meeting of the council for the M. D. of Lamerton was held on Saturday afternoon last with all members present and Reeve Tillman presiding.

The minutes of the meeting of July 13th were read and approved.

John Pawcett of Nevis appeared before the council asking their approval of a restaurant license at Nevis. The application was approved on motion Councillor Cockrill.

D. Lakeman was present and asked the council to provide him with a road from his land, the N. W. 1 of section 7-40-43, to the new highway. On motion Councillor Forcht the matter was left in the hands of the referee.

Further correspondence in regard to the care of F. Bodola was read and on motion of Councillor Forcht it was decided to pay the City of

Calgary Relief Department \$18.75, being expenses incurred by them.

W. D. Shular appeared before the council in regard to a direction surveyed in the N. E. of 22-41-24, and on a motion by Councillor Forcht this survey was cancelled.

Notices from the Old Age Pensions Department advising that applications had been received from Mrs. James Tension and James Craik of Tux. The first was approved and the latter was on the table till next meeting.

On motion Councillor Gillis the rate of pay for man with tractor was set at \$7.50 per hour and that of grader man at \$5.00 per hour, straight time, except for the first and last mow of the season.

The secretary's monthly financial statement was read and adopted.

On motion on Stevenson the secretary was granted three weeks' vacation next month.

After passing the regular bills and paying the meeting adjourned at 6 p. m.

Popular Young Couple Wed

The home of Mr. and Mrs. M. O. Borum was the scene of a pretty wedding on Saturday evening, August 10th, when their daughter, Miss Leona, became the bride of James Norral Robeson, second son of Mr. and Mrs. D. J. Robeson of Edmonton. Rev. G. M. Morgan performed the ceremony.

The bride, who was given in marriage by her father, wore a lovely ensemble of navy georgette and carried a beautiful bouquet of gladioli. Miss Laura Tomlinson of Stettler, the bridesmaid, was gowned in rose beige georgette and also carried gladioli. Mr. Hector Robeson, brother of the groom, was best man.

The wedding march was played by Mrs. A. Thompson. The bride's mother was beautifully dressed in navy blue satin. The bridegroom's

mother wore a gown of night blue georgette.

After guests had extended their good wishes to the bridal couple, the company sat down to supper. Covers were laid for about thirty guests, Mrs. I. Borum, Mrs. A. Ray and Mrs. A. Thompson assisting in serving.

Mr. and Mrs. Robeson are spending their honeymoon at Dead and Lake Louise and on their return about Aug. 25th will make their home in Alix.

The bride traveled in a light ensemble of red and white silk crepe, with white hat. The bridegroom's gift to the bridesmaid was a silver vanity case and to the best man, gold cuff links.

Nurse Maglen entertained at dinner on Wednesday for Dr. and Mrs. Demore of Bashaw the doctor having recently sold his practice and with his family will go east for a well earned rest, then later he will enter McGill for a post graduate course.

Three Botha Girls Drown in Buffalo Lake on Sunday

Dropping suddenly into a hole at Botha beach on Buffalo lake, near Ruchon Sands, on Sunday afternoon, Mary Horton aged 15, Francis Horton aged 14 and Edna Payne aged 14, were drowned before help could reach them. A party of young boys and girls had gone to the beach for a picnic and went in swimming. Jostling hands they waded out when the entire party suddenly dropped over the "step off." A few could swim a little and managed to scramble back, but it was a few minutes before the disappearance of four of the girls were discovered.

None of the boys in the party was a good swimmer and could do nothing. A bystander on the beach noticed the trouble and immediately ran to inform Edna from Botha beach, a short distance away, where there was a picnic party.

Sprinting back, several young men who were able to dive, plunged in after the missing girls. Irene Armstrong was discovered floating in an unconscious condition and upon being brought to shore recovered consciousness. The other three girls could not be recovered until all hope of resuscitating them was past.

The triph funeral took place at Botha on Tuesday.

Miss C. B. Pettullo, vice principal of Garneau school at Edmonton, is staying at the home of her brother here.

A road foreman in Alix district: "Well, the road is good as a whole."

Up Among The Leaders

In the Edmonton Bulletin's subscription contest, running for two weeks, Mrs. G. A. Thompson of Alix was the holder of fifth place among fifty contestants throughout the province, and while she was not one of the car winners, her prize was well worth the effort, and it was to be congratulated on her success. In all she was winner of some \$750 in prizes.

New Game Regulations

Several changes in the game regulations are announced in the current issue of the Bulletin. A short open season on grouse, chicken and partridge is declared effective north of the Red Deer river from October 1st to 15th inclusive.

Deer hunting is prohibited in the eastern part of the province, roughly bounded by the C.P.R. line from Macleod to Edmonton on the west and the North Saskatchewan river on the north.

A shorter season for hunting Hungarian partridge has been ordered, running from October 1 to 15. It formerly covered the whole month of November.

Mr. Warren entertained a number of the young people to a winter coast at Banquet Lake Beach on Tuesday evening to meet her guest, Miss Brown of Delburne. There was a delightful time.

Mr. E. Parley of Calgary is spending a few days with his many Alix district friends. We understand he will move his family back for the major portion of the winter.

Mr. and Mrs. J. E. Nix of Edmonton announced the engagement of their eldest daughter, Mabel Naomi, to Nelson T. Chappel, son of Mr. and Mrs. J. Chappel of Winnipeg, Ontario, the marriage to take place early in September.

Miss Nix is at present the girls' work secretary of the Provincial Girls' Work Board.

ITEMS OF INTEREST

Don't miss the Saturday night dance.

Mr. and Mrs. Fred Turnbull of Red Deer were guests at the H. H. Mass home over the week end.

Miss Ruth Shackleton of the Royal Bank still has gone to her home at Fort Saskatchewan for a two weeks' holiday with her parents.

Mrs. Wallace Demers, after a few weeks' visit with her parents here, Mr. and Mrs. J. Hamilton, returned to her home at Chaudiere on Saturday.

Mrs. F. R. Mitchell is spending a couple of weeks with friends at Consort.

Under the auspices of the Public Health Department a "Baby Clinic" will be held in the W. L. West Room, Alix, on Tuesday, August 27th, from 1 to 4 p. m. and all mothers are invited to bring their little one for free health examination.

Pool Will Pay 25 Per Bushel For Farm Storage

Over 400 agents of Alberta Pool Elevators were assembled in Calgary last week at a four days' convention and every phase of the Pool Elevator business was fully discussed. E. W. Wood, chairman of the Board of Directors of the Alberta Wheat Pool, in his opening remarks strongly recommended that the agents should best serve the Pool's interests by dealing with the members with the utmost fairness. He pointed out that there was no incentive under the pool system of elevator operation for any agent to deal unfairly with any member. "The pool elevator system is not operated for profit, he declared, but solely on the basis of service to the membership."

Following the set-off on the 15th of July when the 1928-29 Pool was closed, the Alberta Wheat Pool is taking court action against Pool members who failed to deliver all the wheat they raised during that crop year. The Pool contract calls for the delivery of all wheat raised by each Pool member within the confines of the Province and the stipulated penalty for infractions is 25 cents a bushel. While the great bulk of the members are loyal, there are some who have apparently overlooked their legal obligations, and the organization is taking energetic action against the latter. It is claimed by the pool that court action is undesirable but at the same time it is not fair to the bulk of the membership for a comparatively small number to act dishonestly and flout their contract.

R. D. Purdy announced at the convention that the Alberta Wheat Pool now owns 435 elevators spread over the length and breadth of the Province. This is an increase of approximately 135 over the number operated last year, and makes the Alberta Pool easily the largest elevator organization in Alberta. The pool has now facilities to handle approximately 90 per cent of all pool wheat.

The Alberta Wheat Pool will pay farm storage to pool members who hold their wheat on their farms until Dec. 2, amount being 2 cents per bushel.

This Week's Tees Findings

Dave Volter spent the week end visiting with friends and relatives at Stollhof.

Mr. and Mrs. Len Gebhart motored in Calgary on Thursday of last week returning home on Saturday.

Mr. Bruce McMillan arrived home on Friday, he is in company for the big dance.

Don't forget the big dance August Friday 16th. Charlie Big 5 pieces orchestra playing bring your friends and come have a good time—everybody come.

Memo and Lily Laveaux arrived home on Sunday from Hazy where they have been taking a vacation at the Thunder lake for three weeks.

Miss Glen Stewart of Poncha is visiting friends and relatives here in Tees.

Mr. and Mrs. H. G. Albers have finally returned to Hazy Lake on Sunday, stopping at Red Deer and getting Jack, they were guests of Mr. W. F. McKinnon and family Mrs. Mary and Dorothy of Edmonton, who have the "I" Inn "I" cottage, Hazy and Hazy on Sunday evening to pick up Jewellery & Watch repairs.

The little rain we had is brightening things up a great deal. The per cent of the rain is out.

A number of the Tees were not attended a dance at Hazy Tuesday night. They reported having had a very enjoyable time.

Alx High School Makes Good Showing

Under the tuition of Miss Geneva Brown, the high school grades, IX, X and XI, made the best showing credited to the Alx Consolidated School for some years. Under the unit system the per centage of passes was 72, while 32 per cent passed in the clear. There were 31 pupils in the three grades of which 10 passed in all subjects, while a large number failed in only one or two units.

RESULTS OF THE EXAMS PER PUPIL
Grade IX (5 subjects)

Priscilla Brown, Fanny Brown and Willie Lehman were successful in passing all subjects.

Lola Anderson failed in history and general science.

Andrew Bisset failed in composition and geometry.

Mildred Clark failed in general science.

Mable Gray failed in geometry.

Harbottle failed in composition, algebra, geometry.

William MacFar failed in algebra and geometry.

Grace Tupper failed in history and geometry.

The other two pupils in the grade failed in four and six units.

Grade X (7 subjects)

Three pupils in this grade were successful in passing class: Joan Norris, Mary Sample and Ruth Topleir.

Marjorie Bullivant failed in geometry.

John Mackie failed in literature and art.

Dennis Mervat failed in literature, composition, history.

Fred Rouse failed in literature, composition, art, history.

Irma Thompson failed in literature.

Six of these students had carried over units from the previous grade, 18 in all, and there were only 5 unit failures.

Grade XI (9 subjects)

Four pupils have completed this grade and qualified for normal: Annie Howe, Alice Sargent, Jean Semple and William Breda.

There were 11 pupils in this grade and the failures were from 1 to 5 units. Katherine Gray lacked two points of passing in the clear.

The pupils of this grade had carried over 20 units from the previous year and there were only 3 unit failures.

Carl Carroll qualified for Normal by writing off history on which he received a 95 mark.

United Church Presbytery

To Meet in Alx Next Month

The next meeting of the Three Hills United Church Presbytery will be held in Alx on Tuesday, September 3rd, at 2 p.m. The ministers and lay delegates from the various churches between Carbon on the south and Bashaw on the north will be in attendance. It has been customary for the local friends to provide billets for the visitors, and this will be very much appreciated. Business of the usual routine character will occupy the afternoon session.

In the evening the Rev. Richard Upton will be inducted into the Alx and Mirror charge, when addresses will be delivered by Rev. William McElchell, Rev. Thomas Taylor and Rev. C. B. Oakley.

Mrs. George DeFoe of Rosbrod is at present a visitor at the home of her brother, A. S. Hewitt.

Fred Mattie left Thursday morning to spend the harvest and threshing season near McLeod.

Richard Clark, Tom and Ada Docherty and Clayton Walker returned on Wednesday from an eight days' outing at the C. S. E. T. Boys' Camp at Bar Harbor.

The date of the Lacombe-Pondosa Constituency Conference of the Women's Institute will be held in Lacombe on Thursday, September 5th opening sessions at 1.15 p.m.

HORSES ESTRAY

The following described animals broke out of the pasture at the Experimental Station, Lacombe, on July 17th. Any person seeing these horses please notify F. H. Red, Superintendent, Experimental Station, Lacombe, Telephone 25, or W. A. Cuddy, Phone 220, Red Deer.

BAY MARE, 7 years old, white star on forehead, high hind fetlock and inside of hind fetlock white, branded R on right shoulder, weight about 1400.

LIGHT BAY MARE, 4 years old, both hind legs white to hocks, front fetlocks white with white on face, branded 78 on right shoulder. Both mares owned by W. A. Cuddy, Pine Lake, Alberta.

Cars Bump On Main Street

Two cars, one driven by G. Wallace of the Happy Valley Hotel, and the other by F. McDonald of Mirror, collided at the corner of Main street and Alberta Avenue on Tuesday last. The damage was not great, a bumper was torn from one car and a fender of the other was badly crushed, but it was a close call and might easily have been worse. Both cars were travelling south and it was when the Mirror driver attempted to make a turn at the intersection that the bump occurred.

The attention of our farmers is directed to the Wheat Pool advertisement on the back page of this issue.

Over A Million Cars This Year

For the first six months of this year the Ford production was 1,065,630 cars, but still they claim they are not able to keep up with the demand. The nearest competitor was the Chevrolet with an output of 824,725.

Four Down In Buffalo Lake

During the heavy wind storm of Tuesday afternoon a sad drowning took place at Rochon Bend. A man and his two sons and one-in-law from Hanna were down when their boat was swamped. A young son, also in the boat, was saved. They were rowing back from the island and were but a quarter of a mile from shore when the storm struck them.

A million dollar fire swept the greater portion of the business section of Lloydminster from the map on Monday morning last. The fire was one of the worst outbreaks in western history.

Mr. and Mrs. J.B. Macle

and Miss Jean were Calgary visitors the initial three days of this week.

Mr. F. A. Strub and family have been camping at Pine Lake for the past week perching fishing.

The U. P. W. A. are holding a sale of baking on August 13th (Saturday).

Mr. and Mrs. E. Freeman, after spending the summer at Alix, returned to their home at Vegreville on Saturday.

At a special meeting of the Women's Institute on Monday afternoon last the ladies of the painting of their new room in W. Vailburg, the work to be done at this convenience.

On Monday evening next, August 20th, the Robins Lodge will have a visit from the Assembly Warden, Mrs. M. MacGregor of Lethbridge and all members of the order are cordially invited to this meeting.

Ralph Yarwood left on Thursday for Grassy Lake to pick up his household effect and move to Roundels where he will teach for the ensuing term.

A number of our townspeople motored to Sylvan Lake on Sunday to see the lacrosse game, the first ever witnessed by some of them. Jack Pears says it looks to him like a 50-50 proposition, but as for him, he would just as soon "show 'em off."

While working a pump engine last week, Nels Webster met with a painful accident. He had tied the chain, which was broken, to the wheel, and after the engine started the crank caught in a sack, which he was holding and flying up hit him full in the face, considerably bruising him and blackening his eyes. -Beehive Star.

The date of the Lacrosse-Peoples Consistency Conference of the Women's Institute will be held in Lacanville, on Thursday, September 5th opening session at 1:15 p.m.

We Are Boosters For Our Town, Join With Us

EASY OPTIMISM

It is so easy to be gay, when pleasant things all come your way. We have no aches in bones or jaws, and pains feel infirm our shoes, and we have pins of every brand; that my monarch could demand, our purses are not lean and lack, we have a package in the back, and we are idly staid and sing and wave our hats like everything. We take great credit to ourselves for being jolly, cheery, wise, we are spreading sunshine near and far and look with scorn on those who'd mar the gladdens of a perfect day by putting up mournful bray. "It will not help them to lament," we say of fellows brayed and bent by dire misfortune's savage blows. "When one is lifted up the more, it does no good to raise a fuss—he ought to smile around him." It is so easy to rejoice when there is no discordant voice reminding us of debts we owe, or sickness or of other woes, when our employment will endure, and our circumstances are secure, when we have ladders stored with trips, and coupons daily growing ripe. We're not such patients with the tale whose map is laggard, drawn and bent, because the sheriff closed him up and led away his cow and pup. But when misfortune comes along, and we see everything go wrong, when we must quit the life, when we have gone for barter's life, I fear our smiles will drop the hope and we will weep in mournful groups, while other fellows, free from care, reproach us for our bleak despair.—Walt Mason.

The Week's Tea-Tellings

Born—On August 14, to Mr. and Mrs. Sophia Harris, a son.

Miss Valeria Weatherill was a Lacanville visitor Wednesday and Thursday of this week.

Len Gebhart arrived home on Tuesday after spending the week end at Calgary.

Levin Lewis left for Vulcan on Wednesday where he plans on staying through the harvest.

Mrs. Orie Conrad and son Clarence arrived home on Tuesday. She had been visiting her sister, Mrs. Stewart of Pooka.

Mr. C. E. Gebhart went to Edmonton on Saturday.

K. D. McDowell and family moved to Lacanville on Tuesday.

Mrs. D.C. Walker is spending the week end in Banff.

Mrs. Edwin Beathman arrived home on Monday after having been visiting friends at Calgary and Stokeland for the past two weeks.

Mrs. Marion and Vernon, of Alberta arrived home on Sunday, they spent a week visiting friends at Sylvan Lake.

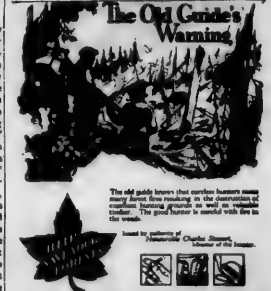

Mrs. T. Cunningham and family are visiting friends and relatives at Borden this week.

Lacrosse Man Boyer of Medicine From John Russell of Alix

Fourteen head of exceptionally well bred Holsteins transferred a few days ago from one Alberta breeder to another in the same province, constitutes one of the largest and most important sales of registered Holstein cattle recorded in one deal that has taken place in Western Canada for several months. The parties taking part in the negotiations were John Russell of Alix and John Graydon of Lacrosse, both prominent breeders, the latter making the purchase from the former. In the lot disposed of by Mr. Russell were two young bulls and twelve cows, the group an exceedingly well bred lot, being the get of Hildcrest Sadie Ormsby and Colony Falfort Boy Poach, both bulls of good R. O. P. breeding. The former, Hildcrest Sadie Ormsby, was got by Hildcrest Ormsby DeKolt with 19 tested daughters and 11 proven sons. As by Sir Admiral Ormsby with 13 tested daughters and 15 proven sons. Her dam, Hildcrest Sadie May also carried some nice breeding as she was sired by May Echo Champion, while in the 305 day division of the R. O. P. she produced 22,376 lbs. milk and 856.25 lbs. butter, and in the R. O. M. at 2 years of age she made a seven day record of 544.5 lbs. milk and 21.93 lbs. butter, while her dam, Hildcrest Sadie Jewel, made a 4-year old in the record of merit, 497.9 lbs. milk and 20.87 lbs. butter in seven days.

The other bull, and sire of nine females in the lot, Colony Falfort Boy Poach, was got by Colony Prince Poach Paul with twenty five officially tested daughters and eight proven sons, while his dam, Colony Falfort Newman, has three very fine records, one as a 2-year-old of 19,408 lbs. milk and 808.75 lbs. butter; as a 3-year-old of 17,692 lbs. milk and 787.50 lbs. butter, and in the mature form of 22,694 lbs. milk and 916.23 lbs. butter. The daughters of Colony Prince Poach Paul hold some valuable records, one as a 2-year old making 21,351 lbs. milk and 766.25 lbs. butter.

It will thus be observed that in the purchase made the buyer has taken into his herd bloodlines that have a long line of heavy producing ancestry, with the result that his investment is likely to be a most profitable one. All the females purchased were cows of producing age, so that they are ready to go to work for him.

Owing to trouble with an overboarded boat the west bound C. P. R. passenger on Wednesday morning was three and a quarter hours late, being held up at Erkine.

Dr. and Mrs. L. E. Allen of Delmonco, Iowa, were visitors this week at the home of their uncle, C. Woolgar.

H. H. Mann a R. Thompson were business visitors to Hanna on Wednesday.

Weather remaining good threatening of wheat will be general next week.

Mr. and Mrs. P. C. Toepfer were visitors of friends at Camrose over the week end.

Miss S. Murray of Edmonton has been a guest of her sister, Hon. Irene Parby.

John and Laverna Thompson of Calgary were holidaying in Alix from Saturday until Wednesday at the home of their uncle, G. A. Thompson.

Dorothy Owen of Mirror has been spending a week in Alix with her friend, Miss Hazel Peters.

In this district of plenty, there is no excuse for the petty thieving reported by a number of our townspersons. But the culprit will be caught.

The man who is always hunting for trouble never has need to borrow any.

"In Selling Position"

Alberta Wheat Pool members should appreciate what it means to the Central B-I-Ag Agency to have Pool Wheat in "a selling position."

To make the best sales Pool Wheat should be in a position where it is instantly available, and where long and troublesome delays are not incurred.

When Pool Wheat is in Pool Elevators the selling agency can depend upon it being directed wherever it is wanted. For that reason, if for no other, Pool Wheat should be delivered to Pool Elevators.

Besides this, Pool Elevators give pool members an assurance of fair treatment to an extent never known in the days when there was no Wheat Pool.

You can best aid your selling agency and your own elevator system by Delivering Your Wheat to Pool Elevators.

Accident On East Road

Mr. Wynne suffered a broken rib, scratches and a bad shraping up and his saddle horse, belonging to Mr. S. Baker, for whom he was working, had its leg broken on Saturday afternoon last when hit by a truck driven by W. J. Brown, on the first hill past the overhead bridge east of ALIX. The horseman was coming into town, and the truck was on its way for a load of sand, and when they met Mr. Wynne evidently became bewildered or his horse unmanageable as he swung to the wrong side of the road directly in front of the motor and the collision was unavoidable. The injured man was rushed to the doctor and we understand is recovering as well as can be expected. Some minor repairs were made to the car and the horse was shot.

When School Opens Tuesday

When school reopens on Tuesday, September 3, there will be only one change in the personnel of the staff, but a switch is being made in the rooms. Miss Sanderson taking three grades higher than the ones she has been teaching.

Grades 11, 10 and 9—Miss Gowers Brown, principal.

Grades 8, 7 and 6—Miss M. Sanderson.

Grades 5, 4 and 3—Miss Harriet Stone.

Grades 2 and 1—Miss C. E. Keeton.

East End of Highway

The last of the road gangs on this end of the new highway pulled out on Tuesday, which means that this half of the road is ready for the gravel.

The continued dry weather has left some spots of pretty heavy sand which only a plentiful supply of moisture can remedy.

The work throughout has been well done and we are indeed fortunate in having such a road right at our door. We understand the waters end will not be completed until early in October.

POSTPONED

The bachelors sale advertised by the ladies of the U. F. W. A. for Saturday afternoon has been postponed until after harvest.

Threshing rigs are busy.

Legion Installing Own Machines

The management of the Legion have purchased two movie machines and beginning with next week will run their own show. They have arranged for the best pictures produced and will increase the standard of the exhibits. The first picture to be shown will be "Room of Fear."

This is a right move and the surplus made will be used to local improvements instead of going out of the district. The machines are of the very latest type and hooked up to the City Power will ensure perfect service.

The Pyramids of The Prairies

The Pyramids of Egypt were built for the glory of ruling dynasties by toiling myriads of slaves and with wealth wrung from tax-paying citizens. Generation after generation of desperate toil with primitive tools built these gigantic monuments, the pride of a ruling class.

The Wheat Pool farmers of Western Canada are building an infinitely more accessible monument—a great system of elevators owned by themselves and operated for their protection and benefit. By means of an annual contribution of two cents for each bushel of wheat the Pool members of Alberta have provided over six million dollars for the construction of their elevator utility. Bound together by the ties of co-operation these Pool farmers are working out a plan for their own economic freedom.

The clear-sighted, far-seeing Pool member is extremely loyal to his own elevator system, realizing its value. Not only are pool elevators operated for the pool membership at bare cost, but they provide a strong shield to guard the welfare of the producer.

School Board Secures 6 Per Cent. Money

The \$21,500.00 debenture for the erection of our new school has been sold at what we believe to be a good figure. Taking into consideration the crop setback in the province it was indeed lucky that the sale was made at all. The purchasers were Messrs. Klenk & Co. of Toronto and the sale was made at 106.22 drawing 6 per cent.

Mrs. McDermott Passes Away

A highly esteemed and old time resident of this district passed away on Wednesday of this week, in the person of Mrs. C. C. MacDermott, aged sixty-five years, following a third paralytic stroke.

Deceased with her husband and family moved to this district from Buffalo, twenty-six years ago and during their residence she has endeavored herself to a large circle of friends who will join with us in extending sympathy to the bereaved husband and family of four children: Mrs. B. K. Todd, Mrs. J. Bonham and Archie all of Alix, and William of Hilton, N. Y.

Mrs. MacDermott, whose maiden name was Annie Dafoe, was married 47 years ago on Thursday, August 29th, the date of interment.

The funeral took place on Thursday from the United Church to the cemetery under the auspices of Sincerity Rebekah Lodge of which she was a member. Rev. Smalley of Mirror conducted the church services.

Came To Sunday School

Following the summer vacation the United Sunday School will re-open on Sunday next, September 1st, at 12 o'clock. The lessons will be found in Ezra 7: 10; 8: 21, 23, 32. Golden Text—The hand of our God is upon all them for good that seek him."—Ezra 8: 22

August Wedding

GAUDIN-KNIBB

A quiet wedding was solemnized at the home of Mr. and Mrs. V. Pedes of Paradise Valley on Wednesday, August 28th, when Miss Jean Francis Knibb of ALIX, daughter of Mr. and Mrs. J. W. Knibb of ALIX was united in marriage to Mr. L. R. Gaudin of Mirror, son of Mr. J. A. Gaudin of Stettler. Rev. Wheeler of Vermilion performed the ceremony. After a short honeymoon at Mir, Mrs. Gaudin will take up their residence in Mir.

First Deliveries Grade 2

Threshing has been general for the past week, and wheat brought to the elevator is showing a higher grade than last year's crop.

Mr. E. Harbath delivered the first load to the new Pool elevator on Friday of last week, this being a sample of Garret, averaging the grower 25 bushels to the acre and grading a strong 2.

The first was delivered at the Alberta Pacific Elevator was J. W. Knibb and while his yield was light the grade was much better than last year. The first car to go out from this elevator was shipped by W. Falkner and it went No. 2.

Pae Children Find Homes

At the council meeting on Monday evening last the chairman reported that the inspector for the Neglected Children's Department had been in town and informed him that all the Pae children, except one, had been placed with different families. This will be a great load off the minds of the councillors who were faced with the support of these eight children.

W. Falkner, after spending a few weeks cutting, threshing and shipping his crop, left Friday for his new home at Pawcutt, Alberta.

Mendence C. M. Yarwood G. Linsen, J. A. Pattullo and S. C. Andrews went to Lacombe on Thursday for the session of the Women's Institute Conventual Convention.

Mr. Percy Yarwood of Edmonton was a guest over the week end at the home of his parents here.

The hay press is busy on the flat north of town, Mr. P. McCollum being the operator.

Poison And Suspense Woven Into A Dramatic Story

Sir Hall Cairne, the author of "The Bondman" which is being shown tonight, Friday, September 6th, in the Legion Hall, ALIX, has been one of the most prolific of writers of stirring novels. A company of English players, headed by Norman Kerry, the American star, are in the cast. The picture was directed by Herbert Wilcox, famous English producer, who made the picture on the locations called for by the novel on the Isle of Man and in Sicily. Kerry made a special trip to Europe to see this picture.

The spool of this drama holds and enthralls—tense, thrilling, accurate, exciting.

The musical show on Wednesday night was fairly well patronized and a good show was the decision.

E. W. Coon has decided to move to Oregon and will hold a public auction of his farm implements this month. Watch for further notice in the paper and posters.

Mr. Graydon of Lacombe, who has been securing this district for milk cows, shipped a car load from Nevis last week.

The inspectors were giving the new highway the final inspection this week.

We understand that Mr. T. Semple has purchased the C. P. R. quarter adjoining the home farm.

Dance on Saturday.

Good Wishes Extended

The parishioners of the
Anglican church held a fare-
well for their rector, Rev. G.
M. Morgan, in the U. F. A.
hall on Tuesday evening last.
It took the form of a banquet
and after partaking of the
good things provided, on be-
half of the congregation, Mr.
Maxwell Smith presented the
guest of honor with a leather
club bag and his good wife
with a leather hand bag at
the same time expressing re-
gret at their removal.

The ladies of the Guild
took advantage of the occa-
sion to wish their secretary,
Mrs. G. A. Linsen, who is
leaving town, good luck and
present her with a beautiful
piece of china.

449 Bushels On 10 Acres

Not all the crops are a fail-
ure in Alix district, on the
contrary we have some real
good yields. Mr. C. B. Ste-
venson has two cars of wheat
and he informed us that he
threshed 449 bushels from 10
acres of Garret, or almost
45 bushels to the acre (mach-
ine measure) and that each
load of 56 bushels had an
overrun in weight of four
bushels.

Mr. F. G. Morgan, west of
town, had an average of 21
bushels of wheat to the acre
on 55 acres.

Mr. T. Draper Visits Alix

We had the pleasure on
Monday of meeting Mr. T.
Draper, president of the Mc-
Murtry Tar Sands and As-
phaltum Co., while he was on
a visit to his cousin, Mr. H.
H. Mann. He was getting
down some work in Beekun
and came over the week end.
While Mr. Draper is a booster
for his product he is also
an interesting talker on the
advantages of the north coun-
try, for he not only knows the
country in the 300 miles from
Edmonton to Ft. McMurray,
but has been within the Arctic
Circle and east and west.
It is interesting to listen to
his discourses on his travels.
A few bags of the sidewalk
material will be shipped to
Alix in the near future.

Two weeks from today,
Friday, September 27th, the
special picture "Spirit of
Youth" will be shown in the
Legion Hall, Alix.

week to spend a couple of
weeks on the Fyn ranch.

Advertisements Bring You Results

Only yesterday it seems, we read of balloon tires, radio, electric ranges. Today they count as necessities, and magic newcomers are knocking at our doorways—their refrigerators—the oil burning furnace—a photograph that changes its own records.

Even as you read these lines men in Chicago, Atlanta, Philadelphia and Detroit are patiently putting together strange devices that, tomorrow, will save labor, cut costs, or give pleasure.

When these inventions become practical, advertisements will be the first to tell you about them, what they do, how much they cost, where they can get them.

Advertisements bring you personal news, information about the material that increases your health, comfort and happiness. They tell you the latest practical news phrased in words that are brief, understandable and honest. They help you save money and enjoy the best things in life.

Spend a few minutes each day reading the advertisements—they will bring you much valuable news.—Ed.

Blowing Off Ear Is Charge In Case

The hearing of the charge against Norman Brohmman by Lytle Bous of blowing off the piece of his ear occupied the attention of Magistrate Hamilton for the greater part of Tuesday morning, with the case set over for argument by counsel. The blowing is said to have taken place in a fight between the two men over the feed for Bouk's horse, the owner of the horse not being satisfied with the kind of feed provided. The fracas took place at the farm of Brohmman outside the city during the operation of a threshing outfit. L. Fairbairn for the plaintiff and W. S. Beattie for the defendant. Dr. Wray testified to dressing Bouk's ear but could not swear to seeing marks of teeth. He thought that the injury could have been caused by a blunt instrument.—The Lethbridge Herald.

Information For Readers

Owing to the exceptionally dry season and the present fire hazard, camping and sporting parties are being excluded from some of the Forest reserves. To date, the Clearwater and Bow Reserves have been closed and we are unable to say as to when the others may also be dealt with in like manner.

Parties purchasing big game licenses are hereby advised in this situation in order that they may delay their hunting trip until the forest reserves are again opened up, as this will probably occur should we get a period of wet weather.

They tell a tale of a colored boy down New Orleans—he was a hustler and one day his boss said to him:

"Sambo, I don't understand and how you do your work."

"I'll tell you how 'th, boss. I just sticks de match of enthusiasm to de face of money and just naturally explodes."

There's a moral to that.

It is astonishing how soon the whole conscience begins to unravel if a single stitch is dropped.

Mr. Jackson, whose visit to
Alix we reported last week,
has purchased the lot south
of the Wong Loon store and
we understand he will erect a
building in which to run a
bakery and confectionery store.
He has gone to his business
at Sylvan Lake and will
return in a couple of weeks
to commence operations.

Mr. H. Edgar has purchased
the property between the

and we believe he intends
erecting a business block
therein in the near future.

"The Spirit of Youth"

Two of screenland's cleverest
writers wrote the story of
"The Spirit of Youth" the
Tiffany Stahl picture featuring
Dorothy Sebastian and
Larry Kent and showing at
Legion Hall, Alix, on Friday
September 27th.

As the story is that of a
sailor who battles with his
fate to a world championship
the writers spent many weeks
collecting material for the
fight sequences. Larry Kent
rated the best fighter on the
screen, was selected to share
battles with Miss Sebastian.
A love story that gets under
your skin—between a boy
who's human and prone to
forget and a girl who's tender
and understanding. Dorothy
Sebastian and Larry Kent
make a splendid pair
of young lovers.

Young People's Bible Class

It has been agreed to combine
the classes of young men

PRESBYTERY OF THREE HILLS

One of the most interesting items of business connected with the meeting of the Three Hills Presbytery at Alix was the induction of Rev. Richard Upton into pastoral charges of Mirror-Alix congregation.

Rev. C. B. Oakley presided and inducted. Rev. W. McNeil led in prayer. The sermon was preached by Rev. C. B. Oakley. The minister was addressed by the Rev. Thomas Taylor, and the people by Rev. P. J. Hartley.

A singing feature of the service was a solo rendered by Mrs. Upton, wife of the newly inducted minister.

The good people of Alix provided dinner for the Presbytery at the White Lanes and after the induction service added an hour of social entertainment and the ladies of the congregation served tea, cake, etc.

At the afternoon meeting, after necessary business had been transacted, the subject of the Spiritual Life of the church was taken up. Rev. T. Taylor opened the subject by some suggestive hints and Rev. A. R. Schrag presented his ideas as to what constituted the spiritual church life.

Amongst the visitors present were Rev. Dr. Deboon, of Vancouver, and Rev. Dr. Powell, of Calgary, both of whom contributed materially to the spiritual life of the church.

As secretary of Social Services and Evangelism, summed up the various views presented and made some valuable suggestions in connection with the matter.

The Presbytery is just one year old, and Rev. Thomas Taylor, of Shaw, was elected chairman. The thanks of the Presbytery was tendered the retiring chairman, Rev. C. B. Oakley, Rev. F. J. Hartley was re-elected secretary and Mr. L. B. Hart as Treasurer. The report of the treasurer showed a clear balance on hand.

The following convocations were elected:—Home Missions Wm. McNeil; Foreign Missions, W. J. Cook; M. and M. Fund, A. R. Schrag; Religious Education, J. C. MacLaren; Evangelism and Social Service, Richard Upton; Superintending Treasurer, C. B. Oakley; Pension Fund, Thomas Taylor; Statistics, F. J. Hartley.

One of the regrettable features of the meeting was a letter from C. J. Hauer stating his intention to attend an American college. Mr. Hauer has done good work as a student in our mission fields during the past year.

Otto Rodin, who has done good work on the mission field, was certified to college. Good reports were received from the fields served by Ralph Schrag and A. Hattin.

The M. M. Fund received considerable study, and \$25 was accepted as the allocation for the Presbytery.

Requests were received from Grandcourt, etc. for service this winter. This matter and furnishing names were left in the hands of the home mission committee.

The Alix people have a large comfortable church, divided by a board partition with a large room for boys' work, under the supervision of Mr. S. E. Wallace. The people of Alix entertained the Presbytery very hospitably in their homes.

The pastorate of Rev. Upton starts with every prospect of a happy and successful ministry.

Rev. W. E. Barber, Superintendent of German congregations, was present and assisted in the transaction of considerable business.—Rev. Hartley, Trochu.

Old School of Agriculture Developing

Mechanics Branch of Its Course

The School of Agriculture, highest in the province in Alix will open for the 16th term subjects.

The dormitories are capable of accommodating and enquires that there will be a good average attendance again this year. The course for men gets the preliminary attendance for the past three years has been 251 and it is expected that the attendance this year will be satisfactory here the accommodation arranged for by the school.

The courses that are offered are very similar to those of the school in the town of Alix. The cost of board and room in the school is in private houses is \$4.00 per day per student.

The school is taking on a special instructor in gas engines and farm machinery. The service of this man will be for the purpose of strengthening the mechanics instruction in the mechanics branch of the Agricultural course. With the service of an additional instructor who is completely well qualified for giving instruction in electricity, gas engines and farm machinery, it will enable the school to put out a course that would rank among the best in the province.

Look through our pages and you will find advertisements from far and near

These people do not advertise for fun; if they did not get results they would not advertise.

M. B. Council Convenes

A meeting of the council of
Lacerton M. D. was held on
September 29th with all the
councillors present.

The minutes of the meet-
ing of August 10th were read
and approved.

The application of J. M.
Crish for an old age pension
was approved.

The matter of opening up
the road on the N1 Sec. 7 40-
23 to connect with the new
Government highway was ap-
proved. The matter of the
construction of the highway
was discussed and on motion
of Councillor Forchit it was
decided to get in touch with
the engineer in charge of the
construction of the highway.

Notification from the De-
partment of Public Works
advising that the portion of
the old Lacombe highway
within the municipality is
now turned over to the mu-
nicipality, was read.

Communication was read
from Watergen council sug-
gesting that a delegate be ap-
pointed from this council to
meet with representatives from
Watergen, Lakeside and
Montgomery M.D.'s to
discuss the Weisbaden to
Mirror highway. On motion
Councillor Stevenson was ap-
pointed as delegate.

Notice of the annual mu-
nicipal convention at Edmon-
ton in November was read
tabled until next meeting.
The application of O. Weeks
for a restaurant license at
Nevis was read and tabled
until next meeting.

The six months term of
the Deputy Reeve having ex-
pired, C. Cockrill was re-
elected for the ensuing six
months on motion Councillor
Sherbourne.

The secretary's monthly
financial statement was read
and adopted.

A bill from the Depart-
ment of Telegraphs for the
moving of two poles on a
diversion east of Tye, \$50.43
was not admitted as poles
were incorrectly located orig-
inally.

After passing the bills and
physicians the meeting ad-
journed at 8 o'clock.

It is my guess that some of
these women who have bou-
ght dresses on the installment
plan ought to go back and
get a few more installments
before wearin' 'em in public.

Alexander J. Maclean Wanted

C. H. Sheppard is in re-
ceipt of a letter this week in-
quiring as to the whereabouts
of Alexander J. MacLean.

The man in question was
born at Gillis Grove, Nova
Scotia, and is now about 40
years of age. There is a con-
siderable sum of money for
him lying idle within the next
two months.

A. A. Meeting on Saturday

A meeting of the members
of the Alix Athletic Associa-

Injury in Mishap

Robert Fern, Alix, Alta.,
suffered a badly lacerated
right hand, when the auto he
was operating in the Cal-
gary Trail, Sunday afternoon
slid into the loose gravel
and overturned in the ditch.

He was admitted to the
Mimcoridia hospital Sunday
evening and was attended by
Dr. M. Weir. His injuries
are not serious and he is ex-
pected to be discharged from
the hospital sometime today.

The High Cost of Sickness

The million dollars a year, or one-third of the annual income of the United States, goes in that country to pay the cost of sickness, according to a survey of the cost of sickness in the United States, published by the American Medical Association in a recent issue of "The Literary Digest."

It is difficult in Canada the necessary information is available and the cost of sickness in this country is not known. It is probable that the cost of sickness in Canada is not so great as in the United States, but it is not known for certain. U.F.A. Hold Interesting Session

A well attended meeting of
the Alix Local U. F. A. was
held in the hall on Saturday,
5th October, at 2.30 p.m.
with President Mansel Smith
in the chair.

The committee appointed
at the last meeting to interview
the authorities with a
view to getting a road opened
from the east to the pool
elevator reported that owing
to the short crop this season
they had declined it
advantage to postpone inquiries till
next year.

To raise funds for the local
jumble sale was suggested,
but as a community is to
take place in Alix next Saturday
it was decided to invite
member to take anything
they might be willing to con-
tribute to be sold at the sale.

Some discussion took place
regarding the fire situation
and the joint plan of the
government and railways to
deliver feed free of freight.

As there was a good deal of
misunderstanding as to de-
tails the secretary was in-
structed to invite Mr. Walker
of the Department to come and
address a meeting and ex-
plain the situation.

The 1929 annual convention
of the U.F.A. will be the
21st and the United Board
has suggested that a tentative
meeting be held at President
H. W. Wood in recognition
of his services, and that the
subscription be limited to 25c
per U. F. A. & T. P. W. A.
member. Nearly all members
present handed their subscription
to the secretary to be forwarded
to the central office.

Mr. Pyle and Mrs. Hupburn
directors for the Red Cross
constituency, having suggested
addressing the local, the
secretary was instructed to
arrange a meeting at an early
date.

It was decided to hold a
social evening towards the
end of the month and to ask
Mr. Irvine M. P. to address it
at a date convenient to him.

Some discussion took place
regarding the potato supply
and it was reported that po-
tatoes could be obtained for
\$1 and less per bushel.

Eric Cornsack asked the
local to use its influence in
establishing a school fair and
explained details of the work-
ing and purpose. Schools
are required to establish a
fair, in schools of more than
one room each room counts
as a unit. The government
gives seed, manure, grain and
potatoes; all kinds of art work
are included; the government
provides 2-3 of prizes; each
school or unit subscribes \$15;
as a rule no entrance to the

fair is charged but funds are
derived from lunch counters
and donations; government
provides stock at cost, all
stock are the children's own
property. The secretary was
instructed to write Mr. Boulton
to address a special meet-
ing in Alix and to invite the
trustees of adjacent schools
inviting their co-operation.

Death of Mrs. O. Siddons

Gloom was spread over our town and district on Monday
last when it was learned that
Mrs. O. Siddons had passed
away at 5 p. m. in the Red
Deer hospital, following an
operation that morning at
11.30, from which she was
apparently recovering up until
a couple of minutes before
the end when she suddenly
passed away.

Deceased, whose maiden
name was Anna Esther Marie
Anderson, was born at Mar-
shfield near Stockholm, Sweden,
on March 6th, 1894, came to
Alberta in 1912 and settled at
Leithbridge where she was
married to Oliver Siddons on
July 10th, 1914 and in November
of the same year they came to
Alix district where they have since resided.

The funeral was held from
the United Church to Alix
cemetery, on Thursday, Rev.
R. Upson taking the services.
The pallbearers were: A. S.
Bissett, J. R. Mackie, G. A.
Thompson, B. R. Wallace, C.
Guthrie, and F. C. Tompler.

The large number of floral
tokens were tributes of the
respect in which the deceased was
held.

We join in extending sym-
pathy to the bereaved household.

Chicken Supper Next Week

evening of Wednesday, October
23rd, in their hall. A splendid
program of speeches and
musical numbers is being
arranged, among those about
to speak being Hon. Tom
Parley, Wm. Irvine M. P.,
Mr. Fye and Mr. Napburn,
the constituency directors.
An excellent time and get-
together is anticipated, no
doubt and use for themselves.
An admission of 50c a head
is being charged.

Will Lecture Tomorrow Evening

Mr. Walker of the Department
of Agriculture will address a
meeting in the U. F. A. hall
on Saturday evening at 7.30 p. m. Subject: "The
Food Question, Waste, Etc."
Pictures will also be shown.
Everybody welcome.

welcome.

The financing of the rink
was discussed and the show-
ing, namely a \$700 note on a
\$2400 property, was so cred-
itable for the short time, less
than a year, that it was moved

U F A MEMBERS AT SPECIAL MEETING DISCUSS THE WEED A FRO QUESTION

A special meeting of the U. F. A. was held in the Alix school on Saturday, Oct. 19 at 8 p. m. to hear an address by Mr. Walker of the Department of Agriculture.

President Massell Smith was in the chair.

The meeting opened with a series of film pictures showing a variety of noxious weeds and means of combating them. Mr. Walker gave a talk on the weed situation and said that though the situation was not serious at present in this municipality, but unless farmers, railways, municipalities, persons, private measures and a constant care, the same disastrous experience would occur here as had taken place in many districts in the Western Provinces. Some discussion took place and Mr. Yarwood, the weed inspector, gave an account of his work during the last year. He said he had had no occasion to resort to prosecution or "giving orders" but that his requests had invariably been carried out by the farmers concerned. He had come across no cases of noxious weeds on a serious scale and congratulated the district on its freedom from the worst weeds which compared favorably with many other districts. His work does not include the weeds and it was pointed out that there is no weed inspector in Alix.

Mr. Walker emphasized the need of the use of clean seed and explained the working of a cleaning machine recommended by the department. This machine takes out all weed seeds. The cost is about \$1000 (including a 6 h. p. engine). Any district can get this machine by paying half the cost, the Government putting up the balance. A man goes round the farms with it charging 2c a bushel and it cleans about 100 bush. per hour. It was decided to discuss the advisability of getting one of these cleaners at the next U. F. A. meeting in November.

The feed situation was then gone into. Mr. Walker giving the following information: Feed oats, barley, short hay and green feed can be shipped from any point in the province to certain points. Alix included, free of freight on application through a firm supplied by the Department, which must be a 1/4 of the municipality.

The President read a letter from the Pool Elevator giving information re prices and means of obtaining feed through the elevator. It was decided to bring this matter up at the next meeting and it is hoped that all farmers interested will attend.

The meeting was interesting throughout, most of those present taking part in the discussions.

The U. P. A. Meeting Last Week

A supper and social evening was held by the U. P. A. and U. P. W. A. on Wednesday, 23rd October, to commemorate the 21st anniversary of the U. P. A.

The supper took place in the U. P. A. hall after which the attendance being too large for the hall, an adjournment was made to the Legion hall, very kindly loaned for the occasion.

Addresses were given by A. Spinkman M. P., the Hon. Irene Pariboy and Mrs. Hepburn and Mr. Pye directors of the U. P. W. A. and U. P. A. P. W. A. and were much appreciated by the audience. Mr. and Mrs. McCormack filed the intervals with musical selections.

A vote of thanks to the Legion for the use of the hall ended a pleasant and interesting evening.

Chicken Supper Next Tuesday

The Catholic Ladies are holding a chicken supper in the U. P. A. hall, ALIX, on Tuesday, November 5th. The tables will be laid at 5 p. m. and you are invited to come and enjoy a real meal.

Rehearsal Order Presents Jewels

The regular meeting of the Rebekah Lodge on Monday evening last was of more than usual interest. During the session the presiding officer, on behalf of the members, presented two of the members Mrs. R. L. Toepfer and Mrs. W. L. Pettit, with 15 year jewels suitably inscribed. The recipients were taken by surprise but in a few choice words thanked the society for the honor conferred.

The evening was brought to an end by the serving of a dainty supper.

Arctic Armistice Service

Committees are working to make the "Armistice" service to be held in the Legion Hall at 3 o'clock on Sunday afternoon, November 10th, an enjoyable one. We understand that both the Anglican and United Church ministers will take part and that special music is being prepared. Keep the date of this service in mind.

Alix Girl Works At Calgary

A quiet wedding took place in Calgary on Tuesday, 5th November, at 8:30 p. m. in the Knocks United Church, when Vera Lilian, eldest daughter of Mr. and Mrs. Edwin Bray of Alix, was united in marriage to Mr. Frank F. Evans of Calgary, the ceremony being performed by the Rev Richardson.

The bride, who was given away by Mrs. A. Turner of Calgary, was gowned in blue satin. She was accompanied by her sister, Miss Winnie Bray, while Mr. Bert Amos acted as best man.

After the wedding they motored to Edmonton for a few days, returning by way of Alix to spend the week end with the bride's parents and have returned to Calgary where they will reside.

Former Alix Lad Dies In Calgary

The many Alix friends of Mr. and Mrs. J. Brooker of Calgary will join with us in expressing deepest sympathy to them in the loss of their son, Joe, who died Wednesday morning, November 13th following a sickness of several months. Joe was a fine lad of about 19 years and while a resident here was popular with old and young alike.

Our old friend C. Hens of Crows was a visitor in town on Wednesday.

About thirty teachers gathered from various points in the Northern Division of the Trochu Inspectorate on 7th and 8th November, in the Mirror Public School for their fourth annual convention.

The program on both days was well fitted and it proved one of the best conventions yet held.

FARM FOR SALE

The following Settlement Board of Canada offers for sale by public tender—

The south east quarter of section four (4), in Township 22, Range (4), range twenty-four (24), west of the fourth meridian, as described and subject to the encumbrances and reservations contained in the existing Certificate of Title.

Twenty of said acre was less than 20 per cent of the purchase price in cash on completion of the tender, and the balance in ten equal instalments with interest at 5 per cent per annum on the amortizing plan.

Each tender must be accompanied by an accepted cheque for \$100.00. If tender is accepted this sum will be credited to the purchase price of the land. If tender is not accepted the money will be returned to the tenderer.

Tenders will be opened at Calgary, Alberta, on Wednesday, November 24th, 1920.

The highest at any tender not acceptedly accepted. If the land is not sold on the above terms the Board will be prepared to receive offers to purchase said land on a 10% cash down and 90% in 10 years.

Tenders should be in plain envelopes marked "Tender for the purchase of the S. R. 4 (4) 24—W 4th Meridian."

Address tenders and inquiries to The Settlement Board, 2nd Floor, Calgary, Alberta.

ALBERTA has added one more to her
list of titled ranchers. This time it

Princess Len, a beautiful, twenty-five-year-old and married just about a year, in this latest royal reactor. He bought over 600 acres of land on the Missouri River, five miles north of Helena, right in the heart of big game country, and there he is going to raise—moose!

There is here a lake which covers 180 acres, and this is to be the habitat of the catfish of southern origin. The prime plan is to develop here are already a few hundred very valuable on the place, but a much larger number will have to be introduced to make the ranch a paying proposition. The lake is to be closed with three miles of wire fencing at a cost of \$2,000. The effect of the farm work is to be done by the prize himself, though he will have a manager and a few hands. He has studied for farming and has a number of

where he studied for some years. It
was not expected, however, that the
ranch will pay dividends until
about 1952.

Perhaps the most striking of all statistics in the business value and responsibility of the aeroplane is to be found in the fact that great banking firms now send cargoes of bus-

by air almost every day. The million propellants with its precious cargo in charge of an armed guard, has established routine air traffic. It may have been sent as cargo in goods airplanes. Missing the boat for passenger machines, he noticed a cor- "plane ready for flight. The goods are labeled with the name of the re to which he wished to go. so had himself packed up and rolled and put in with the heat of cargo. The propellant reached its destination, and the man, having paid the freight charges on himself, was duly delivered.

Andrew Eliot Problem
Andrew Eliot, 35, has solved the working and rest problem. After working all day at the new \$4,500-a-brewer which he is helping to construct for the Philadelphia and Lancaster Coal and Iron Company, at Locust Summit, Eliot climbs up a ladder to a tangle which he has surrounded by 20-foot ropes from the limbs of two tall trees. When he is in the weight of his body in the tangle, Eliot is at the top, hiding his head weather-proof.

Pre-winter Stock Reducing and Price Reducing
Sale starts today. You never know you could
buy a good car so cheap. Winter is approach-
ing, we need the space and above all we need
the cash, consequently we have reduced the
prices far below the real value. While we are
making the prices so low there has been spared to
get these cars in the finest possible condition.

Meeting To Discuss Proposed Municipal Hospital

Quite a number turned out on Monday evening to the meeting called for a discussion of the proposed Municipal Hospital. Councilor Lee Forcht was chairman of the meeting.

The first speaker was Mr. A. D. MacDonald, Lacombe, who gave a history of the Lacombe hospital and the part it had played in taking care of the people in the past and stated that this asset, some \$20,000, would be turned into the new hospital providing it was built in their town.

Hon. Mrs. Parby gave a short address, pointing out that the object of a Municipal Hospital was to bring the best of service to everyone and requested the ratepayers to think well before they turned down the proposition.

Mr. Mide of the Department was the main speaker and he brought facts and figures from the hospital now operating, showing that they were beyond question paying and successful. He stated that 3c per acre was the tax levied and the quota for towns was based on the population.

The formation of this district was outlined by a board composed by representatives of the various councils and comprises the municipalities of Lacombe and Crown and small portions of two other municipalities. Clive has asked to be left out and Alix was once interviewed so it is not included. There was a misunderstanding of the resolution passed by Letherton M. D. who will take a vote in each division to find out the opinion of their people.

There was a large number questions shot at the speakers and in every instance the answer was satisfactory.

Mr. and Mrs. A. M. Keaton leave on Monday next to spend the winter at Vancouver, B. C.

Thy many friends of Mrs. E. T. Hunter of Lacombe, who underwent an operation for appendicitis this week, will be glad to learn that she is recovering rapidly.

For Christmas. What is more appropriate than a nice razor, strap or shaving brush, some combs for children, also toons, creams and lotions. We will help you to make a choice. Alix O. K. Barber Shop.

A Business Change

With the beginning of the month Mr. R. Thompson, who is adding a sale of 25 farm effects on December 31, will take over the mechanical end, the gas and oil of the Jennings garage. Mr. Jennings retaining the car section of the business. Bob has rented the Varwood cottage on Jamieson street and following the sale will move his family to town.

Mr. D. Robinson went to Camrose on Thursday to see his little nine-year-old son who is recovering from an operation for appendicitis.

EVERYBODY WELCOME

PEACE AND QUIET

The editor was dying, and a sign came from his breast:
"Please bury me, my friends, where I will find eternal rest
I long for peace at last, so when I have closed my eyes,
Just plant me in a store where they do not advertise."

When a man says he has got where he is through hard work, he doesn't always add wisdom.

The predicted ankle-length skirt coming in style will be another factor against the freedom of the see.

The old fashioned theory that there is danger from exposure has been exploded by the new fashion woman.

Many a man is paying all money today because he thought there was no great harm in a little flirting.

Have you heard about the Scotchman who gave his wife a pair of rubber heels when she begged him for a new spring outfit?

Teacher's Pet: An ancient saying, still in use, but the apostrophe is omitted.

United Church, Alix

You are cordially invited to the
ANNIVERSARY OCCASION

FOR THE WEEK ENDING NOVEMBER 30th
Saturday, November 30th at 8:30 p.m. - The Georgian
Singers will give their famous concert in the church.
Adults 50c, children 25c.

Sunday, December 1st at 7:30 p.m. - Anniversary
service with Rev. Thos. Powell D.D. giving the
address, and special music.

Monday, December 2nd at 8 p.m. - Dr. Powell will
lecture on "An Ideal Church" Collection.
EVERYBODY WELCOME

PEACE AND QUIET

The editor was dying, and a sign came from his breast:
"Please bury me, my friends, where I will find eternal rest
long for peace and quiet, so when I have closed my eyes,
Just plant me in a store where they don't advertise."

When a man says he has
got where he is through hard
work, he doesn't always add
what.

The predicted ankle length
skirt coming in style will be
another factor against the
freedom of the sex.

The old fashioned theory
that there is danger from
exposure has been exploded
by the new fashion women.

Many a man is paying all
money today because he
thought there was no great harm
in a little flirting.

Have you heard about the
Scottishman who gave his wife
a pair of rubber heels when
she begged him for a new
spooning outfit?

Timber's Pet: An ancient
saying, still in use, but the
apostrophe is omitted.

Alix Proud Of Her New School

The end of last week saw the completion of our new school and we point with pride to this asset to Alix. The work has been well done throughout and without hesitation we can recommend Contractor Packer and his gang as a bunch of conscientious workers. It is a pleasure to view the building from the outside but the real beauty is the interior.

The main floor is composed of four large class rooms with high ceilings and a perfect system of ventilation and heating, a large science room and hallway, and each room has its separate cloak room. There is an abundance of light and the building is also fitted for electric light. The basement has two large playrooms, two laboratories, kitchen and furnace and fuel rooms. The structure is of brick, tile, cement and plaster with gravel roof. Two of the rooms were occupied the beginning of this week and the other two teachers will move in shortly.

Situated as it is on a slight rise in the heart of the town it adds materially to its appearance.

The official opening will take place at an early date.

Merchants Take Forward Step

NATURAL TENDENCY

Doctor Jones—"Did you hold a mirror to her face to see if she was still breathing?"

Nurse—"Yes, and she opened an eye, gasped and reached for her powder puff."

The merchants have organized for the financial benefit of the district, we refer to the letter appearing on page five of this issue. For years the giving of credit indiscriminately has been a serious problem and at this date, when the wholesaler has completely changed the methods of doing business, it is only reasonable that the retailer must follow suit or go under.

We have in our town a bank with which you, as a buyer, should do business. If you require credit get it there instead of asking your merchant to finance you at his loss.

The instant an account is opened the storekeeper begins to lose money. Have you thought of that? The method of doing business today

day of necessity be on a small margin and we are safe in saying that on many of your accounts, even when paid up, the merchant is a loser. Their day does not mean cash, but what's credit, and we are sure that if you will talk it over at your place of dealing the new system will meet with your approval.

Go to your merchant and get it straight.

U. F. A. Hold Interesting Session

The monthly meeting of
the U. F. A. was held in the
hall Saturday, 4th January,
with President J. M. Smith
in the chair.

President announced that
Mr. McKenna of the Wheat
Pool staff would address a
meeting in Alix at an early
date. Members of the Pool
should make a point of at-
tending as Mr. McKenna
will give interesting infor-
mation on the wheat situation.

Other announcements were
that the C. N. R. intended
moving their stock yards to
near the elevator and main
line will be installed, and that 9
new members have joined the
Live Stock Pool in the last
week.

J. M. Smith was appoint-
ed delegate to the U. F. A.
convention in Calgary this
month.

Some discussion took place
regarding persons running
widows' pensions, and local
agents receiving royal in the
municipality. It was agreed
that representatives should be
given information about the
recipients and their claims
and it was decided to bring
this up at the annual meeting
of the municipality.

The matter of the Municipal
Hospital was discussed
with regard to the proposed
referendum whether the Mu-
nicipality should join the
County Municipality. It was
pointed out that many rate-
payers in some localities are
not in favor of Lacombe but
would vote in favor of a hos-
pital at a nearer point and
that there was enough terri-
tory to support two Munic-
ipal Hospitals and give better
service. It was thought that
if a referendum decided against
Lacombe it would mean a
long delay before action
could be taken to erect a
Municipal Hospital in this
Municipality. The committee
previously appointed, viz. M.
Smith, A. Ditts, C. Walker,
were instructed to in-
terview the council and lay
the matter before them.

Notice To Officers

I beg to notify all clients
that if the papers and accu-
sations held by me for safe-
keeping have been preserved
in the recent council and lay
the matter before them.

The Alix Puck Chases New Four Scaps in Their Hat

Alix has a stumpy team of
puck chasers this winter who
are putting up the goods,
having to date won 4 of the
five games played. They
have won from Bashaw and
in three games played with
Mirror have had two victo-
ries.

On Thursday evening of
last week our fans were treat-
ed to one of the fastest games
played on Alix ice, when the
Mirror and Alix teams met
and our boys landed a 4 to 2
win. At the end of the three
periods the total was 2-2 and
in the overtime (two five-
minute ends) the locals drop-
ped in two counters. It was
a real go-go-go game.

On Tuesday night of this
week the gang went to Mir-
ror where the meet their first
defeat, leading to that team
4-0. We did not misbehave
long but are told that the
winners had to fight for
everything they got.

Each week, the demon-
strations of the season was on
Wednesday evening when
Delburne played on Alix ice.
The score was 2-10 in favor
of our boys but everyone
was in praise of the visitors
who are true gentlemen.

SEALED BIDS for the
purchase of the old Alix
School House will be received
by the undersigned up to noon
Friday, February 28th, 1930.
The highest or any bid not
necessarily accepted.

ITEMS OF INTEREST

Tomorrow is the 1st of February.

Regular monthly meeting of the village council next Monday evening at 8 o'clock.

Mr. and Mrs. Ed. Bray left on Monday to spend ten days in the Athabasca district.

The Ladies Guild members of St. Francis church are holding a cake and home cooking sale and serving tea in the Institute Room on Saturday, February 1st.

Born—Bosch of Alix on January 26th, to Mr. and Mrs. Robert. A son.

Born—At Nurse Mag's Nursing Home in Alix on January 26th, to Mr. and Mrs. Geo. Mout, a daughter.

Mr. T. Wilson was a business visitor in Calgary from Wednesday until Thursday of last week.

Jimmy Wong Loon has gone to take a much needed rest, and will spend a couple of weeks in Calgary and Vancouver. He has been on the sick list for some weeks and we trust the rest will be beneficial.

Mrs. F. A. Straub, representing the local U.F.W.A., attended the convention in Calgary last week.

Manuel Smith was the representative from the Alix U. F. A. to the convention in Calgary last week.

The death took place in the Calgary General Hospital on Friday, January 17th, of Miss Rachel Macbride, who had been a resident of the home of her brother, the late Mr. J. Macbride of Alix. She was in the hospital for some time, and was attended by Dr. J. Macbride, who was the physician in charge of the hospital at the time of her death.

Around 7:30 last Friday evening fire destroyed the home of Mr. Ian Kerr north of Miramichi. The origin of the fire was unknown as it was in Alix at the time. He has been on the sick list for some weeks and we trust the rest will be beneficial.

Our merchants are busy stock taking.

Another old landmark in Alix went up in smoke at 3:30 a. m. on Thursday of last week, when the Mc-Keen building just north of the Main street garage, which was occupied by the U. F. A. block, was completely destroyed by fire. The fire started in the rear of the building which was occupied by the U. F. A. block, and when it was discovered the flames had gained such a headway that the building was a large number of valuable papers and buildings were damaged. Mr. Wallace lost everything. A portion of the U. F. A. furniture was rescued. The insurance was carried which partly covered the loss. Mr. Wallace has resumed business in the post office building.

We are pleased to report that Mrs. S. Baker, who has been seriously ill for the past month, is finally recovering and able to be around once more.

After service on Sunday evening the annual meeting of the United Church was held when the 1930 officers elected. Mr. Wilson, chairman of the board, was elected to represent Alix at the session of the Presbytery in Truro next month.

MEMORIAL

In loving memory of Victor Lillian Whitfield who passed away December 10, 1928, and Donald Charles Whitfield who passed away on January 25, 1929.

They had no time to bid farewell. They said goodbye to none. The heavenly choir has taken them. And a place in heaven has been made for them. One year has passed, our hearts still ache, as time rolls on we can't forget them. Though we have been long, but memory has gained the best of the best this earth contained. Memory will keep us ever near. To the ones we loved and still bid dear.

Loving remembrance by
 Father, Mother, Brothers and Sisters

Delegates To Convention Bring Report To Large Meeting

The monthly meeting of the U. F. A. was held in the Vet's Hall on Saturday, February 1st, at 2.30 p. m. with President J. M. Smith in the chair, and was attended by a large crowd.

The minutes of the previous meeting were read and adopted.

The secretary read a letter from Premier Brownlee thanking the local for their resolution congratulating the Government on obtaining the natural resources.

The report of the committee appointed to interview the Municipal Council on the proposed hospital project was given by Mr. Ditto. A resolution that the committee attend the annual meeting of the Municipality and express the viewpoint of the U. F. A. in regard to the Municipal Hospital, was carried.

The meeting then resolved itself into a joint one with the U. F. W. A. to hear the delegates' report of the convention and to discuss plans with regard to the hall in place of the one burned down. Mr. Ditto was the chair.

Mrs. Strubbs for the U. F. W. A. and J. M. Smith for the U. F. A. gave interesting reports and were awarded a very hearty vote of thanks.

A resolution was carried unanimously that a committee be appointed to consider the buying of a building in town if any be available and suitable for the purpose of a hall, and also to get quotations on different types of suitable construction of a building 30x30 with basement.

A resolution that the committee report to a meeting to be held a week hence, Saturday, Feb. 8th, was carried.

A committee of four was appointed. Messrs. Waterman and Maryatt representing the men's local and Mrs. Strubbs and Mrs. Strang representing the ladies' local. A resolution was carried unanimously that we have Mr. McKenna of the Wheat Pool to address an afternoon meeting on the 11th February in the Legion hall.

A resolution was also carried that the secretary be instructed to write Mr. Irving M. P. in regard to holding a meeting in Alix during the Easter week.

The meeting adjourned.

ALIX LOANS IN CROWDING PLAY

The tournament to the Alix and Mirror hockey game on Tuesday evening was by far the largest yet and the fans were not disappointed. Both teams were in good condition and the contest was close right through. The first period was a trifle slow owing to heavy ice and at the sound of the bell the tally stood 1-1. Play speeded up in the second and, each team scoring 2, while the last period was a blank making the game 3-3. A ten-minute overplay was agreed on in which our boys scored 1 to the visitors 3, the final tally up being 6-4 for Mirror. The close of play being put up this winter in drawing larger crowd to each game.

This Better Age

The work of a clever advertiser has for some time past been equated to the work of a clever politician. In the case of the former, the result is to be seen in the advertisements of today; in the case of the latter, the result is to be seen in the speeches of today. In the case of the former, the result is to be seen in the advertisements of today; in the case of the latter, the result is to be seen in the speeches of today.

Recently another advertisement has been published in a single column of the "Toronto Star" under the heading "The Better Age". It is an advertisement for a new tea, and it is an advertisement for a new tea.

Lamertus M. D. Annals Meeting

The annual meeting of the M. D. of Lamerton, was held on February 14th, the session being called to order at 1:30 p.m. by Returning Officer T. Semple who called for nominations for chairman and secretary. Mr. Sherburne was elected chairman and Mr. Semple secretary.

The minutes of the annual meeting of 1929 were read and adopted on motion of L. R. Forcht and T. Semple.

The annual financial statement and auditors' report was read by the secretary and discussed at some length.

At the request of Mr. D. C. Walker, Counsellor, Gilles gave a statement of the public work in Division 5 for 1929. Mr. J. E. Gesselman addressed the meeting and presented a petition praying for improvements in roads leading from Pleasant Valley to Alix.

After discussion of petition it was moved by C. C. McDermand, seconded by M. M. B. Nishen and carried that the Council be requested to appoint a committee of a competent surveyor and decide on the most feasible route for a road from Pleasant Valley to Alix via the Stanton School. In connection with relief to indigents it was moved by C. A. Cockrail and G. P. Puffer and carried that the petition to the Provincial Government to take steps toward providing poor farms.

Nominations—
Div. 2—C. B. Tallman and A. G. Datto
Div. 3—E. C. Sherburne
Div. 4—L. R. Forcht and I. V. Carter
Elections in Div. 2 and 4 will be held Feb. 22nd.

In The Matter of The Estate of Francis Morrison, Late of The Town of Nitro, in The Province of Alberta, Esquire, Deceased.

Notice is hereby given that all persons having claims against the estate of the above named Francis Morrison, who died on the 10th day of January, 1927, are required to file with The Canada Permanent Trust Company, Canada Permanent Building, Mcleod's Alley, Edmonton, Alberta, by the 1st day of April, 1930, a full statement of their claims and of their claims and of the assets held by them and of the liabilities held by them, and of the date of the death of the deceased among the parties entitled thereto, having regard only to the status of which parties has been so filed, or which have been brought to their knowledge.

Dated this 14th day of February, 1930.

Ratemyra Petition, F. J. Road

Bearing 46 signatures, the following petition was handed to the annual meeting of the Lamerton M. D. held on Saturday last week. It was referred to being sought by Alix in township 39, range 23 4th, the portion objected to being between the McDermand and the Fox farms.

"We, the undersigned, do not believe that the present location of the above road is practical, and consider it a serious handicap to our welfare. We therefore implore the council of the Municipal District of Lamerton to consider our plea and grant our request that another route be obtained. We know that a good road never can be built on the present location and believe that a far better road could be located, therefore we feel justified in making this request."

'19' Was The Popular Number

The election of council for Divisions 2 and 4 of the Municipal District of Lamerton, held on Saturday last, resulted in two new men being elected. The vote polled was not large as' out of 162 names on the list for Division two, only 109 exercised their franchise, and in Division four only 157 votes were polled out of 222 names on the list, only a two-third vote in all, and in each Division there were a large number of voters whose names were not posted previous to election day.

In Division 2 A. G. Ditto won over C. Tallman by 19 able in No. 4 I. V. Carter topped the poll by a majority of 19 over L. R. Porcht, so when the new council convenes the personnel will be:
Div. 1—C. Cockrill
Div. 2—A. G. Ditto
Div. 3—C. Sberburne
Div. 4—L. V. Carter
Div. 5—A. W. Gilles
Div. 6—H. Stevenson

The first meeting of the new board, a late set by law, will be Thursday, March 13, when the new members will be sworn in.
Mr. Tallman is the veteran councillor as he represented his Division on the old Local Improvement Council and has continued to do so ever since the formation of the M. D., some fifteen years in all, the last three as reeve, and we regret his retirement from public office.

Happy Happenings

A play and dance was given in the hall by the Ladies Club for the benefit of the Red Cross Cripple Children's Hospital of Edmonton, proceeds amounting to \$60. The players were the young people of Stoen's school district and deserve credit for the way in which it was handled. The name of the play was "The Old Oaken Bucket" and cast as follows: Ruben Hardacre Arthur Kenton; Martha Hardacre Mrs. T. Reider; Tom Hardacre, Victor Lawton; Jake Tomlin, Jack Moorhouse; Teddie Lawrence, Mrs. Arthur Kenton; Linnie Lawrence, Mrs. Lorne Trane; Rev. W. Mason, Norma Todd; Arthur Allen, Lorne Tracy; Sophie Leavigne, Marie Morehouse; Mark Hayward, Marie Lawton; Members of Leaching party were Mrs. A. Reider, Mrs. A. Kenton, Cliff Dean, Marie Lawton.

We are sorry to hear that our old friend and neighbor, Mr. Richard Buchsall, is very

ill in Red Deer.

The home of C. Lakeman was the scene of a pleasant gathering of friends and neighbors who spent an enjoyable evening playing cards and dancing.

Mrs. J. J. Daly has returned home from a visit to Edmonton.

Appreciation

To all those who so strongly supported me in my candidature for councillor, I sincerely hope I can depend on your further support during my tenure of office.
Again,
A. G. DITTO

We are pleased to learn that Miss Hazel Maurer, who is in a Calgary hospital where she underwent an operation for goitre, is improving slowly and will soon return home.

Mrs. R. D. Dye, who has spent the past sixteen months at the Langdon, will return in a few days to take up her residence on her farm east of town.

We were in error in saying that the Presbytery met in Trochu last week, it should have been this week, and Mr. Watson went down on Wednesday for the sessions.

SPRING ADJUSTMENTS

Mr. W. R. Todd, who sold his farm chattels on Thursday, will move to town shortly, taking up residence in the house he recently purchased from Mr. P. C. Tompkins. He will move onto his bay, the farm being vacated by Mr. Todd.

We hear that Mr. P. McCullum has purchased a farm near Edmonton and will move his family to their new home in the near future. We are sorry to learn of the removal of this family from our midst. We hope we are mistaken and that Pete will buy here.

We understand that Lawyer S. R. Wallace will move his office to Lacombe the beginning of next month where he will continue his practice, visiting Alix and Crows each week.

Mr. J. Witterman, who has spent the winter in town, will move his family to his farm west of the town, at present occupied by Mr. Lyle who has taken the Bill Anderson farm and move west and two miles south of his present home.

A BABY IS BORN AN OLD TIMER PASSES IT IS LIFE!

So runs the local paper. Mr. and Mrs. _____ welcomes a new child. Old Mr. _____ who was one of the first white men here passes to his reward. A local couple joined in wedlock. These and hundreds more little items of human transit through this old world are recorded by the local paper for neighbors to read, not items of the world wide interest surely, not as important perhaps as a conference on disarmament, not as thrilling as a murder, but as interesting in the field that they cover as any of the above mentioned "High Lights" in the news of the world. Mrs. _____'s birthday party. Mr. _____'s presentation, the Junior school standing, the story of the local team's achievements in sport - all these are stories about people you know and associate with.

Two Dollars a Year - Dear, perhaps, if you compare it with the big city dailies or weeklies, cheap if you judge it by the amount of time and effort necessary and the limited field - indispensable if one is to be locally informed.

ITEMS OF INTEREST

TOMORROW IS MARCH

Mr. W. Palmer of Fawcett, Alberta, has been spending the past week among his many old Alix friends.

The regular monthly meeting of the Village Council will be held next Monday evening at 8 o'clock.

Following a sickness of more than two years, the death took place on Thursday of last week of the family home of Mrs. T. Victor, aged 40 years. The funeral was held on Saturday at 2 p.m. from United church, the services being conducted by Rev. Hughes of Crows. Interment took place in the Alix cemetery. In addition to her husband, she leaves a family of six children to mourn.

K. R. McLean of Malton and Anderson, agent special-ist, will pay his bill visit to Alix, at the Happy Valley Hotel, on Thursday, March 13th.

Easter is late this year, the third week in April, 1930.

During his husband's business trip to Calgary, Mrs. J. Russell of Mirror was a guest over the week and at the home of Mrs. F. R. Macdonald.

Farm relief hint: The banana when it leaves the bunch gets shivered - so does the farmer. - R.

A large crowd attended the hockey game on Friday evening of last week and we must say that the boys did everything up grand. The orchestra had car trouble a few miles out of town and were very late in getting there, but Mrs. G. A. Thompson kindly took the piano and the dance went on just the same. The girls were abundant and up to the best served in the hall. Do it again boys.

See the posters announcing the Auction Sale being held by Messrs. Chas. Russell and Dave Lefebvre, 3 miles west of Mirror, on Tuesday, March 11th.

"Your bridge work is terrible" said a local dentist to a patient. "Yeah, that's what my wife tells me" he replied.

Wallace Jennings who has been an Alix resident for over a year, left on Monday for Edmonton. He is not sure whether to remain there or not, but may continue his journey to the old home in Quebec.

The Sunday School lesson for next Sunday will be found in Matthew 11:26, 12:30. Golden Text - "Come ye all ye that labour and are heavy laden, and I will give you rest." - Matthew 11:28.

Attendance last Sunday was 36 children and 5 adults. The Women's Guild of St. Pankraty church will hold a St. Patrick's tea in the W. L. room on the afternoon of Saturday, March 15.

In the absence of the pastor, Rev. Smalley of Mirror preached in the United church on Sunday evening last. The old gentleman, we would judge, is in his 60's but he still retains the ability to drive home the gospel truth. He is of the old school and we don't know but that his interpretation of the scriptures is about right. Anyway we enjoyed every word he said. The music was good, the solo by Mr. F. Bettors "Pam It On" being especially appreciated. Service on Sunday next at 11 a.m.

The Curling Club at Mirror are holding a Grand Dance on the last night of February, Friday 22nd. The music will be furnished by the Bullwinkle orchestra. Gents \$1.25. You are assured a good time if you take it in. This is the night the Mirror young people are staging a three-act comedy "Safety First." Take in the play and stay for the dance. Make a real night of it.

Our roads are in bad shape at present, the snow being completely gone in places while other spots have still enough to hold up a car. A few more days of weather such as this will clear them up.

THE STINGIER MAN

A man who was too economical to take the home paper The Alix Free Press sent his little boy to borrow the copy from his neighbor. In the house the boy ran over a 5¢ stand of beans and in two minutes he looked like a run-over squash. His mother cried his father who ran to his neighbor and talking to several neighbors whom he ran into, breaking it down, cutting a handful of cash from his money and running a 5¢ coin of paper. The old man took advantage of the gig in the form, got into the corn field and killed himself cutting corn. Hearing the racket, the wife ran out upsetting a four gallon churn full of rich cream and raising a 5¢ coin of paper. Scout Aid Cub News

On Saturday last the Cubs went for a great hike, they started to collect at the school at 1:30 but one or two did not arrive till 2:30 and during the wait games were played. At 2:30 the, started off with the Grand Haul and a few minutes from Alex. Scout Lawrence Kanan went along as assistant. They followed the north road till crossing the creek and then headed through the pasture so the right, coming to a hill which they all climbed with great energy and were rewarded with a great view of the country. After viewing everything the pre-ordained at 2:30 arrived, the stopping place—the Scout Hut. They built a fire and dried their feet, then came roasting of hot dogs, a drink of cocoa and some biscuits brought out by Jack Sitters. Bob and Bill Waterman were a hot dog each as a prize for being good Cubs. This meal was greatly enjoyed by all and while digesting it they heard a story from the Jungle Book. At 5 o'clock camp was cleaned up and they started home, arriving in town at a quarter to six. There were eleven boys, ten of them Cubs.

On Tuesday at 3:30 the 1st Alex Wolf Cub Pack held a meeting in the basement of the school, starting with the Grand Haul which they do very well, then came a game of Crows and Cranes. Mr. Griffith came in at this moment and gave the boys a physical exercise after which came some more games. Then the cubs heard a story from the Jungle Book. There were nine Cubs present as Pearson Baker had

The Town Tailor at Ten
We are sorry to hear of Mr. F. O. Star child's state of health which has been very bad for the last short time. Mrs. K. D. McDougall returned home from Calgary on Thursday leaving her father improving slowly. The winner of the last whist drive was Mr. John Hild, and Mr. Orie Conrad, had to cut card for first, Mr. George Gachwendter winning ladies first. Miss Shaffer and Albert Papineau winning consolation. We are sorry to hear Mr. Evan McNeil left for Edmonton on Monday for University Hospital, he has had very poor health for about two months. Don't forget the usual whist drive Friday February 28 Mr. Lewis Lavington for the dance. The play put on by the Westling people "Light House Man" on Friday Feb. 21st was enjoyed by all, taking in \$45 at the door.

The Passing Of Little Jean / Another Old Time Passes Away

Following an operation in the Stettler hospital, the death took place on Sunday morning, March 9th, of Jean the bright little ten-year-old daughter of Mr. and Mrs. Alex Anderson of Alix. The girls had been sick for several days but was apparently on the mend, but on Friday she took a sudden turn for the worse, was taken to the hospital and passed away the Sunday following, the cause of death being peritonitis of the bowel.

The funeral took place on Tuesday from the United church to Alix cemetery, the services being conducted by Rev. Upton of Alix and Rev. Miller of Calgary. The pallbearers were Richard Clark, Glen Rouse, Harry Price and Ray Wilton.

School was closed and the flag flown at half-mast, also all places of business closed their doors in respect to the departed and the bereaved. The floral tributes were beautiful and were carried by some twenty girls from Miss H. Stone's room in which Jean was student.

The flower tokens were from the Masonic Order, The Ladies' Aid, Hockey Club, Curling Club, Dad, Mother and Isabel, Sunday School, Mr. and Mrs. H. H. Mann, Mr. and Mrs. W. H. Price, Mr. and Mrs. W. E. Jennings, Mr. and Mrs. K. Thompson, Mr. and Mrs. E. L. Toepfer, Mr. and Mrs. Everett, Miss Stone's room and the three other rooms, Alix.

Mr. and Mrs. D. Drissem, Mr. and Mrs. C. Drissem and Omega Circle of Gadsby and Wm. Anderson of Stettler.

We join in extending sympathy to the sorrowing parents in the loss of this ray of sunshine from their home.

Among those from outside who attended the funeral were: Mr. J. K. Anderson, C. E. Haer and family, H. DeWent and family and C. DeWent of Bad Wilder, Mr. and Mrs. Drissem, Mr. and Mrs. Jan. Christenson, Alex Young and Rev. Kuter from Gadsby, Mr. and Mrs. Everett, Miss Smith, Mr. Wm. Anderson of Stettler.

Card of Thanks

To all kind friends we extend our heartfelt appreciation of the many kindnesses shown us in our recent sorrow.

Mr. and Mrs. A. Anderson

Service on Sunday in the United church at 11 a. m.

With the passing of Andrew John Sundberg, who died on Saturday, March the 8th, at the age of 67 years, Alix loses another of those sturdy pioneers who have been instrumental in the making of our district. Moving into the Alix district some twenty eight years ago, his took up land on which he has continued to reside ever since. He was diligent, built up a comfortable home, raised his family and earned for himself a name for integrity and neighborly kindness. Deceased had been ill for a few days but his sudden death came as a shock to the community.

The funeral took place from the residence to Alix cemetery on Monday, the services being conducted by Rev. Upton, while the pallbearers were all old friends, namely: J. Goss, B. E. Todd, C. Stottard, J. Durberry, A. B. Stewart and W. L. Frost. He is survived by Mrs. Sundberg, eight daughters and one son.

Mr. and Mrs. Merrill have moved to town, occupying the Stettler residence on Jameson street.

Another day of spring was in evidence on Wednesday when a working committee of the Women's Institute could be seen housecleaning the rectory.

The Municipal Council in
body on Monday afternoon
of this week visited the west
road to the south of town to
see what could be done with
the Schoepf hill and the four
miles of highway east and
west of the elevation. A new
route had been proposed but
after carefully going over the
portion of the road in question
it was agreed to make no
change in the location but to
put a lot of work on same,
lowering the hills and widening
the grade.

It is to be hoped that some
permanent improvement will
be made as the ratepayers
along that route-for-a-road
have a legitimate kick.

Yesterday and Today

Thirty-five years ago the death of a small town across the border, a young U.S. Government clerk, C. Francis Jenkins, using the machine patented above, which he had just invented, staged the first public exhibition of moving pictures in America.

It remained, however, for the Kinetograph machine and the cinema, invented in the continental trans-

mission of sound, to make possible sound picture equipment. Apparatus similar in all respects to that which has already been introduced by Northern Electric Companies in the United States has been sent to coast buyers in Canada, but has also been placed in the hands of the British, French, German, Italian, American, and other nations. It is now being used in the United States.

Canada's Effects U.S. Wheat

The crisis experienced by the Canadian Wheat Pool may have been a factor in the congestion at the terminus and the depression in the market in the United States, recently L. J. Dore, senior agricultural economist in the division of statistical and historical research of the Bureau of Agricultural Economics at Washington said in an analysis of the wheat situation.

The grain industry in the United States, he explained, may have feared that wheat from the Canadian pool would be dumped on the world market. One cause of the congestion in the United States terminals was the anxiety of farmers to get the wheat out of their possession before the March 1st assessment.

European needs for bread grains are being still supplied by offerings of wheat grown in Europe or in the Southern Hemisphere. Europe took only about half as much wheat during the month of February this year as was taken during the corresponding period in 1929, and the greatest reduction was in wheat from Canada and the U.S. If this condition continues, it was explained, Canada will have as large a carry over on hand this year as it had last year, in spite of the failure of the 1929 crop in the Dominion.

Interesting Meeting April 6th

The U. F. W. will hold their regular meeting at the creamery on Saturday, April 6th, at 2:30 p. m. when the address on "Craft and Culture" given by Miss Montgomery B. A. of the University of Alberta at the annual U. F. A. convention, will be read.

The Risk A Wonderful Success

The annual meeting of the Alix Curling and Skating Association, held on Monday evening, was well attended. After reading the minutes of December executive meeting, when the registration of the Association as a joint stock company was reported completed, the secretary presented the financial report for the treasurer, which showed a reduction of \$250.00 on the indebtedness and the payment of all interest charges and incidental accounts to date. The statement showed an additional improvement to the property of \$50. This leaves a note of only \$450 which should be taken care of next year. The meeting was unanimous in its appreciation of the work done by its officers and were perfectly satisfied with the financial end. To show their appreciation the meeting re-elected the 1929 board for another year.

We feel that those who have given of their time and energy are to be congratulated on their success. The first nail was driven a little over eighteen months ago, a conservative valuation of the property is \$2500 and when we say that it has been a real playground appreciated by all we feel that those responsible for its erection must be satisfied.

Club News

The 1st Alix Wolf Cub Pack held their weekly meeting on Tuesday at 3:30 with six present and two came in later. This was the cub's first meeting in the open air. Alix showed them how to tip the Union Jack, then came some games. Before the meeting closed Alix told them that there would be a nice next Saturday at 2 o'clock and each cub has been urged to bring something. The cubs are bringing 5c as dues, the money going for badges and other supplies. Rev. Griffiths did not turn up at this meeting.

Production and Marketing Problems

The question of disposing of surplus fruit products in an orderly and timely manner has been one of the most important problems of the marketing of a large portion of the surplus of the world's market of citrus fruit. It is a problem which involves agricultural producers and shippers of citrus fruit, and is one of the most important of the citrus industry. High People Home Heights is

Friday evening, March 28,
being the 5th Anniversary of
Mr. and Mrs. L. S. Olson,
their many neighbors and
friends gathered at Ripley
school to commemorate the
happy event. A very pleasing
program was arranged, pre-
vious to which was an inter-
esting mock wedding with
Mrs. Stanley Roper as the
bride, Mrs. Harold Homes as
bridegroom, while Mrs. Geo.
Hell officiated very ably as
person. The program con-
sisted of songs, readings,
recitations and community
singing, after which Mr.
Stanley Roper gave a very
interesting and amusing ad-
dress followed by the presen-
tation to the popular guests
of honor of a gold lined silver
cup set and beautifully en-
graved tray from the people
of the community, a handsome
caring set from the family
and a silver cake basket from
Mr. Armitage, to which the
bride and groom presented
five years ago feelingly re-
sponded.

After the presentation a
sumptuous lunch was served
and a beautifully decorated
wedding cake was cut by the
bride. The remainder of the
evening was spent in dancing
and cards, after which the
gathering dispersed wishing
Mr. and Mrs. Olson many
more years of happiness.

John Hanson and Mrs. Lizzy

Last spring I buy me a car
and he run all right for six-
teen months, but after a
while she squeak in front and
the Ford she make enough
rattle without, that squeak.
I know nothing about a car
so I take her to a German and
the mechanic he say \$25.00 to
overhaul the engine. I say
so, so he tighten up one bolt
and I pay \$3.50. Well, I take
her out and she so better,
just squeak and squeak till I
almost go crazy, so last week
I take her to Bob Thompson's
Garage and his me-
chanic he check some, give me in
a fan belt, put in new screw
and ask me two-bits, dat
feller he know his business
sure but my neck I was and
when that other guy charged
me \$25.00 for nothing and
tried to charge me \$25.00 for
some more nothing.

Messrs. A. Loughridge
and F. Jones left Wednesday
morning on a car trip to the
Peace River country.

Mrs. Paton, who has spent
the winter at Banff, return-
ed home this week.

"CONOCO" MOTOR OILS

If your best friend told you "This oil actually com-
bines with the metal" would you believe him?
Probably you are not willing to believe the statement
that a new lubricant, an entirely different motor oil,
is now ready for your use which penetrates into the
pores of the metal surface in your car, stays there and
provides a practically fracture-proof film for every
wearing surface. But this is not an unsupported claim.
It is backed by such an abundance of proof that no
reasonable person can fail to be convinced.
This new oil is Conoco Germ-Processed Motor Oil. It
is unlike any other motor oil on the market.

Lamerton M. D. Council Minutes

A regular meeting of the Council of Lamerton M. D. No. 396 was held in the Municipal Office, Alix, on Saturday, April 12th. All members were present and Sherburne presided.

The minutes of the meeting of March 13th were read and approved on motion of Councillor Gillies.

Mr. Finlinton, representing the J. D. Adams Co., appeared before the council and spoke for a short time in regard to lease of road machinery manufactured by his firm.

Correspondence from the Department of Public Works in regard to 1930 grants was read and on motion of Councillor Ditto it was decided to apply for a Capital Grant of \$200.00.

Mr. W. E. Creighton appeared before the council in regard to a diversion on his land, the N. E. of 11-39-22. On motion of Deputy Peave Creighton it was decided to pay Mr. Creighton \$49.00 for the use of the diversion and to have the plan cancelled.

Mr. W. E. Shoup of Clive made personal application to the council for the position of road foreman for 1930 and on motion of Councillor Stevenson was engaged, his duties to commence when required.

A letter from the Board of Trade was read in regard to the Buffalo Lake-Lacombe trail, and on motion of Councillor Gillies it was decided to apply to the Department Public Works to have have this road made into a "B" class road.

A delegation consisting of Messrs. J. E. Greveman, H. D. Nielson, C. C. McInnes and O. T. Berg appeared before the council in reference to the proposal to improve the road between Sections 21 and 28 in 19-32. Councillor Ditto, in whose division the road lies, informed the delegation that no work would be done on it this year.

On motion of Ditto the 1930 Municipal mill rate was set at ten mills.

The monthly financial statement was read and approved on motion of Carter.

A number of bills and pay-
sheets were read and passed for payment on motion of Gillies, and the meeting adjourned at 6 p. m. on motion of Councillor.

YOUR EYES

I have been making a professional visit to ALIX

same satisfactory optical service that we have
rendered in every other corner of this district

H. J. SNELL

Registered Optician and Manufacturing Optician

We visit ALIX on a third Wednesday of the month.

When you are in need of anything
in printing call at The Free Press
office. We are here to serve you.

L. O. D. E. Will Go To Church

Sunday next, April 27th,
is Odd Fellows' Sunday, the
day when all members of that
order and the Rebekah Lodge
will attend divine service in
commemoration of the founda-
tion of Old Fellowship.

The ALIX order invite all
members of the fraternities
to assemble at their lodge
room at 2:30 and accompany
them to the United Church
where the service will com-
mence at 3 p. m. Mrs. R.
Upton will preach and the
Junior choir from Mirror,
some 35 voices, will furnish
the music. All are invited
to this service.

The morning service has
been cancelled and you are
all urged to come out at 3.

Will We, Or Won't We

The question we would
like to have discussed at the
meeting of the ALIX Agricul-
tural Society, called for the
28th April, Monday evening
next, in the basement of the
school, is "shall we have a
fair this year?" For more
than twenty years we have
looked forward each fall to
this event without a break
and were disappointed when
the directorate deemed it ad-
visable to cancel the 1929
exhibition on account of the
poor season. But things are
looking a lot better, so let us
come back in 1930 better than
ever. All interested in the
community are invited to this
meeting next Monday evening.

A Caution

We were in error in stating
last week that Mr. Hocking
had sold his Barber Business
to W. Patrick. Being unable
to secure a building on Main
Street, he has moved his shop
to his residence where he will
continue in business. See his
announcement in this issue.

The Wolf Cubes Meet

The Fun ALIX Wolf Cub
Pack held their meeting in
the school on Tuesday, April
22nd, at 4 o'clock when five
Cubes were present. Mr. Griffiths
was being there. Four
boys were awarded into the
Cubs, they were:
Robert Straub
Mabels Clarke
Karl Smith

Organize For Football

A meeting of the exponents
of football was held in the
White Lunch last Tuesday
evening, when fifteen signed
up to play with A. Anderson
as treasurer and H. Edgar
the Secretary. It was de-
cided to seek admission to
the Central Alberta League
and a committee comprising
Rev. Upton, H. Edgar and
L. Siddons, were delegated
to go to Ponoka and make
arrangements. They drove
over on Wednesday, only to
find that the meeting had
been called for May the 8th
at Lacombe. The first try-
out practice is tonight (Fri-
day) when the regular eleven
will be selected and their po-
sitions allotted.

Appearances indicate we
will have a strong team and
some good games.

Alix Will Hold Fair Sometime In August

PRESIDENT-ELECT APPOINTED TO INTERVIEW
DEPARTMENT AS TO DATE

The representative gathering which assembled at the Agricultural Society meeting on Monday evening last were unanimous in voting to hold a fair this year, and from the enthusiasm shown we can safely state that every effort will be made to get it over right. It was decided to cut it to a one-day event and make a day that will be full of interest, with something for everyone and something doing all the time. Exhibitors will be permitted to bring in their exhibits the day previous, but it was decided to hold fast to the rule that all exhibits must be in place by 10 a. m. on fair day. As regards the date, Mr. E. Cormack was appointed a committee of one to interview the Department and secure a date sometime between the 15th and 20th of August.

An advertising committee was appointed that will go immediately into the solicitation of ads. for the prize list, so that when the next meeting is called the revision of the list can be gone ahead with and handed over to the printer, the various committees for sports, concessions, etc., appointed and all wheels put in motion to get everything running smoothly. An extensive canvas for members will be started within the next few days.

The election of officers resulted in new blood being brought out as follows:

President—Mr. E. W. Cormack

1st Vice-President—Mr. Maxwell Smith

2nd Vice-President—Mrs. W. L. Pettit

Secretary-Treasurer—Mr. W. Waitfield

On the directorate will be found a goodly number of new directors, men and women, and no doubt the infusion of new material will work up and going.

Mr. A. G. Dixon was appointed a committee of one to investigate into the advisability of holding a dance in the fair building this month.

This Week's Ties Tidings

Miss Marion Adams, who is attending high school in
 Mel Deer, returned home to spend the Easter holidays.

The Calgary Power Company have shipped their
 equipment to Tuen and are getting ready to build their line
 into our city zone.

Helen Lawson was a Chive visitor Friday of last week.
 Miss Mabel Hart spent the Easter week end with her
 parents at Botha.

Harry Craster has traded his farm and is going to
 move to Mount Hill soon.

Mr. C. E. Gebhart has been assisting B. M. Armstrong
 with his spring work the past week.

Miss Agnes Peterson of Lacombe, who taught Tues
 school, was visiting here the latter part of last week, a
 guest of Mr. and Mrs. K. D. McDougall.

The Misses Tremblay and Fair, who have been
 visiting their sister here, Mrs. W. Ardley, returned to
 Lethbridge on Saturday.

Two Ties kids had a wild ride on the rear of an auto
 truck the other day, they climbed on when the driver, Mr.
 R. W. Heath, did not know about it and he drove several
 miles in the country before they were discovered. Don't
 climb on to the cars boys, you might get killed.

Miss Elizabeth Mellett of the Drake (Tues) school dis-
 trict attended the Calgary convention, returning Saturday.

A number of the Ties people attended the special ser-
 vice held in Chive church on Sunday.

Lewis Lawson has just purchased some new drums
 and saxophones and will furnish the music for the dance in
 Alia Friday evening.

Mr. E. E. Seal, who has not been very well the past
 few months, is now in Edmonton under the doctor's care
 with a slight touch of pneumonia.

Miss Olson of Mirror, Normalite, is teaching in Ties
 school this week under the direction of Miss Mellett.

Mr. H. L. G. Wolfe and family were Lacombe visitors
 on Sunday, going via Hays.

Mr. T. A. Cunningham and family drove over to Bowden
 and visited with relatives on Sunday last.

Miss Florence Allen spent the week and visited Miss
 Louise Randall south of town.

Alfred Stanfield shipped a car of settlers effects up to
 his new farm at Boyle, Alta., last week.

D. Rogers, Horseshoe Lake Ranch, Alia

Mr. O. Coorad has been visiting the past week with
 his sister, Mrs. Stewart near Ponoka.

Mr. and Mrs. Dr. J. E. Hanning of Edmonton are
 visiting this week with Mrs. Cornack north of town.

Mrs. Len Schanborn is enjoying a visit with her
 sister, Mrs. Jaynes, son and daughter from Saskatchewan.

Little Dale Craster, who was in the Brierley hospital
 several weeks ago and had an operation, is getting along
 nicely and expects to soon be
 fully recovered.

K. D. McDougall and family
 drove over to Lacombe on
 Sunday, visiting relatives.

Mrs. E. E. Seal went to
 Edmonton last Friday to be
 with Mr. Seal over the week
 end.

Special Easter services were
 held in the Ties United church
 last Sunday.

DOES MAN SETTLE UP OR DOWN ?

When man reaches that stage in his exist-
 ence where the urge for "Home" dominates
 his thoughts he is suffering the first stages of
 the "settling down" process. He begins plan-
 ning a house and all that goes with it, and
 realizes that before he can settle down and
 become a solid citizen he must "settle up."

Now this "settling up" business should be
 indulged in at regular intervals by most of
 us. There's always some little account that
 if not paid promptly, will be allowed to stand
 indefinitely. One of the most unfortunate in
 this respect is the subscription to the news-
 paper. The amount is small and comes due
 but once a year, so it is easily forgotten. But
 when hundreds of subscribers "forget" the
 publisher is in a bad way and immediately has
 to put on pressure to collect the two dollar
 account.

There is one sure way of keeping "settled up"
 with your newspaper--watch the label every
 week. After your name the date on which
 your subscription expires is printed plainly.
 Pay it promptly when it comes due. MAKE
 SURE OF IT NOW.

Fred Menis left last week for Leduc where he has
 secured work for the summer.

Maxine Baskin goes to Esquimalt, Washington, to
 visit her sister, W. A. Baskin.

Leon Lewis returned home Saturday from a
 three-day visit with Lacombe friends.

Mrs. R. Whitfield left Monday on a two weeks' visit to
 friends at Crossfield and Calgary.

One of the matters which should be brought before
 the council on Monday evening is the half holiday.

ANNOUNCEMENT

R. E. Bell, Right Specialist, Graduate of Canadian
 Ophthalmic College, will pay his usual visit to Alix on
 Wednesday, May 21st, at the Happy Valley Hotel.

The United Church was held on Sunday afternoon at
 the Old Fellows service and the discourse by Rev. Upton
 was much appreciated. The Junior Choir from Mirror
 gave us some beautiful solos and we must congratulate
 them on their work and the control she has over the
 children, for it was truly a treat to hear them. The girls
 presented a pleasing appearance in their white middie
 blue shirts and blue ties. After service the Old Fellows
 traded the kiddies to ice cream at The White Lunch.

A 28-run Massey-Harris drill, the largest tender to be
 brought into the district, was set up this week by Agent
 C. Woolgar and delivered to Mr. E. Cornack.

The Sunday School session for next Sunday will be
 held at Matthew 24:1-28. Golden Text: "The Son of
 man came not to be ministered unto, but to minister, and
 to give his life a ransom for many."—Matthew 20:28

Attendance last Sunday was 34 children and 9 adults.

The school children got down to business again on
 Monday, following the Easter vacation. They have now
 around six weeks hard working for the mid-summer
 exams, which will start around the middle of June.

After visiting for the week end with Calgary friends,
 Mrs. R. Thompson returned home on Monday.

Word City: "What I've always said is, we ain't young
 but content, we ain't."

The Municipal office promises is being beautified by
 setting out a carriage house to enclose the grounds.

Mr. E. Cornack is a business visitor at Edmonton
 this week.

Surfacing the highway for gravel started this week
 and we understand the work will be in full swing within
 the next few days.

Constable Lees of Bashaw has been transferred to
 Youngstown. He left a good many wet eyes behind?

Following the setting of the date for the Provincial
 Election, June 19th, the post is holding and from all sides
 we hear of organization meetings, and it began to look as
 though a sun light would result in all constituencies.

Nomination day is set for June 9th. The present house is
 composed of 60 seats (United Farmers 43, Liberals 7, Labor
 & Conservatives 4) but on re-distribution the next legisla-
 ture will have 63 members.

Wait for "The Old Song" this month.

First Fortnightly Crop Report

Telegraphic reports received by the Department of Agriculture indicate that in the southern part of the province from 40 to 75 per cent of wheat is sown. Over all of the southern area moisture is sufficient for germination and the province reports indicate seeding of wheat to be from 55 to 75 per cent, completed with sufficient moisture for germination but no more. Most of this area has received some moisture during the month of April and on April 24 and 25, snow and rain fell over a large area of the eastern part of the province.

In the Peace River district, heavy rains north and south of the Peace on April 24 have delayed seeding for several days. Very little grain has been sown north of the Peace while to the south more than half of the area has been seeded. It is estimated there is an increased crop area in this district of 25 per cent, and that moisture conditions are the best in 12 or 13 years.

There is not likely to be much decrease in the acreage sown to what throughout the province. There will be, however, an increase in the acreage of cereals grain making a considerable increase in the total acreage sown. The small acreage of winter wheat at once has suffered severely from winter killing.

Live stock is reported to have come through the winter in fair condition.

The Passing of "Yaller"

On Friday, April 18th, old "Yaller," the dog known and loved by every lover of dogs in the Alix district "wrapt the mantle of his cloak about him and lay down to pleasant dreams." For many years he had been on duty at Toepfer's Barn as assistant to his old friend, Mr. M. M. Brown, a four old "Yaller," black and fawn.

Football Game Tonight (Friday) May 9

On the Fair Grounds, ALIX, at 7 p. m. sharp, between the Lacombe and Alix elevens. Collection. Come and root for the boys at their first home game.

The "Old Sock"

Watch next week's paper for full announcement of the show-up play to be put on in Alix by local talent on May 22nd and 23rd.

Will Rate Same As Last Year

There were five appeals to be considered at the Court of Revision on Monday evening by the Village Council and in three of them, the Imperial Oil Co. and the two elevators, a reduction was allowed in fact all the council could do was set an assessment in accord with the provisions of the Assessment Commission, which only reduces the village assessment by \$5000. Notwithstanding this, the board after considering their year's appropriations, were able to set the rate at the same as last year, namely 12 mills.

Alix Eleven Wins At Lacombe

The Alix-Mirror football team journeyed to Lacombe early this week and landed home with that aggregation and after an hour's rest on the effort emerged from the din of battle with a score of 3-0 in our favor. Our boys entered the game with two men short, Lacombe badly offering to fill the gaps. Many thanks are extended to those boys, one of which started the scoring and the other boy defending the victor's goal. Alix line-up:
Backs—Macell Smith and J. Robinson.
Half-backs—H. Edgar, R. Purfin and H. Simmons.
Forwards—Eric and Terry Jamieson, Ben. Upton, G. Hull and A. Shroet.

Everything growing fast.

Miss Hazel Mawer of Cibe has been waiting for her many Alix friends.

J. R. Macle of Alix, Alberta, at the urgent request of his many friends throughout the Lacombe riding, announced himself as an independent candidate for the Lacombe Constituency in the forthcoming Provincial Election. As such he solicits the support of those voters throughout the riding who are opposed to Group or Class Government and pledge himself to support those measures which are in the best interests of all classes within the province irrespective of their occupation.

How To Investigate Business From Industry

New From Boston Veterans Council

THE UNITED STATES is being investigated by the British Government to spend some weeks in the United States to investigate modern farm machinery and the harvesting of wheat. The investigation is being conducted by the Institute of Agricultural Engineering, Oxford University, and is being conducted by the Ministry of Agriculture and Fisheries of the United Kingdom. The investigation is being conducted by the Ministry of Agriculture and Fisheries of the United Kingdom. The investigation is being conducted by the Ministry of Agriculture and Fisheries of the United Kingdom.

The members of the delegation, which they wanted to spend the greater part of their time in the United States, investigating very thoroughly the use of labor-saving machinery in the manufacture of paper and pulp, and the methods of forest management and reforestation, will visit particularly the states of Kansas and the Dakotas. Later on they will visit the states of Michigan and Minnesota.

In Ottawa they interviewed Sir William Christie, British high commissioner to Canada, and heads of the various branches of the Canadian government.

At Montreal, A. J. Macdonald, a steel-works business as a whole will continue on a meeting that will last four or five days. However, Canada is fortunate that capital is available on development projects continues in large numbers. The Canadian Minister of European Trade, the bank's letter reminds that with the prospect of further substantial program, Europe cannot afford to neglect the Canadian export market for those European commodities which require an expanding market owing to Canada's increased productive power.

Prairie Cattle For Peace River

Cattle available for sale on any terms to settlers in the Peace River district have been found on prairie and will be purchased there shortly.

This scale of planting not only provides additional pastureage but allows a farmer to control the farm and the land and often provides a carry-over to

Here Milk Is Used

Conservation For Cattle Has Practically Doubled In Canada

During the past eight years domestic production of cow milk has practically doubled in Canada. The Dairy and Cold Storage Branch of the Dominion Department of Agriculture attributes this increase to the increased demand for animal products and to increasing popularity of ice-cream. Canada's exports of

dairy products have become a reality, and this has led in part to an increasing domestic consumption and in part to the large amounts of high quality milk cows which have been shipped to the United States and gone out of the country. In this connection it is noted that there were approximately 100,000 fewer good milk cows in Canada in 1958 than there were in 1957. Canadian dairymen are realising the economic danger of the situation, however, and few sales of high grade milk cows occur any longer.

Another feature in the new design is that it will be made in London while business was carried on as usual. By means of an ingenious device, the Empire and Britannia stamps, which cost 400 francs, will become one. The Annual Convention of the Lacombe Provincial Constituency Association (U. F. A.) will be held in the VETS' HALL, LACOMBE, on TUESDAY, MAY 27, at 11 a. m. Visitors are welcome. Premier J. H. Brownlee will address the general public at 8 p. m. in the same hall.

Conventions Decide To Stay Out

The Liberal and Conservative Conventions held at Lacombe on Monday last were well attended by delegates from all parts of the riding and both organizations passed a resolution to the effect that they would not put a candidate in the field for the pending Provincial election.

After the meetings had closed a gathering of members of both parties was addressed by the Independent candidate, Mr. J. R. Mackie, and it was unanimous that their influence be used to promote his candidature and we can assure you that if J. R. is elected the constituency will be well represented.

Lacombe and Alix Play Football

On Monday last a friendly game took place at the Alix Agricultural Fair Grounds between teams representing Alix and Lacombe, when the Alix eleven proved victors by four goals to nil. As indicated by the result, our boys had most of the play in a fast and interesting game. Goal scorers Robison 2, Jamieson and Siddons.

Lacombe won the toss and sent forward Siddons kicked off for Alix. The home forwards were early prominent in front of Lacombe goal and after some good wing and half-back play Robison scored the first goal with a well taken leader. Spurred on with this early success the Alix forwards showed great confidence by repeated attacks and were ably supported by the backs. Though half-time came with Alix leading 1 goal to nil, it was evident that this score would soon be added to. On the resumption the home eleven took complete command and only a brief of half-hearted raids came from the Lacombe eleven. Prominent in their work Allen, Brooks and Trick, but the were badly served by the men in the rear. Fine play came from the Alix wing forwards, Jamieson and Purvis combining well on the left, while Cormack and Upjohn kept play along the right with much success. Siddons and Jamieson scored 2 goals, while Brooks was awarded from a penalty kick and full time came with Alix winning with 4 goals to nil.

Alix Girls Dies in Lacombe

Following an illness of on'y eleven days in the Lacombe hospital, Marjorie Strub, a bright little girl of eight years and four days, passed to the great beyond around mid-day on Wednesday, June 12th. On Sunday, May 25th, she was taken suddenly ill and rushed to the hospital, but her ailment puzzled the doctors and she seemed to lose a little each day until finally she fell into the long sleep.

The funeral will be held this Friday afternoon to the Alia cemetery.

Football News

The second game of the League series for Alia, played at Lacombe on Monday evening last, resulted in a tie 1-1. The Alia team was handicapped by the absence of two men and accordingly they had to substitute.

On Friday, June 13th, the Pookas and Alia teams will meet in battle on the Alia field in the first round for the Pooka cup, at 7.15 p. m. sharp.

5-Tube Radio Given Away

To The Electors of the Lacombe Provincial Constituency

Having been urgently solicited by friends of all parties I consented to offer myself as an independent candidate in the present Provincial Election contest, and notice to that effect was published in The Western Globe and The Alx Free Press two weeks ago. In the short time before election day it will be impossible for me to meet all the electors personally. In this letter I will try and make clear my position on some of the vital issues in the present appeal to the electors of the Province, and also to Lacombe Constituency.

In the first announcement I declared myself opposed to Group Government and prepared to support measures to the interests of all classes irrespective of their occupations. The basic principle of our system of Government is that every person shall have an equal right to participate in the affairs of Government without regard to class or creed or occupation on conditions of absolute equality.

It cannot be denied that the present Alberta Government is a Class Group Government and as such is inconsistent with the foundation principles on which our whole Government system has been built up. Such a system can only lead to class antagonisms and dissension on every hand coupled with very expensive administration. And while it may have some capable members in its ranks it fails very far short of demanding the services of a sufficient number of outstanding men and women in our Provincial affairs.

While a Class Government has been in control in this Province it has never been endorsed by a majority of the electors and only represents a minority after all and even falls far short of being approved by all at the class they claim to represent. Many of our best informed and most progressive farmers have never supported it as they consider such a Government unfair and not in the interests of the country as a whole or even of the farmers themselves.

I am firmly convinced that no Group Government System can be permanent in any Province of Canada and that it has only been made possible in Alberta through our having conducted elections under the names associated with our Dominion political parties. While the names Liberal or Conservative are meaningless so far as Provincial issues apply, political prejudices are very strong and many old Conservatives would vote against a Liberal regardless of the issues involved and Liberals vote against Conservatives with the same lack of reason.

Our Provincial affairs are of sufficient importance that the Province would gain by being able to secure the best and ablest men regardless of their Dominion Politics and so build up a sound administration in the interests of all classes of our people believing that no one class of business (Concluded on page 8)

Interesting U. F. A. Meeting

The monthly meeting of the U. F. A. held in the U. F. A. hall on Saturday 7th at 8:30 p. m. President J. W. Smith in the chair with a good attendance.

The minutes of the last meeting were read and adopted. The Secretary announced the receipt of \$100.00 to the Building fund from the Little Players, part of the receipts from their very successful play "The Old Man" a very heartwarming note of thanks and appreciation was awarded them for their generous donations.

E. C. Evans gave an account of the U. F. A. Constitution Convention held in Vancouver on April 27th. The report was 85 delegates to the U. F. A. Party was unanimously elected as the U. F. A. candidate for the Provincial election. Mr. Parley gave an interesting address on the work of the U. F. A. Government since 1921.

Provincial General Election Thursday, June 19, 1930 NOTICE TO VOTERS

The Voter Must NOT:

- Use the X mark.
- Place more than one choice in the white space containing the name of any candidate.
- Make the same choice for more than one candidate.
- Make any mark on the ballot not authorized by these directions.

The Voter SHALL:

Go into the booth and with the pencil provided place the figure one (1) within the white space containing the name of the candidate who is his first choice. If he may place the figure two (2) within the white space containing the name of the candidate he would prefer if the candidate who is his first choice cannot be elected with it. He may then place the figure three (3) within the white space containing the name of the candidate he would prefer if neither his first nor his second choice can be elected and so on, marking as many choices as there are candidates.

The voter may stamp for no candidate shown, using the figure one (1), without spoiling his ballot, but is urged to vote the full extent of his choice, as it is only by marking the full number of choices that the voter obtains the full benefit of the ballot.

Chief of Executive Council

To The Electors of Lacombe

(FROM FRONT PAGE)

should expect fewer "under-estimates" that could not be applied to any other business carried on in the Province. That a sound and equitable income administration is of urgent importance at the present time should be clear to anyone who studies our financial situation.

In the election of 1921 all the parties were agreed on one point exactly, that the time for financial readjustment had arrived and that the public debt should not be materially increased for several years to come. The Stewart Government were pledged to that policy and the U. F. A. party were extremely reluctant to discuss the existing administration for having created so great a bonded indebtedness that the time stood at \$10,000,000 and they were equally well-known in promising to curtail the debt and keep down taxation.

While their intentions may have been laudable enough—this result of their mismanagement in their campaign that stood at \$10,000,000 on December 31, 1928, and there is no justification for such an increase on the ground of increasing population, as our population is only now 70,000 more than in 1921.

Besides the bonded debt the increase in taxes have from the people has been enormous, many new taxes have been imposed and the property taxation has more than doubled during the past six years. These new figures taken from the public accounts and are not to be challenged despite the fact Mr. Brewster's promises in justification of this increase, have been made.

Very few people during the campaign could see that the Provincial revenue steadily from the Lacombe constituency from all the modern vehicle taxes, the gasoline tax, the beer license cannot aggregate less than \$175,000 to \$200,000 annually.

All of the modern and powerful men should be placed in a trust fund and used for highways and bridges only as the other roads and bridges just before election time will not deprive the people any longer.

to Alberta. It is no doubt true that part of the amount is repaid on highways and Mr. Brewster states that the amount for state tax is no need.

The public accounts show that the amount of the Provincial revenue is annually expended for highway purposes more than half the amount is added to the fund of debt through which the province is burdened with the payment of borrowed money, thus making the automobile taxpayer really pay his share of the debt and interest in addition to his regular license tax.

A review of some of such taxes would be a hard task in the Municipality where they are collected and they reflect the burden of the taxpayer.

The Supplementary Stamp Tax should also be abolished.

The Baker Shovel Act—This act has had a rather sorry time of it and has been laid over until other election. There is no possible doubt however that if the Provincial Government is returned they will attempt to amend it on a motion and not the bill through our session. Mr. Brewster and his colleagues and while no one wants it they will be in a position to do so at the next election is 4 or 5 years hence they may be able to make the people by that time and that the Province will have been accustomed to being more just to the Board of Education before another election.

I consider that the Lacombe constituency has suffered severely from the slow trust through our public service having been neglected and the Provincial funds that should have been expended on our roads and school have been spent in other constitutions where the members were more numerous in securing their seats.

In making the support of the students I am not trying to make a political gain but only make sure that the money that I am doing of it will help in constant help with the municipalities of every part of our land.

Sincerely—That I will endeavor to obtain our rightful share of the public funds and that they are fairly divided.

We have been giving nothing anything today, even the right of the other roads and bridges just before election time will not deprive the people any longer.

The Brownlee Government Again The People's Choice

The Lacombe Constituency Fight Was The Closest Ever Known In The Riding

The sweeps made by the Alberta Farmers' Government in 1921 and 1926 was once again repeated on Thursday last when the electors in large majorities from almost every constituency endorsed the Government by returning a U. F. A. member. It will take some days to complete the totals but there is every indication that the personnel will be little changed.

The electors of Lacombe Constituency were equally divided in their opinion as to whom they should support and the result as we go to press is a majority for the Independent of 4 with 1 small poll to hear from. The vote polled throughout the riding was around 4000 and we congratulate Mr. Mackie on his excellent run. He was well supported in all the towns Alix giving him 32 majority, Mirror 62, Lacombe 301 and Glen 57, while he carried a good lead throughout the entire coast but lost heavily in the west end.

Famous Limb Stock Judge For The Alix Fair

A letter was read at the meeting of the Agriculture Society, commencing last week, from Professor J. P. Beckwith, head of the Animal Husbandry Dept. of the University of Alberta, intimating his acceptance of an invitation to judge at the Alix Fair on Aug. 22nd.

Professor Beckwith expressed his pleasure at this opportunity of meeting the people of the district, and wished us every success with the Fair. Professor Beckwith is a great demand as a stock judge, having judged at all the leading Exhibitions on this continent, including the Toronto Royal, the Calgary and Edmonton Exhibitions etc. Consequently Alix district is fortunate in securing his services and it is hoped that all the best stock will be well in the ring. His style and clear reasons for his pickings should be an education to everyone interested in the promotion of better stock.

A Daring Adventure

There is a large red brick ho-
use of Helling in the City Calgary
around which is a story of daring
adventures in faith and optimism.
Children of all ages are to be
entertained from a little novel of
adventure with hair of gold to a
youth in the late teens—all
kinds and patterns.

1747 conditions in the power
that has brought brought them
from their humble home to this
beautiful new House of Helling
in Helling. Kellies trust that as they
are as launched on a wonder-
ful era, so shall their future days
and weeks be safe and secure to
under that beautiful power.

The citizens of Calgary are en-
gaged in a supreme effort to
meet a tremendous challenge in
connection with this beautiful
place. They hope to raise \$10,000
to build the building which will be
a permanent memorial, Red Cross

Election Sidelights

The result is still in doubt and
J. R. has as good a chance as the
powers that be.

It speaks well for a candidate on
his first bid for the public's suff-
rage that he stepped into the arena
against a Cabinet Minister with
such wonderful results.

J. R. wishes us to thank his
many, many friends for their un-
stinted efforts in his interests and
also to express his appreciation
of the efforts of the Alix opposition
motorists in conveying some of his
supporters to the poll.

Well, anyway it started to rain
when it thought Jack was elected
but as soon as it was in doubt it
quit.

The Brownlee Government Again The People's Choice

The Lacombe Constituency Fight Was The Closest Ever Known In The Riding

The sweeps made by the Alberta Farmers' Government in 1921 and 1926 was once again repeated on Thursday last when the electors in large majorities from almost every constituency endorsed the Government by returning a U. F. A. member. It will take some days to complete the totals but there is every indication that the personnel will be little changed.

The electors of Lacombe Constituency were equally divided in their opinion as to whom they should support and the result as we go to press is a majority for the Independent of 4 with 1 small poll to have from. The vote polled throughout the riding was around 4000 and we congratulate Mr. Mackie on his excellent run. He was well supported in all the towns Alix giving him 32 majority. Mirror 65, Lacombe 301 and Clive 57, while he carried a good hand throughout the entire east but lost heavily in the west end.

Famous Line Stock Judge For The Alix Fair

A letter was read at the meeting of the Agriculture Society executive last week, from Professor J. P. Bachvalin, head of the Animal Husbandry Dept. of the University of Alberta, intimating his acceptance of an invitation to judge at the Alix Fair on Aug. 22nd.

Professor Bachvalin expressed his pleasure at this opportunity of meeting the people of the district, and wished us every success with the Fair. Professor Bachvalin is a great doer and a stock judge, having judged at all the leading Exhibitions on this continent, including the Toronto Royal, the Calgary and Edmonton Exhibitions, etc. Consequently Alix district is fortunate in securing his services and it is hoped that all the best stock available will be in the ring. His style and clear reason for his placings should be an education to everyone interested in the promotion of better stock.

Local Items Of Interest

A ladies' band bag containing a sum of money was picked up in Alix this Friday morning and inside the owner of The Free Press office.

The local baseball nine lost to Hayman on Saturday evening by a 4 to 8 score.

All the high school grades are busy writing exams this week.

Mr. and Mrs. Con. Bennett and daughter of Rochlyng are visiting at the home of his brother, citizen A. S.

Will Hold Convention At Olds

The Cooperative Convention for the Red Deer Federal Constituency will be held in the Arena Auditorium at Olds on Monday afternoon next, June 30th, at 3 p. m. when the question of putting a candidate in the field to contest this riding will be the business. Prominent speakers will address the meeting which is open to every Conservative in the constituency. We understand that there are several men willing to take up the fight and there is very little doubt but that a candidate will be brought out.

Official Count Gives Majority 102

The official counting of the ballots for the Lacombe constituency by the returning officer, C. Walstein, took place at Mirror on Wednesday and made very little change in the result previously announced. The recount showed 192 for Mrs. Parly and 1820 for Mr. Mackie, leaving a clear majority of 102 for Mrs. Parly. There were 157 rejected ballots.

ITEMS OF INTEREST

Wallace Jennings of Clyde spent Sunday and Monday among his many Allox friends.

Tuesday of next week, July 1st, being a public holiday all places of business will be closed.

A number of the Allox Macons attended the Masonic service on Sunday evening in the United Church at Hietter-ber and report a most beautiful and instructive discourse by the pastor, Rev. Goddard.

Mr. and Mrs. P. McCallum left last week on a motor trip into the north country.

Mr. and Mrs. Con Blisset, after visiting here for a few days, returned on Sunday to their home at Rockyford.

School closes today for the summer vacation.

The Sunday School lesson for next Sunday will be found in Isaiah 7:24. Golden Text—"Thou art the Christ, the Son of the living God."—Matthew 16:16.

Attendance last Sunday was 63 children and 6 adults.

Following the 29th the Sunday School will be closed for the duration of the school vacation.

ANNOUNCEMENT

H. J. Seal, Sight Specialist, Graduates of Canadian Ophthalmic College, will pay his next visit to Allox on Wednesday, July 16th, at the Happy Valley Hotel.

Tonight (Friday) the Phoenix and Allox football eleven, play on the Allox field at 7.15 p. m. Is the semi-final for the Lacombe cup. Come and boost for the locals.

The Mirror Allox is holding a big sports day on July 8th, Tuesday next, and have lined up a football tournament, baseball and football games, lawn tennis, croquet, bicycle and foot races, etc., winding up with a big dance to the evening. They assure you a good time if you come.

His Majesty of the Department of Public Health, is giving a lecture on "Maturity Nursing and Care of the Baby" to Allox on Wednesday, July 9th. The demonstration will be given in the hall above the creamery under the auspices of the ALIX U. F. W. A. All women of the town and district are cordially invited to be present.

The U. F. W. A. are holding a bazaar sale and an Art W. L. Rooms on Saturday, July 9th. Save the date this hot weather we have "ready made" for a change.

Well, anyway, summer is here and the good weather of last week followed by nice warm sun has added a vast difference in the crops and everybody is feeling more optimistic.

Mrs. E. Gibbs of Rugby England, arrived on Friday of last week to spend the summer with her daughter, Mrs. (Rev.) B. Upson. She came over on the S. S. Alton and is thence by Canadian National.

Railway exercise, the position of the new highway running through Allox, has been gained in preparation for the travel.

The storm of examination will be over today, now the holidays with nothing to worry about except "units" and here's a good luck to each and all.

Keep it in mind! Keep it in mind! The Allox Agricultural Fair to be held Friday, August 1st.

Probably the latest man in the world is the motorist who waited all day in Kansas for a cyclone to blow up a fat lot!

The old bus houses were dismantled by hand, and it was thought that the best of them had been removed until workmen engaged in clearing away old buildings to make room for additions to the government bungalow at Secunderabad destroyed the iron structure which had served as a dwelling 70 years ago. Skills under the building were found to be in good condition. They were of timber brought out from the forests of India.

Provincial government authorities upon learning the history of the iron house, ordered it placed upon a new foundation and to be preserved as a relic of colonial days.

The Edmonton Exhibition

With the most of the buildings freshly painted, and improved, the Exhibition management are putting a great deal of energy into making this annual event bigger and better in every way. The directors are optimistic and they must be for they have to gamble on good weather and good crop conditions, and plan the most attractive programme possible.

Thus far, the Provincial and Federal Government exhibits will be very attractive and cover all phases of activity from bee keeping and poultry farming, to family comfort and health.

Those who have watched the show but sure improvement in the five stock on Northern Alberta farms may not realize just how much is contributed by the annual exhibition to this improvement; the same is true of all the other phases of farm activity, and those who would keep pace with the times will attend the Edmonton Exhibition and inspect the modern farm and home equipment exhibited by the various manufacturers.

To the educational features have been added the finest aggregation of attractions ever selected for the Edmonton Exhibition. An art loan exhibit from Nutana College Institute of Saskatoon will be one of the added features in the Art Building. On Monday, July 14th, an amateur band contest should create much interest, and a horse show pitching tournament open to any man who can pitch, show will create lots of fun. The Morris & Castle midway show, Thaw's musical and dance revue and the splendid plat-

form acts should please all patrons. The exhibition dates are July 14-19.

Come To Canada

Seventy per cent of all Americans emigrating from the United States during 1929 came to Canada, figures of the Department of Immigration show. During the year 10,386 Americans returned to Canada to remain permanently. The majority of these came here to take up farm lands in the west.

OVER PRODUCTION

Ottawa, June 26.—This year will see acute over-production in practically every agricultural commodity in Canada, Government officials believe.

Over production of agricultural commodities has already taken place in the States, it is asserted, as witnesses the advice of the United States Federal Farm Board to the American farmer to adapt planting plans to market requirements.

The Farm Board has re-

cently issued repeated warnings to farmers that unless some attention is paid to the danger of over production prices on many staple agricultural products will tumble.

Accounts in *Shen Bao* Show Steady Increase Every Year

Despite all the crises France has passed through in recent years the people here and their traditional habits of economy (Statistics of savings banks account, for 1929, which have just been published show that in 1929 the savings banks of France received a total of 1,000,000,000 francs, or 20,000,000,000 dollars, an increase of 10 per cent over the previous year.)

In a recent editorial the *Cultureurs* Standard stated that the French people are the most thrifty in the world. A Quack Therapist

Hammond's growing opium was rather old-fashioned. His figure was not

one which he used clothes to advantage, either.

"Dressing, as he stood in the vestibule of a restaurant waiting for his wife, tall, poufy men came up to him.

"I say, my man, are you the host we're to be dined?"

What Henderson noticed in listening he made up in quick thinking. Without hesitation he turned to the visitor.

"I'm glad," he said, "to see you. I'll be a young fellow today that he didn't want to see any more expensive like jobs."

A Fresh Big Tree

Paranoids may flourish right under the nose of the government, according to a discovery at Vism, Oklahoma. A big tree about three feet high, was found growing out of the side of a palm tree in the courthouse grounds. Its roots drew sustenance from the trunk of the palm and the palm and even the sap of the tree. The paranoids recently blossomed with the other big trees.

No product in the world has so great a turnover as schizophrenia.

Village Council Minutes

The village council meeting on Monday evening was a short one.

A bid from Bray & Todd for graveling Railway Avenue to connect up the highway through town, at \$1.50 per yard, was accepted, work to start as soon as the papers are complete.

A letter was read from the Department announcing the appointment of W. L. Pettit as the official auditor for this year.

A letter from the W. I. Co. destruction of tables, etc., at Alix beach on Hasted Lake was referred back with a suggestion to hand the same to Mr. Cockin as it came under the jurisdiction of the Municipality.

Complaints having been laid that the electric lighting was not up to contract, the secretary was instructed to take the matter up with the Calgary Power Company. After dealing with a number of accounts the meeting adjourned.

What About The Fair

It is very evident by the lack of support that is put on the Fair this year could be out of the question, we cannot put on a successful fair without members and the membership is so small, and the public feeling is that we should be the fair go for this year owing to the poor financial position of the society. Present prospects are that we would only go further behind and increase our liabilities.

But we could have a real sports day to help the society.
—The Secretary.

Alix United Church

Two special services will be held on Sunday in the United Church at 11 a. m. and 7.30 p. m. to celebrate the re-opening of the church. Communion at each evening service.

Dr. F. C. of Calgary will preach at both services. Special music will be given by the combined choir of Alix and Mirvov under the direction of Mrs. R. Upton. A. T. C. M.

Free Methodist Camp Meeting

The Free Methodists are a body of Christians who profess to be in accord to get to heaven, by conforming to all the will of God, as made known in his word. They do not believe that either God or the Bible has changed to accommodate the fashionable traditions of the age. They solemnly protest against the union of the Church and the world. The conditions of salvation, as they teach, are the same now that they were eighteen hundred years ago. He who would be a Christian in reality, as well as in name, must deny himself, take up his cross daily and follow Jesus. He must come out from the world and be separate, and teach not the unclean thing.

The Camp Meeting, which opened on Thursday at Alix, will be continued until the 20th and an invitation is extended to everyone. The large 60x80 tent is capable of seating around 400. There are six services daily 6, 9 and 10 a. m., 2.30, 7.30 and 8 p. m.

The Alix Junior football team played in Mirvov on the evening of Tuesday and took the big end of a 6 to 8 score from that team.

Mrs. Fred Hunt returned to her home at Kikias after visiting with her sister, Mrs. S. Whitehead.

Mrs. W. G. Patrick and family of Calgary moved back to Alix on Tuesday.

Death of Former Alix Resident

The death took place at 111 Kiener Place, Seattle, on July 6th, 1930, of Margaret Haukoja, aged 52 years, beloved daughter of the late Lorenas and Mrs. Frederick, sister of Myrtle E. and Harrison Frederick of Seattle, also sister of Charles Frederick of Peace River, Alberta, and Raymond Frederick of Turner Valley, Alberta. Interment took place in Evergreen Park cemetery.

Deceased will be remembered by a large number of Alix people as the Frederick family resided in Alix some years ago.

Death Claims Alix Old Timer

On Monday, July the 14th morning of the Alix pioneers, is the person of Mrs. E. B. Cook, passed peacefully away in her 77th year. Her husband, whose maiden name was Martha Matthea Beaman, was a native of Ontario and with her husband, the late Robert Bruce Cook, who professed her some seventeen years, moved to Alberta in 1902, taking up a homestead adjoining the townsite of Alix, which has been her home ever since. Austin Cook, as she was familiarly called, has played her part as a pioneer, a good neighbor, ever ready to lend a helping hand to those in trouble, and she has now passed to a just reward. One brother survives, John Beaman of Cass City, Michigan.

The funeral took place on Wednesday at 2.30 p. m. from her late residence to the Alix cemetery, the services being conducted by the Rev. Upton.

Their Service Appreciated

The board of management of the United church wish to thank all those who gave their services freely in the work of remodeling the interior of the church building.

Cautions On C. & E. Highway

On Sunday last our old friend, G. A. Lemson, was in a head-on smash just south of Carleton Place. Fortunately no one was seriously injured, although his car was badly damaged. Miss Elsie Moller of Alix was a passenger with the Lemson family at the time of the accident.

A Wonderful "United" Evening

The social evening in the United Church on Monday was a most enjoyable one, and we believe the large crowd who attended were glad that they did so. The program was well filled and consisted of solos by Mrs. Upton, Mr. A. McNair of Mirror and Mr. Warren of Hayes; a duet by Mrs. Upton and her mother Mrs. Gibbs; a quartette by Mr. and Mrs. G. A. Thompson and Mr. and Mrs. A. H. Blacett; instrumental by Messrs. L. Patten and F. Cockrill; short talks by the Hon. Mrs. Parbury, Mrs. T. Sample and D. Melvin; community singing and a wonderful address by Dr. Fowitt, concluding with coffee, sandwiches and cake served by the ladies. It was a real get-together event and we trust many more such occasions will be arranged.

Mr. J. Hamilton has been spending several days in Calgary.

Mr. and Mrs. W. D. Clarke and family left Tuesday on their motor trip to Ontario and we wish for them a most pleasant holiday. They will be in time for the old timers' reunion at Birchtown.

Mr. and Mrs. Marcel Smith are spending the week in Edmonton.

Frank Cockrill of Athabasca is spending this week at the home of his parents here. He was accompanied down by Wallace Jennings of Clyde.

the lakes on Sunday.

Truck Drivers Go On Strike

A disagreement between
the contractors and truck
drivers has led to a strike
on the highway at this point
ever since the first of this
week. The trouble arose in
not keeping all the trucks on
the job steady. Another con-
tingent of haulers was brought
in on Wednesday, but it
failed to settle matters.

A July Wedding

A pretty wedding took place at the home of Mr. and Mrs. A. W. Ardley, sister of the groom, north of Tees on Thursday afternoon, at 2 p. m., when Rev. I. N. Hughson of Clive united in wedlock Mabel Elizabeth, daughter of Mr. and Mrs. Sparks of Ganis, Sask., and Mr. James Donald Willows of Alix. We join with their friends in wishing the young couple much happiness.

Good Stuff, Boys

Codgratulations are in order to the boys' team, Wm. Pethbridge and Bob Stone, who were sent by the Alix Agricultural Society to take part in the boys' stock and grain judging camp at the Edmonton Exhibition last week. The team made a good showing, coming 5th in total points, and Pethbridge distinguished himself by gaining the gold medal award for the 2nd highest individual score, missing the top score by one point only and ranked first in the judging of dairy cattle and sheep.

Water Trouble Has Lagged

Two of the gravel gang boys, Walter Kneke and Roy Caswell, met with a serious accident on the highway between Lacombe and Ponoka on Monday last. They left Alix in the evening with a large truck and in passing a C. & E. bus, slid off the road and turned over. Walter was badly bruised and one leg was so badly crushed that it had to be amputated below the knee. Latest reports are that he is recovering as rapidly as can be expected in the Lacombe hospital. Roy had his arm badly bruised.

Sutton Fair Aug. 7-9

On the back page of this issue will be found the announcement in connection with the Sutton Fair and from the program published we believe that a good three-day entertainment is in store for the visitors. One of the main attractions will be a baseball tournament with two games on each of the first two days and three on Saturday. Night teams are competing and in all \$6000 is being put up for the tournament. See page 8 for further particulars.

Soderstrom-Davidson

A very pretty but quiet wedding was solemnized in the Haynes United Church on Wednesday July 24th, when Edna Marion, only daughter of Mr. and Mrs. John Davidson of Haynes, became the bride of Edward Soderstrom, youngest son of Mrs. Soderstrom of Hildesheim, in the presence of immediate friends and relations. The Rev. J. N. Hughes of Clive officiated, assisted by Rev. Weston of Haynes.

To the strains of the bridal march from Lohengrin, conducted by Miss E. A. Randall, the bride, beautifully gowned in powder blue georgette and white picture hat, entered the church on the arm of her father, carrying a bouquet of butterfly roses. The bride was accompanied by Miss Bertha of Laray who wore a dress of peach georgette with hat to match and carried butterfly roses. The groom was escorted by his brother, Mr. E. Soderstrom. The bride's mother chose a pretty gown of navy serge de chine while the groom's mother wore ermine track suit.

During the singing of the first later Rev. Hughes sang "The Garden of my heart."

The reception was held at the home of the bride's parents assisted by Miss E. A. Randall.

The happy couple left on a honeymoon trip to Banff and on their return will reside on the groom's farm at Hildesheim.

Mr. and Mrs. John Hopkins of Tinsdale, Sask., were visitors over the week-end of Mr. and Mrs. J. N. Hopkins.

Look Here, Mr. Voter!

Inasmuch as the Red Deer Constituency lacks a candidate pledged to support the King Government and the Camrose Constituency a candidate in support of R. B. Bennett, we suggest that in order that every voter may exercise his franchise in accord with his inclinations that what is known as a pair-off be exercised, by that we mean that a "conservative in the Camrose riding will vote for Dr. McIvor in exchange for a Liberal that will support W. J. Butterill, Conservative Candidate in the Red Deer Constituency. Those wishing to make the pair-off will have their names at my office by 10 o'clock on the evening of Saturday, July 26th.

**Premier King Fails
After 9 Years Trial**

When a man has been running a business for nine years and then fails—whether his business be farming or store keeping or any other private enterprise—it is pretty much his own affair. He can start in at the same business again if he wants to. But it is different with the business of a nation, the business of Canada. For nine years the business of Canada has been run by Premier King and after all those years he is faced with DISMAL FAILURE. Markets have disappeared, jobs have vanished, taxes remain. Will the business of Canada be run by a man with such a record?

While Premier King and his Ministers frantically struggle to catch voters, Hon. R. B. Bennett makes a business proposition to the country. He offers protection to the agricultural, livestock and dairy industries. Not a new policy—but one crammed with good business sense—a policy designed to safeguard Canadian markets for Canadian farmers. He promises a special session of Parliament to deal with the problem of unemployment and undertakes to press forward the development of foreign markets. Mr. Bennett, heading the Conservative party, offers the only sound program for stabilization of industry and the progress of Canada.

A KICKER

He kicked the moment he was born.
 In staid, busy cry.
 He kicked and howled in his babyhood.
 Till the neighbors thought they'd die.
 He kicked when he first went to school.
 And he scratched the nursemaid, too;
 He kicked on his college football team.
 Yes, he kicked his whole life through.
 He kicked right hard in politics.
 Though he didn't often vote;
 And he kicked at the way their sang.
 Though he couldn't sing a note.
 He kicked at the lodge's charity—
 At those who gave their store—
 And he growled at the faithful brethren.
 Because they could give no more.
 He kicked the bucket finally;
 And a sobb' mortuary, you bet!
 But, unless his legs have been burned off.
 He is probably kicking yet.

Cereal Crops Field Day At Experimental Station, Lacombe
 August 20th, 1930

The annual Cereal Crops Field Day will be held at the Dominion Experimental Station, Lacombe, on Wednesday, August 20th. This will be a day of special interest to all farmers interested in the growing of good crops, but particularly will it interest members of the Seed Growers' Association and Co-operators who are growing varieties under numbers.

The Dominion Cerealist, Mr. L. H. Newman, will be at the station on this date and will discuss all questions pertaining to varieties and crop improvement. It is possible that the date, August 20th, may be a little late for some farmers but it is the earliest date on which we could arrange for Mr. Newman to visit the Lacombe station.

A meeting of the Alberta section of the Canadian Seed Growers' Association will be held at the close of the field meeting. All farmers are invited to visit the station for this field day. Bring your family and bring your coffee. Coffee will be provided for lunch under the trees. Make this a day of pleasure and profit. Programme to commence at 1:30 sharp.

F. H. Reed, Superintendent.

"What's the difference between nectar and chai?"
 "Why, before John married his wife he nectar, now chai."
 A lady went into a photographer's to have her picture taken—naturally. While the photographer was adjusting the camera, the lady wrapped a cloth-line around her shirt.

"You'll have to take that off, madam," said the photographer. "I can't take your picture that way."
 "You can't fool me that way, young man," she said. "I know you look at me upside down in that machine."

JUST AS GOOD !!

**Ask Yourself--
 IS IT ?**

When you ask for a certain line of goods, a line which you have seen advertised in newspapers—and you are told "Here is something just as good and cheaper," it is time to do some thinking. If there is more profit in selling goods not advertised and you are buying at a saving, there must be something wrong somewhere—and usually that is loss of quality—something left out that is THERE in the advertised commodity you originally asked for.

It is well to remember that a manufacturer invests his good dollars in advertising space because he knows his product is right. The fact that he advertises in newspapers so that "he who runs may read" is evidence that he knows his claims are right, and that he is ready to stand behind his merchandise and the store that sells it.

ITEMS OF INTEREST

The Statler Fair opened yesterday.
 Mr. and Mrs. Jan. Kerr of Turner Valley were in town on Sunday visiting his sister, Miss K. Kerr. She returned home the same day but Mrs. Kerr remained for a time.
 Mr. and Mrs. R. W. Peacock and son Harvey were visitors of friends at Vermilion from Friday until Monday.
 Mr. Crawford of Newcastle, England, arrived last week on a month's visit to his son who is employed on the farm of Maxwell Smith west of town.
NOTICE—Any person or persons caught picking fruit or otherwise trespassing on the property of L. H. MacKinnon, 11 miles west of Alix, will be prosecuted and have their names advertised.—L. H. MacKinnon, Owner.
 Mr. and Mrs. G. A. Lissens of Carleton were visitors of Alix friends over the week end.
 Two weeks from today (Friday) is Alix Fair Day.
 Mr. and Mrs. Steve Foster and babe of Calgary and his mother, Mrs. Harrison of Glendon, visited from Friday until Sunday with the latter's son Arthur and daughter Mrs. Geo. Monte at Alix.
 The regular monthly meeting of the council of Lacombe M. D. will be held in Alix tomorrow afternoon.

ANNOUNCEMENT
 H. J. Snel, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, August 20th, at the Happy Valley Hotel.
 Geo. Bierst, manager of the Independent elevator, and Mrs. Bennett of Tofield, were visitors here Tuesday. They were house hunting.—Basha Star.

The annual bee for raising up the grounds in preparation for the Fair has been set for Friday of next week, the 15th. Let a make it a picnic and everybody come bringing your saw and hammer.

Mrs. C. T. Brown and daughter Geneva have returned after spending several days at Turin, Italy. They were accompanied back by Mrs. W. Brown who will visit for a few weeks with her parents here.
 We extend congratulations to Miss Nan Howe, who last term took Grade 12 at Edmonton, also Miss Mary Rasmussen who finished up Grade 10 and took 11 at the station on passing in the class. They are both Alix girls and we rejoice at their success.

Haying is general and a few of our farmers have started the binder.
 Save the wax paper wrapping from bread, place under weighted brush or pebbles and over floor. This will give a good shine without using wax.

A bus service—Coronation to Lacombe—was inaugurated on Monday which will be daily. Going west the hour for leaving Alix is 11:45 a.m. and the return is at 1:25 p.m. Connections in made at Lacombe with the Greyhound coaches north and south on the C. & E. highway.

Mr. and Mrs. J. R. Macie and Miss Jean returned on Saturday from spending a week in Calgary.
 Born—At Nanaimo, B. C., on July 17th, to Mr. and Mrs. John Macie, a daughter (Joan Cunningham).

Memor. H. Fiddens and A. Lowbridge left this week to commence their duties on their homebased north of Edmonton near Ponwot. We understand the blacksmith shop has been visited by Ed. Bray and that Jack Cliff will be the mechanic.

Mr. A. S. Smart, who has been grain buyer at the A. P. elevator for a good many years, has taken a position with the same company at Halkirk and leaves shortly to take charge. The family will remain here for the present. We are sorry to lose Alk but trust that the move will be advantageous for him.

The Alix Fair Day is Friday, August 2nd.
 Rev. Mann, who has spent the past term in the Lethbridge school, has been successful in his return and resumed his ministrations.

From the engine on the faces of the high school children the team results must have been satisfactory.

Preparing Now For The Alix Fair

The time for the Annual Fair is drawing rapidly
near and the directors will have more and better ac-
commodation on the grounds than in the past.
The patronage and support of everyone is again
solicited for Friday, August 22nd, and every possible
entry should be arranged for now, and all should make
this event a get-together and study the better things of
agriculture.
The Alix district owns a splendid exhibition ground
and the buildings are a credit to the agricultural
society and should be filled to overflowing for the fair.
These things for any community cost lots of mon-
ey, time and hard work, but the men of this district
believe it worth while; and we recom-
mend to every man and woman, boy and girl, if during
the past year have neglected to appreciate this work,
to make this year and lend their support in every way to
make the 1930 fair a red letter event in the district's
history.

Alix High Results Extra Good! Council Has Short Session

The examination results
for the high school of Alix
Consolidated are the best
reported in years and were
congratulated the Principal,
Miss Geneva Brown, and the
pupils on their success. The
percentage of passes in away
in the lead and a large num-
ber of those who have not
made the grade have not
failed in one or two subjects.
In grade 11 Mary Scamper,
Ethel Todd and Kathryn
Gray have passed in the class
and are ready for normal.

Winnie Woolgar who wrote
grade 10 and a subject in
grade 11 and 11 passed all
of grade 9 and 11 passed all
of grade 10 and two subjects
were Dorothy Harbottle by 5
marks in art and Ruth Topp
for literature, while Fred
Roun successful in all of 11
fell down on his two grade 9
subjects.

Lois Andrews, writing
grade 10 and two subjects in
9 passed in the class.
Two of the grade 11 pupils
who failed in one subject
were Dorothy Harbottle by 5
marks in art and Ruth Topp
for literature, while Fred
Roun successful in all of 11
fell down on his two grade 9
subjects.

Bessie Sibert, writing an
of grade 10 and 11 in 11 failed
in one grade 10 subject.
Tilly and Fanny Brown,
writing grade 10 only failed on
one paper.

In Grade IX we learn that
a large percentage of the
students have only failed in
one subject.

These are the reports as
far as we have been able to
ascertain them and they show
a satisfactory result.

Miss R. Edmonds of the Ed-
montons spent the week end
with her sister, Mrs. Pattie
Brown, returning to the city Monday
after a short visit to Gull
Lake.

Rev. H. Arnott of Lacombe
will preach in Alix on Sunday
afternoons at 3 o'clock. Watch
for announcement of place of
meeting in post office later.

Mrs. C. E. Pinard of Ed-
montons has been visiting for
a week among her many Alix
friends.

There are the young, they
just keep on working and a
cold wave of interest of
boasting off for a week.

The monthly meeting
of the village council on Monday
evening was a quiet one, very
little business coming before
the session.

It was decided to have the
grader put over the streets
to take off the rough spots
left by the recent rains.

The government forms of
recommendation for old age
pensions for Mr. and Mrs.
Wm. Melvin, sent down by
the department, were duly
executed.

A reply from a communi-
cation sent to the Calgary
Power Co. re poor lighting
was read in which they re-
pressed regret and stated that
in a short time, as soon
as some alterations were com-
pleted at Red Deer, the ser-
vice would be back to normal.

U. F. W. Conference At Olds

A number of local U. F. A.
members attended the Red
Deer U. F. W. conference held
on Saturday, August 2nd, at
the Olds School of Agricul-
ture and they report a very
pleasant and inspiring meet-
ing. On account of the
severe rain and hail storm the
attendance was not as large
as it might have been, but all
present agreed it was a most
interesting gathering.

After the invocation by the
Rev. Armstrong of Olds and
a few words of welcome by
Principal Murray of the O.
F. A., the two special speak-
ers of the afternoon, Hon.
Irene Parby and Mrs. M.
Pr. of Stettler second vice
president of the U. F. W. A.,
gave interesting accounts of
their work and achieve-
ments of the organization
and voiced the challenging
call which lay ahead. Mr.
Alfred Speakman M.P. spoke
a few words to the conference
congratulating the organiza-
tion on the steady progress
since the business some 16
years ago. Mrs. C. E. Brown,
sub-director for the district,
occupied the chair.

Funeral Of The Late Mrs. Carr

The funeral of the late Mrs. R. D. Carr, which took place on Saturday afternoon, August 9th, from the family home in the Ripley district to the Alix cemetery, was one of the largest ever attended in this community and the floral tributes, only slight tokens of the esteem in which Mrs. Carr was held, were both numerous and beautiful.

The service was conducted by Rev. Houston of Clive who paid tribute to the wonderful sterling qualities of the deceased as a mother, wife and neighbor, after which the Eastern Star, of which Mrs. Carr was a member, took charge and conducted their beautiful service.

Farwell dear friend and mother, here we shall miss your kindly outstretched hand and loving smile, with always in your quiet way a word of cheer and comfort to those in trouble. But may God take away what makes it hard to say "Thy will be done."

There was a band in Heaven That wasn't quite complete, God called you, dear mother, To fill that vacant seat.
—A Friend.

Local Interest

A concert walk is being put in on Niblock street from the United Church corner east.

Mrs. D. Morley D. D. G. P. of the Rebekah Assembly, Mrs. A. Cousins and Miss M. Wilson, all of Big Valley, were fraternal visitors at Sistercity Rebekah Lodge, Alix, on Monday evening.

Mr. and Mrs. Jas. Dempsey of Donalds were in town on Sunday as guests for a ten-day vacation at Banff. They shook hands with a number of their old friends here.

Mrs. I. Sweet and daughter Audrey and Miss K. Keston have returned from a six-weeks' holiday in Ontario. Mr. and Mrs. Sweet left on Tuesday to visit in Vancouver.

"No. 12" Highway—Lacombe to Stettler—has been marked during the past week with regulation signs giving turns, railway crossings, etc.

The council meeting of Lacombe M. D. was not held on the regular date, the 9th, but was postponed until the 16th (tomorrow).

Attended the Alix Fair one week from today, Aug. 22nd

NOTICE

I would like to draw Mr. L. H. McKinnon's attention to his notice in The Alix Free Press in picking berries on his property. What is "sauce for the goose is sauce for the gander" so kindly keep off my property.

It Won't Be Long Now

Only a little more than a week to get ready for the big day on the 22nd, so there is no time to put off in getting those exhibits ready. The program of sports and games is lining up well and in addition to other attractions an aeroplane from Red Deer will be on hand to take up any of an adventurous turn of mind. Remember that cars are going to be allowed in from this year, also all children under 10 years, so be sure and bring the whole bunch, little included, to have a good time at the Fair.
—The President.

We congratulate Grace Mann, George Goldberg and Olive Bray of Carleton Place school on having successfully passed their Grade VIII exams. We are not heard from all the "star students" in this grade but others we have only failed in one subject.

Mrs. George DePoe from Rosedale is a guest at the home of her brother, Mr. A. S. Shantz.

Exhibitors At Alix Fair Get The Best

MR. S. G. Carlyle, Provincial Live Stock Commis-
sioner, has promised to attend the Alix Fair on Friday
of next week. Here is a chance for all boys and girls
interested in the live stock business, to get some real
instructions. With two of the highest authorities on
stock in the Province, Professor Saville and Mr.
Carlyle, it should prove an inducement to the exhibitor
and should be taken advantage of.

For the convenience of the farmer who has to come
a long way, and all those who may wish to avoid the
work on Fair Day, arrangements have been made to
have a caretaker at the grounds all Thursday night to
look after the animals which are brought in the day
previous to the exhibition.

In making up their list the ladies made a mistake in
Section 12 of the Ladies' Work class—Plain House
Dresses (ladies) special should read "girls 14 to 18
years" instead of 14 to 16 years.

A last word—Do your part to make the Fair a
success by exhibiting everything you have fit for show-
ing and in every class.

**Lacombe To Sylvan Lake via
Gull Lake and Bentley**

A new road is to be built
from Lacombe to Sylvan Lake
by way of Gull Lake and Bentley,
then dropping south to the
east side of Sylvan, and a
contract for the construction
has been awarded by the
department of public works
to F. Jackson of Edmonton.
The total distance is nearly
30 miles and the road, when
completed, will give connec-
tion between the main Calgary
Edmonton highway with two
of Alberta's most popular
lake resorts.

Little Alice had a very bad
cold. Holding up a rose to
her mother's nose she asked

"Does it smell very sweet,
Mum?"

"Yes, dear," the mother
answered, "can't you smell
it yourself?"

Alice shook her head sol-
emnly. "No, she said, my
nose is deaf."

Lamerton M. P. Council Meeting

A regular meeting of the council of the M. D. of Lamerton No. 390 was held in the Municipal office August 16th with all members present and Reeve Sherburne presiding.

The minutes of the meeting of July 12th were read and adopted on motion of Ditto. Mr. D. C. Walker appeared before the council in support of a bill presented for brushing done by him. On motion of Weatherill the secretary was instructed to write the former councillor A. W. Gillis asking for a written statement from him as to agreements entered into with D. C. Walker and A. W. Weatherill.

Mr. Walker also presented a claim for use of trail on his place S. E. 32-41-82 which on motion of Weatherill this account was turned down.

On motion of Carter the purchase of part of the abandoned C. N. R. right-of-way was approved.

On motion of Ditto it was decided to notify all owners of land in Spotted Lake Basin on which ground fires are burning to take steps to extinguish these fires by Aug. 25th.

Mr. A. W. Weatherill appeared before the council in regard to a bill for brush cutting done by him and on motion of Ditto seconded by Weatherill the bill was passed for payment.

Mr. J. R. MacInn appeared before the council asking that a road be opened up from the east to the pool elevator near C. N. station, Alix. Moved by Ditto and carried that a right-of-way through the S. W. 36-39-23 with be purchased for the purpose at \$50 per acre.

On motion of Cochrall it was decided that Councillor Ditto be allowed to do sufficient grading to cover the balance of 1930 agreement with J. J. Cairns.

A letter from the secretary of the United Grain Growers was read in regard to the destruction of property at the Haunted Lakes beach, this matter was left in the hands of Deputy Reeve Cochrall for attention.

The application of Mrs. E. J. Roper for an Old Age Pension was approved.

On motion of Deputy Reeve Cochrall, C. M. Yarwood was appointed hamlet clerk for 1935.

The monthly financial statement was read and adopted on motion of Stevenson.

On motion of Stevenson it was decided to hold the next council meeting on September 8th, following which the secretary is to be granted three weeks vacation.

A number of bills and pay-ables were passed on motion of Ditto and the meeting was adjourned at 6 p. m.

Mr. G. A. Thompson, accompanied by his daughter Orma and son Grant, left on Wednesday for New Westminster, B. C., where he has taken over the management of a business. Mrs. Thompson and Clinton will follow in a few weeks. We are sorry to lose this estimable family from our town where they have resided for a good many years, taking a prominent part in the community life from which they will be very much missed, especially in musical circles, but we trust the change of residence will prove beneficial in every way.

Mr. and Mrs. F. Betters and son Jack are on a motor holiday to Calgary, Banff and other points.

A car load of Old Fellows visited the Clive Lodge last Wednesday evening.

Mrs. A. S. Brunet has been spending the week with Edmonton friends.

Mr. H. Booth of Red Deer was a business visitor in Alix on Wednesday.

Lucille Strath returned home on Wednesday from spending several weeks at Gull Lake.

This Week's Tees Tattlings

Mrs. Mabel Hart has gone home to Botha for a week. The recent welcome rains wet the ground down several inches and will help the late potatoes and other vegetables and feed.

Mrs. Elizabeth Mallot has accepted a school at Viking for the coming year.

Mr. A. C. McKee, who relieved A. G. Ahern during the annual holidays, has gone to relieve the agent at Major Mr. I. V. Carter, councillor for this district, has been laid up with lumbago for a week but is better now.

Mrs. H. G. Ahern and daughters, Marion and Florence, have returned home after a wonderful trip through Southern California to Los Angeles, Pasadena, Riverside, Balboa, etc., also visiting the beautiful old historical mission built by Spanish priests—hundreds of years ago, and now preserved as an old landmark. Then they went to Redlands and visited Mrs. Ahern's uncle, Hon. F. D. Jackson formerly of Des Moines, Iowa, and her brother R. A. Patrick at Florence. They made a short stay at Vancouver at the beaches and Stanley Park on the way home.

Miss Dorothy Meadows is home on a two-week holiday. Mr. A. F. Hammond of the Stittler Electric Co. is also wiring the new school for electric lights. He is also wiring Tom Cunningham's residence.

L. H. Gebhart is at Milet adjusting hail losses.

The construction of the new school is progressing rapidly and soon Tees can boast of a nice modern up-to-the-minute high school.

Death of Mrs. Weatherill

On Tuesday, August 26th, the death occurred of Mrs. Anne Marie Mack Weatherill at the home of her son, Wm. Weatherill of Tees.

Two years ago Mrs. Weatherill had a stroke, since which she has been in feeble health, but despite this and her advanced age of over 81 years, she had always remained active and was never confined to her bed for more than a few days at a time. On the day of her death, which occurred about 5.40 p. m., she had walked down stairs in the morning and had got out of bed alone just five minutes before she passed away, death being due to another stroke.

The deceased was born in Yorkshire, England, on April 6th, 1849. In 1876 she married Geo. Weatherill and in 1888 they moved with their family to South Dakota where they resided until the spring of 1909 when they came to Tees. During her long residence "Granny" Weatherill as she was familiarly and affectionately known, endeavored herself to all with whom she came in contact and will be greatly missed throughout the community. She is survived by her entire family, namely: S. Mrs. Mary Cole of Tees; S. D.; Mrs. Elmer Cheever of Blanton; Mrs. Ed Webster of Big Valley and Councillor Wm. Weatherill of Tees, as well as thirteen grandchildren and 5 great-grandchildren. Her husband predeceased her in Feb. 1921.

The funeral took place from Tees church on Thursday, August 28th at 2 p. m., the service being conducted by Rev. W. F. Griffiths of the Missionary Baptist church and a large gathering assembled to pay their last tribute to their old and esteemed friend. The floral tributes were many and beautiful. The pallbearers were Messrs. T. Harris, F. Crowe, F. DeLamare, T. DeZeezy, A. Rammler and A. Ardley.

George Wilson this week shipped 50 sacks which topped the ton at 90 lbs. each.

Mrs. F. Jamieson has failed of throwing his wheat, part of the average going 30 bu. to the acre while the average was 12 1/2 bushels to the acre.

Mrs. A. B. Bennett entertained on Wednesday afternoon in honor of Mrs. Gibbs who has been spending the summer with her daughter, Mrs. (Mrs.) Upton, and who leaves in a few days for her home in England.

Wealth From Forests

Canada Is the Chief Source of the World's Paper Supply

The forests of Canada continue to

the chief source of the world's paper supply. During the past month Canadian paper has been exported to 33 countries, ranging through the alphabet right from Australia to Uruguay. M. D. 398 Council Minutes

The meeting came to order
at 1.10 p.m. with all mem-
bers present and Reeve Sher-
burne presiding.

The minutes of the meet-
ing of Aug. 12th were read
and approved on motion of
Mr. L. R. Forch. A protest
before the council in support
of a protest made by him in
respect to a claim against
him for damages done by
some of his cattle which had
been impounded.

After consideration of the
case damages were allowed in
the amount of \$4 on motion
of Deputy Reeve Cockrell.

A letter from the Depart-
ment of Public Works was
read offering a payment of
\$1000 to the Municipality in
lieu of the Municipality tak-
ing over as a local road that
portion of the Buffalo Lake
Trail from the west bound-
ary of the Municipality to the
district highway at the N. E.
corner of 21-40 1/2 A. On mo-
tion of Westhill the offer
was accepted.

On motion of Datto a pay-
sheet of Mr. D. C. Walker,
and which was tabled at the
previous meeting, was passed
for payment.

Mr. R. Woolgar, appeared
before the council and
asked permission to fence
around a lake on the west
side of 14-20 1/2 A. including a
portion of a road adjacent
under water. On motion of
Datto this was granted on
condition that Mr. Woolgar
erect a gate at each end of
the road.

The monthly financial state-
ment was read and adopted
on motion of Datto.

A number of bills and pay-
ments were passed for pay-
ment and meeting adjourned
at 4.40 p.m.

Session Of The Village Council

The regular meeting of the
village council was held last
Monday evening with all the
councillors present.

The minutes of the Aug-
ust meeting were read and
approved.

The Provincial Health In-
spector's report was read and
contained very little in the
way of complaint.

An appeal from the Red
Cross for financial aid was
read and on motion a dona-
tion of \$10 was made.

A bylaw will be passed to
the effect that the assessment
on personal property be fixed
not allowing for depreciation
in the future.

It was pointed out that
the moving of tractors thro-
ugh main streets was the
cause of much trouble and
inconvenience. It was decided to
enforce a bylaw prohibiting
this practice, also the driving
across cement walks other
than at the crosswalks must
be stopped.

A large number of accounts
being for road grading and
sewer construction. The
laying of the new walk on
Nisiback was considered very
reasonable, some 1200 square
feet costing a trifle more than
\$400.00.

The incorporation papers
and bylaws of the Alix Cur-
ling and Skating Rink Co.
were read and approved and
the transferring of the prop-
erty was ordered to be pro-
ceeded with.

It was decided to fix up
the crosswalks cut out by the
grader.

Death of Mr. S. Smith

Mrs. Sidney Smith and her son Leonard of Astoria, Oregon, were in town this week, having motored up to see her brother. Mr. T. Bullivant. Starting on the trip her husband accompanied her but on reaching Lethbridge he was seized with a severe heart attack and dropped dead on that day on Friday of last week. Their stay in Alix was only for a few hours on Monday and returning the body was shipped back to their home for interment. Mr. Bullivant, who has been a sufferer for the past year from neuritis, accompanied them to Astoria where he will remain for a time and take treatments from a specialist which we trust will be beneficial.

Former Mr. Young People Wed

A pretty wedding took place on Saturday afternoon at the home of the bride's father, when Catherine Manise, daughter of Mr. James Scorgie of Lacombe, was united in marriage to Charles Frederick King of Edmonton son of Mr. and Mrs. C. F. King of Vermilion. Mr. E. B. Layton officiated.

The young bride, who was given in marriage by her father, wore a becoming gown of powder blue tulle made on princess line and carried a bouquet of opelia roses. Her only attendant was her sister, Miss Robina Scorgie, who chose a frock of pristine cream chiffon and carried sweet peas.

Following the ceremony a reception was held at which those present were immediate friends and relatives of the bride party. Later Mr. and Mrs. King left for Edmonton and are at home at their flat in the B-C apartments. —Edmonton Journal.

The groom was at our time on the staff of the Alix branch of the Royal Bank and the bride on our teaching staff and their many friends here will join with us in extending congratulations.

Mr. E. A. McKinnon then went over the house which he recently purchased in town to the farm he recently acquired west of town.

U. J. Seal of Red Deer was a business visitor in town on Wednesday.

Mrs. J. Thompson is a visitor at the home of her son G. A.

Calgary Stock Sales and Shows

The Calgary Fall Stock Shows and Sales of cattle, sheep and swine is dated for November 3rd, 4th and 5th. At the same time there will be a lamb and pig feeding competition for boys and girls. Sale entries close on October 4th and show entries on October 25th. Prize lists may be had by writing to the Alberta Live Stock Association at Calgary.

Billy Begins Again

The first Bridge Party at the Alix White Lunch will be held on Tuesday evening, September 23rd, following which there will be a very second Tuesday until December 5th. Prizes will be given for gent's and lady's highest score at each party, also for consolation. Grand prizes for the year will be awarded on December 14th. Playing will commence at 8.30 sharp. Price 35c each. Who will get the grand prize?

Haying on the flats north of town is about finished for this year and the cutting has been about up to standard, around a thousand tons having been stacked.

Dreammaking

I have opened up a Dreammaking, repairing and make-over business in the rooms over Mr. C. Woodgar's residence. My prices are right and work guaranteed. Give me a trial.

Who made that suit of clothes you wear?

Where did you buy that hat?

I wish that I could sometimes buy

Such stylish stuff as that.

Who keeps your lawn so neat and trim?

I'd like to give my work to him.

Oh, lad, upon life's upward grade,

In search of wealth and fame,

So do your task that men shall ask

Your address and your name.

Never withhold that little touch

Of skill or care which means so much.

The difference 'twixt good and fair

All men are quick to see;

The eyes of all on good will fall,

Wherever it may be.

The stranger asks from whence it came,

And seeks to learn the workman's name.

If you would rise above the throng,

Then let your work go out

A walking ad, for you, my lad,

To spread your fame about.

For everything on earth you do

To somebody advertise you.

600 Miles Of Road Needed

Before Canada can boast a transcontinental highway, about 600 miles of road must be constructed. The required roadbuilding is all west of Sault Ste Marie and the possible routes all lie through difficult territory. Nevertheless, in view of the sympathetic attitude displayed by the new Government at Ottawa, and the constantly increasing public interest in the trans-Canada highway project, it seems likely that construction of a road across the intervening gap may soon be started. Officials of the Canadian Automobile Association, basing their estimates on engineering data, say that the highways that will bridge the gap between the Soo and the Manitoba boundary will cost \$6,000 a mile in some places and \$30,000 a mile in others. In other words, for perhaps \$16,000,000 the trans-Canada Highway can be made a reality. The more scenic the highway, in this case, the higher the cost. A lake shore route around Lake Superior would be costly, because it is the rock-blasted type of road which comes at the \$30,000 a mile figure. These motorists, however, who see highways as something more than means of getting from one place to another, believe that the shore route would pay dividends in beauty and tourist attraction. Already it is possible to drive from Winnipeg to the Pacific Coast but nobody has yet driven a car across Northern Ontario. When this is accomplished, which will probably not be until the road-builders get through, it will be possible to ramble from coast to coast in Canada without geographical obstacles.

Flagpole Hit Junior U. F. A.

A very enjoyable evening
was spent at the home of
Mr. and Mrs. T. Scarpie on
Saturday of last week when
the Flagpole Hit Junior U.
F. A. local met for their regu-
lar meeting which took the
form of a winter roast. After
a short business period the
rest of the evening was spent
out-of-doors around a blaz-
ing camp fire, where winners
were roasted, stories told and
games played till a late hour.
The Juniors are looking for-
ward to many more of these
social evenings during the
coming winter months.

An Evening Arranged For YOU

At a meeting of the execu-
tive of the Alix Curling and
Skating Association, held on
Wednesday, it was decided
that a public event of some
kind should mark the open-
ing of the 1930-31 season and
after considerable discussion
it was arranged to hold a big
reception on the night of
Friday, October 10th, in the
Legion hall. Committees were
appointed to arrange the
program which will com-
prise progressive bridge from
8:30 to 11, for which prizes
will be awarded, dancing till
midnight, supper and then
more dancing. The evening
is open to everyone. Come
and show your endorsement of
the efforts to provide amuse-
ment and healthy exercise in
the winter for young and old.
Tickets will be on sale at 50c
each.

Mrs. W. D. Clark and two
children returned home on
Thursday from a visit of sev-
eral days in Edmonton. While
in the city little Mack had his
tooths removed.
Mr. A. G. Ditts brought
his town this week a pointer
which tipped the scale at 3
pounds and 11 ounces. He
says he excavated around it
and then dug it with
dynamite.

Dressmaking
I have opened up a Dress-
making, repairing and make-
over business in the room

Judges Chosen From Alix

District No. 9 of the Be-
lask Order, which lies west
of Alix, is putting on a degree
competition next month to
last two evenings, possibly at
Luncheon and Poole's, the
exact dates and places not
having been decided on, and
the judges have been chosen
from outside their district,
as follows: Mrs. Fox from
Coronation and Mesdames
A. B. Bennett and B. C. An-
drews of Alix. Full informa-
tion will appear later.

Bridge Social Open

The fall bridge parties at
The Alix White Lunch got
away to a good start last
Tuesday evening, when some
twenty-four (in tables) en-
thusiastic men in for an even-
ing's play. The winners of
the evening were Mrs. A. G.
Ditts and H. Cook while Mr.
C. Walker carried away the
consolation. The next ses-
sion will be on Tuesday eve-
ning, October 7th. This is a
popular way of spending an
evening and is open to all.

Mr. B. Roy was a business
visitor at the Capital city a
couple of days last week.

Baby's Pillow

It should not be there. So say experts on Good Posture who have been examining the round shoulders of the rising generation. Mothers may not be aware that a child with round shoulders has diminished chest capacity and lessened strength in consequence. This condition by telling of rapid growth and forgets that it is really due to a bad habit of poor posturing.

There is no greater aid to good health than to acquire good posture. It has a mental as well as a physical value for fine bearing helps a lad through life, in at school and in business.

Look at Billy when he comes out of his tub. Are his shoulder blades protruding when he stands sideways towards you? If so they are not quite right and Billy must be given some good setting up exercises every day. Let Billy's mother do

them herself for a few minutes with the children in the morning. She must make time for it is of the highest importance to have backbone and shoulder blades just right. Baby does not need any pillow in his cot and his bedclothes must not press too tightly at the bottom. Let the first move freely and there's an excellent book on Good Posture offered free to parents by The Red Cross, 407 Civic Block, Edmonton. Send for your copy to DAY.

Talkies Coming To Alix

Tomorrow night (Sat-
urday) the big William Fox
picture "The Sky Hawk" will
be shown in the Legion Hall,
Alix, and is the last silent
picture. Arrangements have
been made to put in the talk-
ies on Wednesday, 15th
October, the talkies will be
introduced in Alix with "The
Gold Diggers of Broadway."
Full announcement will be
given next week.

The Ladies of St. Pancha

Church Guild will hold a sale
of home cooking on Saturday
October 11th in the Institute
room on Main street, Alix.

Mr. A. Foster motored to
Calgary on Monday to see his
wife who went to the city last
week to undergo an opera-
tion for throat trouble. He
was accompanied by Mrs. A.
C. Findlater, his wife's moth-
er.

A meeting of the U. F. W.
A. will be held on Wednesday
afternoon, October 4th, in
the hall at the crowsnest.

Returning home from town
last Monday evening Mrs. A.
C. Findlater, Nellie and Dan,
had a close call from a serious
accident. Just south of town
on the new road, the horse
shied, throwing the buggy
off the high grade and spilling
the occupants who were not
seriously injured although the
buggy was pretty badly
smashed.

Commemorating "Pooy
Day" a large number of bulbs
were planted by Alix house-
holders on Tuesday.

Accident Results in Death

The funeral of the late Mr.
Glen Hudkins, who died in the
Leacock hospital on
Friday, October 3rd, at the
age of 36 years, took place on
Sunday, interment taking
place in Clive cemetery.

A week previous he had a
fall from a stack onto his
wage and his back was
broken.

He leaves to mourn, a wife
and three little children, also
his parents, Mr. and Mrs.
Dea Hudkins. Deceased was
a nephew of our townsman,
Mr. U. Hudkins.

A large number of Alix
people knew Glen and
regretting his death, extend
sympathy to the bereaved.

Bridge Parties Growing Popular

Recently the bridge parties
at the Alix White Lunch
every two weeks are so
popular again this season, as
there was an increase of two
tables, making seven in all,
on Tuesday evening last.

Playing was done and after
the midnight supper, winners
were announced as follows:
Mrs. Henry the ladies, W. G.
Patrick the gent's and Mr.
C. M. Yarwood the consolation.
For an evening at cards
and a dainty lunch we know
of no better place than the
White Lunch and costs only
35c. The next party will be
on October 21st.

Short Meeting of Village Council

A letter of thanks was read
from The Red Cross for the
donation authorized by the
council at the last meeting
and forwarded.

The secretary was instructed
to write the Department
of Public Works at Edmonton
with reference to assistance
for the unemployed.

It was decided to complete
the road work in town still
necessary to be done.

A number of dog licenses
remaining unpaid, it was
decided to hire C. H. Whappard
to make the collection.

A number of accounts were
passed for payment and the
meeting adjourned.

Mr. and Mrs. Mar. Gillis
and family left this week to
make their home at Blain.

Mrs. A. Foster, who un-
derwent an operation at the
Calgary General Hospital a
few days ago for going, has
now recovered that she is
expected home tomorrow or
Monday.

To Raise Money For The Moody

The Women's Institute is
holding a bridge party in the
I. O. O. F. hall on Tuesday
afternoon of next week at 2
p. m. for the purpose of rais-
ing funds to be sent as do-
nations to needy organiza-
tions, such as the Woods
Christian Home, Red Cross
and Salvation Army. The
admission is 35c which in-
cludes luncheon, and you are
invited.

"Gold Diggers Of Broadway"

One of David Belasco's
most successful stage plays
"The Gold Diggers" written
by Avery Hopwood and ad-
apted by Robert Lord, is the
Warner Bros. picture which
comes to the Legion Hall in
Alix on Wednesday next
under the intriguing title of
"Gold Diggers of Broadway."
It depicts a different side of
Broadway's colorful show
world, bringing to the screen
the petroleums of New
York's chorus girls—the in-
side stuff on the "glamor
girls" as it were.

The brilliant cast includes
Nancy Welford, Conway Te-
arle, Winnie Lightner, Ann
Pennington, Lilyan Tash-
man, William Bakewell, Nick
Lucca, Helen Foster, Albert
Gran and a dashing beauty
chorus of one hundred. Larry
Ceballos did the stage pre-
sentation and Roy Del Ruth
directed.

Meeting adjourned on motion of Westhead at 2.30.

The Breath Of Winter

Coming from the north a heavy snow storm struck our district on Tuesday of this week and at once the mercury began to drop while the storm assumed the proportions of a blizzard which continued all day Wednesday, and while the snow fell was not large the wind made it feel very cold while the thermometer at its lowest was still above zero. This may not be winter, but it has passed the middle of the month and it will take more than the heat of the sun to warm things up.

Tuesday Night's Bridge Party

On Tuesday evening the Bridge Party at The White Larch was again a scene of activity when a goodly number of lovers of the game sat in for a real tussle. In addition to the nightly prize, there is keen competition for the grand prize to be awarded at the end of the season for the largest total. The prize winners this week were, lady's Mrs. F. Setters, gent's Mr. J. Talents and consolation Mr. C. Gathercole. The next party is staged for Tuesday, November 4th.

Dance Saturday Night

A resumption of the popular Saturday night dance will open tomorrow, October 25th, when you are invited to enjoy yourself from 9 p.m. sharp until midnight. Good music is being provided by "Hot Tangle" and his frankfurters and the price is only 50c per couple and 25c for extra lady. The orchestra intends, if the first evening is a success, to put the dance on regular, so if you are in favor, come Saturday night.

"SALLY"

Even Broadway never saw such nights as those with "Sally" reached the scene. 100% of everything, talking, singing, dancing.

100 choruses besides in the most spectacular fall color dance numbers ever staged; love story which ranks with the great romances of the screen; full-color settings twice the size of any on Broadway; comedy that is too funny for words. The butterfly ensemble. The colossal "folies" finale on a moving stage.

Five song hits including "Look for the silver lining" and four brand new ones.

A first national and vitaphone all-color hit showing in the Legion Hall, Alix, next Wednesday, Oct. 23rd. Don't miss it.

Mrs. T. M. Wilson and J. J. Docherty attended the District Meeting of the Moose Lodge held at Big Valley on Wednesday of this week.

Herman Todd and Dan Petrie are on a motor trip to Turner Valley.

The members of the Eastern Star Lodge will entertain their Grand Matron next Tuesday.

The 3rd member of the post office has enabled the farmers to send up the shipping.

2,500,000 Out Of Work In U.S.

Similar to the campaign, which commenced in Canada directly after the Federal election, to provide employment for those out of work, the United States is making a mail-wide drive with federal, state and municipal bodies. It is estimated that there are 2,500,000 persons out of work in the United States.

New Device To Warn Motorists

There are many drivers who ignore a red light overhead when driving but there is a new traffic device reported as recently put into effect in England which will overcome this. The invention consists of an illuminated strip crossing the road, made up of a number of lights, some of which have buried flash with the pavement. Stop signals are given by illuminating the dotted line and the driver will not cross the line. Psychologically it is harder to pass such a barrier than to stop light above the eye level.

Mr. and Mrs. F. Setters and Mrs. R. Docherty motored to Calgary on Wednesday for a visit with friends.

Representing the Moose Lodge, Messrs. J. R. Mackie, Geo. Ross and W. C. Tallman attended the District Meeting in Big Valley on Wednesday.

The past few days have been more the fun than the latter part of October.

Have You Ever Thought That Colds Are Caused By Conditions Within Yourself?

Always there are germs floating around looking for suitable germinating grounds. If you permit your general health to become run down you create this happy environment for friend Germs. If you are ready take a good tonic. We will be pleased to advise you. If you have an obstinate cold take Cod Liver Oil in some form. Wompo's Cod Liver Extract has tonic properties and is not nauseating.

PROSPERITY

We heard a good definition of an Optimist the other day: "A man who sees in every adversity an opportunity."

In these days of adverse business conditions is every man's opportunity to show his colors. Here we faith in ourselves, and faith in this great and glorious country? Then don't sit back and let the other fellow start the ball of Prosperity rolling. Each of us must do our bit.

Thruo adds that business mourning band and use a brass band instead. There was nothing to grieve that it could not be improved upon, and the worse things are, it more chance there is for improvement. Here's our opportunity (yours and ours).

Prosperity doesn't always mean having a "good time" in the modern sense of those two words, but with the right spirit we will really enjoy bucking down to business on hand, devoting time and energy to it, developing it and gradually seeing it expand.

To bring back prosperity our country needs more initiative, every man with his shoulder to the wheel and wit spending.

It's the fellow who faces the sun who sees no shadow. Let's face the S of Prosperity.

Let's get busy, everybody push and start the old ball rolling, then watch it roll momentum and rather as it rolls.

Next—James, washing some-thing tasty going into the sick room. "First, ma, can I have the medicine when Willie is done with them?"

Teacher—"Johnny, if you're the normal forty dollar a week and your mother half her would she have?"

Johnny—"Blast fathers."

Heard of a police party—"How do you manage to keep your wife from getting hold of the letters from your lady friends?"

"I hide them in her dressing basket."

Miss—"What's that I heard, Miriam, about your hired man (s) ing off the roof when he was slipping the bars last week?"

Miriam—"Yeh, he fell into a barrel of tar-potatoes."

Miss—"Did it hurt him much?"

Miriam—"Don't know, they don't count his job."

Belgian and man will meet you; Or else and they two and go. They wait full company of all your pleasures

But they do not need your own.

My husband is just the opposite to me—while I slug he grows and greases.

Then why not get slugging.

Little Mary was visiting on the farm. She watched the farm hands spreading out a stack of hay to dry and could no longer contain her curiosity, so she politely asked "Is it a wonder you're looking for?"

Under Control OR No Control?

UNDER CONTROL with beer being sold by reputable licensed dealers under government supervision.

NO CONTROL with bootleggers running rampant as in the prohibition days.

Reasons why you should NOT sign the prohibition petition urging the government to abolish the sale of beer by the glass or bottle, thus doing away with the beer rooms, clubs and cantinas.

1. The proposal to distribute the act comes from a small body of people whose social character has not withstood the test of actual experience.
2. The Trades and Labor Congress are on record as being in favor of the sale of beer by the glass.
3. By virtue of the local option provisions of the act, communities may extinguish a license when a majority of public opinion is expressed.
4. No license has been withdrawn as a result of a local option vote either in 1929 or 1930, though licenses attacked were at points where conditions appeared to the prohibitionists, as favorable to a dry result.
5. In a total of 58 local option votes taken since the act came into force only four licenses have been cancelled as a result of votes; and those licenses were, in every case, adversely affected by popular local influence.
6. Absence of criticism at the last two provincial elections.
7. Hotel accommodation, particularly in country points, has improved as a direct result of the act, to a standard unequalled in any other province.
8. The general endorsement of the act by the travelling public and the willingness of the public generally to assist in enforcing the act by giving information regarding infractions and interlocking these leading protection from their own weakness.
9. Bootlegging and moonshining have been eliminated as remunerative pursuits. This, together with strict government control, has placed all intoxicating liquors beyond the reach of misadventure. Cases of intoxication in the police courts, in spite of a considerable increase in population. Leave the pulpit of the province free to perform their natural functions, that of protecting the people, not taking up their time trying to enforce what has proved to be an unenforceable legislation. Remember you cannot legislate men's morals because they will never obey a law they do not respect. This was proven in prohibition days.
10. The operation of the act provides a large public revenue (4) cents of every 10c expended) this has helped to increase the general revenue of the province and prevent increased taxation. Formerly such revenue went to the bootleggers and moonshiners.
11. Official reports commend the act as eminently practical. The contains no important criticism of the act's clauses. Police reports indicate a continuous improvement in the general state of law and order.
12. The real motive prompting the petition is to render the act unworkable by eliminating the retail sale of beer by the glass or bottle; the ultimate aim being a return to total prohibition.

If the beer rooms and clubs are abolished what does the Prohibition Party suggest to take their place? Is it to be liquor for the wealthy and prohibition for the worker?

Carters Getting Ready For Season

A goodly number of curling enthusiasts attended the annual meeting of the Alix Curling and Skating Association held in the risk last Saturday evening when the following officers were elected for the coming year:

President—A. S. Bennett
Vice-President—L. Sweet
Secretary—R. W. Peacock
Treasurer—R. Bethour
It was decided to start the season with eight rinks and when their rinks were filled to appoint as many more as were necessary, and the following were selected: Messrs. A. Foster, W. D. Clark, W. Woods, W. Tallman, F. A. Barash, R. Winkfield, R. W. Peacock and L. Sweet.

The employment of a caretaker was left to tender and information can be obtained from the secretary.

Saturday was declared an open night.
The fee was set the same as last year, \$10.00.

A curling has been put in the waiting room which will much to its benefit.

Miss Ethel C. Innes of Calgary, the worthy Grand Maroon of the Eastern Star, paid an official visit to Alix on Tuesday. In the afternoon there was a lodge of instruction, dinner in the White Lunch at 7 p. m. and a lodge meeting at night.

Mrs. B. Pratt and R. Docherty left on Tuesday for Banff where they have taken up land on which they will spend the winter.

Tees Tidings

A large crowd attended the first winter drive of the season in the hall on Friday last. After play a dance was held until two o'clock, the music being furnished by Messrs. Lawson and Colebrook.

Miss Esther Patterson of Lacombe was a visitor at the home of Mr. and Mrs. Van Meer for the week end.

Mr. and Mrs. L. McDowell were Lacombe visitors last Sunday.

Mr. J. Moore, who has been riding her mother, Mrs. A. W. Larson, left on Monday for her home at Fort Dodge, Iowa.

A dance will be held in the Town hall on Friday, October 31. Louis Lawson's 5 piece orchestra has been engaged for the evening and no promise something out of the ordinary.

Grisie is moving from the west. Mr. Hungerford remarked when questioned with regard to that phase of Canada's economic life, but what the future of the movement will be is impossible to predict in view of the present conditions, he declared. He was hopeful however, that the situation will improve as time goes on and, in his opinion, world economic conditions have reached the bottom and he looks for an improvement, but it will be some time before this will be apparent.

Two Young Lovers

Mrs. H. Huddins and A. Loughbridge left by auto on Thursday for their "Little Log Homes in The North" where they will commence the first six months of homestead duties on the land which they have taken up near Fawcett. "Into this valley of former Alix people rode these two boulders, while Mrs. Mitchell to the right of them, E. Pearn to the left of them, Bill Falkner in front of them and Bob Docherty behind them gave a welcome like thunder." They will live on bear and moose. Alternate with a big fat goose! And when a delicacy they wish. There's a big lake full of fish. They were accompanied to their future "place of peaceful rest" by Cliff Deen, but just as soon as he bags a moose he will return to civilization.

In a last effort to make rungs golf both difficult and simple they might roll the ball down a hole and dig it out dog-fashion.

Germany Reducing World Consumption

According to a trade report received from Berlin the Federal Railway Company of Germany will serve no more wheat meals on its dining cars. This is with a view of stemming the tide of wheat imports into the country.

It is reported that the weather men will stimulate German rye consumption in breads. At the present time Germany produces 128,500,000 bushels of wheat and consumes 262,070,000 bushels and at the same time produces 354,445,000 bushels of rye and consumes only 258,900,000 bushels.

Kindling is responsible for a great deal of burnt trade.

We wait you to read all the advertising in this issue as well as the news.

Mirror Boy Meets Death

When Auto Catches

Hilmer Arvid Moller, eldest son of Mr. and Mrs. A. Moller of Mirror, was instantly killed on Saturday of last week when the car which he was driving went into a deep ditch about a mile east of Granum. The remains were brought to Mirror on Tuesday and the funeral took place from the United Church to Mirror cemetery, the services being conducted by Rev. R. Upton. Hilmer was but 24 years of age and his sudden death has spread a gloom over the entire community, also in Alix where he had many friends. We join with the Mirror people in extending sympathy to the parents, brothers and sisters. The funeral was conducted by Flewelling & Son of Mirror.

A Pleasant Afternoon

The annual entertaining of the grandmothers took place on Tuesday in the W. L. room, the ladies of that organization being hosts.

A short business meeting was conducted, then Mrs. Oiding of Mirror, constituency convener, addressed the meeting, her remarks being chiefly to the grandmothers. She brought greetings from the district director, Mrs. Ferguson of Trechu, to the guests. A social hour then followed in which the grandmothers all took part. The absence of Mrs. F. R. Mitchell and Mrs. W. Melvin was very much noticed, they being the two eldest grandmothers in the district, but both were unable to attend thru illness, the voice of the meeting set greetings to them. The gathering was much smaller than usual, but those present all report a pleasant p. m. A very dainty lunch was served at the conclusion of the meeting.

Tuesday Supper At Bashaw

The Catholic Women's League of Bashaw are holding their annual turkey and chicken supper in the Catholic Hall, Bashaw, on Monday evening, November 10th. The supper starts at 5.30, adults 50c, children 35c.

Council Holds Regular Session

The session of the Village Council last Monday evening was not a busy one.

The meeting opened at 8.20 with Reeve Mackin presiding.

An application from the school board for permission to put in a croquet at the school was approved, providing the medical health officer sanctioned it.

The secretary was instructed to notify those who had not paid their dog license that after ten days the animal would be destroyed.

It will be good news to our merchants to learn that the board has been successful in collecting the Ramsey account from Olds and that their bills would now be paid.

A letter from the Department stated that the council was within its power in regulating heavy traffic over the town crossings and sidewalks.

It was decided to put in a culvert in front of Mr. T. Wiltz's residence.

A few accounts were paid for payment and meeting adjourned.

The Catholic women of Alix are holding a sale of home made cooking and needlework in the W. L. room on Saturday, November 15th.

Don't Blame The Teacher

the cause of the child's misbehavior is the parent.

Is my child handicapped with poor health? If so I can and must remedy it by consulting an expert and instructing Junior But-Cross into the school.

Is he lazy and indolent? Is he I must teach him to discipline himself and organize his habits of living.

Is he the victim of late hours, undue excitement of social events outside, loss of sleep and consequent nervous strain?

Is his system poisoned by bad habits? If so they must be removed.

Is he surrounded by the loving happy home atmosphere that is alone conducive to peace and quiet? If not, why not?

Has my child a career of the home where he may be satisfied and keep his promises to himself?

Do I insist on silence during the hours of evening homework, or is there a constant chatter everywhere?

Are the lights good, that he may see a light? Am I foolish enough to criticize the teacher before the children?

Am I one of those who think my children are perfect and always in the right and do I blame the teacher?

Canadian Coal Supplies
Manitoba

One hundred thousand tons of new coal business has developed in the Manitoba market as a result of the convention made last spring in the movement of Alberta and British Columbia coal westward, according to F. B. Mott, secretary of the Dominion Fuel Board. Everyman who makes in Alberta's best coalfield, says Mr. Mott. British Columbia operators are expected in Ottawa in the near future to a conference on methods of improving their markets.

WHEN IN A HURRY

For a piece of Printing, a few sheets of cardboard or paper that only a printing office is likely to have, it's a nice thing to have a printer as near to you as local, or within a few hours mail service. It means a lot to you. But if you are just going to use your local printer on occasions like that and send the jobs you can wait for to the city, you are hardly shooting square, are you? Plain talk? Sure!

What's the use of any other kind these times? A district can only be developed by the people who are in it. The city printer has no interest in you apart from the business he can get out of you, just as the city merchant has no interest in your town and district apart from the dollars he can entice away from the near neighbors. Think it over and shoot straight

ITEMS OF INTEREST

Moore, P. McCallum and M. Schoep left Tuesday morning by auto to spend a few weeks in the north country, their present objective being Forest.

Mr. and Mrs. C. M. Yarrow spent a pleasant time over the week-end, having on their guests their son Percy and his wife and son of Edmonton, their other son Ralph from Calgary and Mr. D. A. McDowell and his son George of Beaulieu.

Colin R. Andrews of Standard spent Saturday until Monday with his parents here, Ye Edgley and Mrs. Andrews.

The big game hunters returned on Saturday from the Duck Lake district, that is all but Mr. O. Gooding. They met with an accident on the way back and when the car upset Oscar had his knee so badly injured that he had to be taken to the Wetaskiwin hospital for treatment.

Mr. and Mrs. E. Whitehead and children spent the Thanksgiving holidays with friends at Big Valley.

Our school did not reopen following the holidays, till Thursday morning, the teachers attending the convention at Beaulieu.

Mr. and Mrs. N. C. Hackett and son Donald of Beaulieu, Sask., were Sunday and Monday visitors at the home of the lady's parents, Mr. and Mrs. R. P. Sanderson.

Miss Mary Knausman came home from Beaulieu for the Thanksgiving holidays.

ANNOUNCEMENT
H. J. Seal, Night Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Beaulieu, November 19th, at the Happy Valley Hotel.

Mr. and Mrs. A. Wainwright of Hinton accompanied A. Seal, when he came home for Saturday and Sunday.

Miss Ethel Todd, Peg Beale and Kathryn Gray, attending Camrose Normal, were at their homes here over the Thanksgiving holidays.

Miss Nora Howe, attending Normal at Camrose, was visiting her parents here from Friday until Monday.

Harry Price came up from Calgary to spend Thanksgiving with his parents, Mr. and Mrs. W. H. Price.

The Sunday School lesson for next Sunday is found in Matthew 8: 1-13. Golden text: "And they shall come from the east and from the west, and shall sit down in the Kingdom of God." Luke 13: 30.

Attendance last Sunday was 50 children and 6 adults. Leonard and Edna Tooper of Camrose were Sunday visitors among their Alix relatives and friends.

Miss Kate B. Kerr is holding an auction sale of her household effects in Alix on Saturday, November 22nd.

Motoring on the highway about eight miles west of Alix on Monday last, Mr. and Mrs. A. Foster had the misfortune to run head on into a barn which jumped from the ditch into the car's path, with the result that the auto was badly smashed and Mrs. Foster had one of her legs severely bruised. The practice of slowing stock to run at large, contrary to the ordinance, is one of the greatest dangers to car owners and it will take an example of two parties to car owners and it will take an example of two parties as we understand in this case the animal had to be shot on account of a broken leg.

George Matthews, who has been spending the past few months at his home near Haskelly, returned to Alix on Sunday last.

Don't forget the sale of hour: conchery and serving of tea in the W. L. rest room, Alix, tomorrow (Saturday) by the Catholic Women of Alix.

The Ladies' union are to express their appreciation of the services given by Mrs. Maxwell Smith as present and those who assisted in the chair at the Auction sale last Sunday.

Surprised On Their Wedding Anniversary

On Friday of last week Mr. and Mrs. E. Gussick celebrated the 20th anniversary of their wedding and a large number of friends gathered at their home in the evening to wish them many happy returns of the 14th of November. There was music, social chat and a bountiful supper. After departing the visitors presented them with a handsome set of dishes.

Mr. and Mrs. MacLaren Farewelled by Neighbors

A very gay group of about sixty friends and neighbors gathered in a surprise at the home of Mr. and Mrs. J. E. MacLaren on Friday evening to wish them farewell before leaving for Edmonton where they intend making their home in future.

At midnight a very dainty luncheon was served, then Mrs. W. H. Paton in behalf of the company presented the hostess with an electric percolator and a pyrex casserole in a silver server. Mr. E. Gillis gave a very fitting address expressing the community's regrets at losing one of our oldest residents, but hoping health, happiness and good wishes would follow them no matter where they might roam.

Dancing was again the order and not until the wee small hours of the morning announced it was time to go, did the company disperse hoping we shall meet again. Mr. and Mrs. H. Holmes of the Ripley district have rented the MacLaren farm for a term of years and are taking possession at once.

IMPORTANT NOTICE

The Poultry Pool have decided to make a shipment of Dressed Poultry from Alix, and collections will be made at the old school building from December 6th to 10th. All kinds of dressed poultry will be received, turkeys, chickens, geese and ducks. Prices are not known at present but will be announced as soon as received. This advance notice is given so that farmers can give their poultry plenty of feed and get them in as good shape as possible. Good poultry will be a fair price, poor stock will be very low and should be kept for some consumption. Good grader will be in attendance.

Alix Debates Its Decision

On Monday evening last in the Mirror town hall the question "Resolved that Protection is better for our country than Free Trade" was debated by two teams of young people, the affirmative being taken by Misses Gevers Brown, Lucille Brown, Frank Scott and Richard Clark of Alix, and the negative by Claud Marshall, Elmer McFadden, David Whiting and a fourth of Mirror.

The arguments were well put by both sides but in summing up, the judges, Messrs J. F. Baugh and J. Russell of Mirror and J. E. Mackin of Alix, gave their decision to the Alix quartette.

SATURDAY SALE

On Saturday, November 29 the Ladies' Aid of United Church will hold a sale of home cooking, fancy work and articles suitable for Xmas at all prices, in the W. I. restaurant, Alix. Tea, cake and chicken sandwiches will also be served.

Mr. Trio Make in
"Say It With Songs"

The same famous trio that made motion picture history with "The Singing Fool" was brought together by Warner Bros. for the making of John's newest all talking all singing Vitaphone picture "Say It With Songs" coming to Legion Hall, Alix, on Wednesday of next week, November 21st.

That trio is made up of Al Johnson, world famous entertainer; Dave Lee, baby-faced Vitaphone picture, and Lloyd Hall, one of the most popular singers in the world.

Marriage is a great institution but unfortunately so many do not like to live in an institution.

Definition—A home is a sheltered building that usually stands on the same lot with the garage.

Here the Speed E. Dwyer, He drives this way so more, The bridge that he drove over Washed out the week before

Famous last words: "Take the wheel a minute while I light a cigarette."

"That fellow has only one highlight, must be the left one."

"Reach in that door pocket and hand me my flask."

"Let 'er out once and let us see what she'll do."

Father (awaking the nurse): "Well, nurse, will it, use a razor or a lipstick?"

Why does a blink creep slowly over a girl's face? Because if it ran it would miss a dent.

Joe: "Describe your sister's new baby."

Brown: "Small featured, red faced, clean shaven and a hard drinker."

One reason for a poor year may be that the numerals in 1930 add up to 13, but there is consolation in the knowledge that it will not happen again in this century.

ALWAYS GOOD

WHEN IN A HURRY

For a piece of Printing, a few sheets of cardboard or paper that only a printing office is likely to have, it's a nice thing to have a printer as near to you as local, or within a few hours mail service. It means a lot to you. But if you are just going to use your local printer on occasions like that and send the jobs you can wait for to the city, you are hardly shopping square, are you? Plain talk? Sure! What's the use of any other kind these times? A district can only be developed by the people who are in it. The city printer has no interest in you apart from the business he can get out of you, just as the city merchant has no interest in your town and district apart from the dollars he can entice away from the near neighbors. Think it over and shoot straight

ITEMS OF INTEREST

Services on Sunday sent in St. Pater's church is at 3 o'clock in the afternoon.

Mr. M. Olson from near Bushaw, has moved his family into our district, taking up residence on the Hauer farm north east of town.

Mr. E. T. Hunter of Lacombe was a Sunday visitor of Alix friends.

George Whitfield is spending a couple of weeks with his brother in Calgary.

ANNOUNCEMENT

H. J. Small, Special Agent, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, December 17th, at the Happy Valley Hotel.

Miss Lois Andrews visited from Saturday until Monday with her friend, Miss Pearl Wilson of Stettin.

Don't fail to patronize the auction sale in Alix to-morrow (Saturday) afternoon starting at 1.30.

To night (Friday) is the wind up of the week's special service in the United Church when our people will have the privilege of hearing Rev. A. R. Schrag, S. A., of Three Hills preach. The Junior Choir of Alix will also sing.

K. Roy McLean, registered optometrist and sight specialist, of McLean & Anderson, Calgary, wishes to announce a professional visit to Alix, at the hotel, on Thursday, December 4th. Eyes examined. Glasses fitted. Former patrons and those desiring to consult Mr. McLean please note above date.

Mr. and Mrs. P. C. Touper spent Saturday and Sunday with the lady's father, Mr. J. W. Scott of Edmonton.

The Sunday School lesson for next Sunday is found in Mark 10: 17-27. Golden text—"And he said to them all, if any man will come after me, let him deny himself, and take up his cross daily, and follow me."—Luke 9: 23.

Attendance last Sunday was 58 children and 6 adults.

After spending a few weeks at his home here, Hans Petter returned to Red Deer on Monday where he will take a position on the hockey team. He will also have charge of the club in that town.

Another of those popular Saturday night dances is being held tomorrow in the Legion Hall, Alix. Dancing 9 to 12.50 a couple. The orchestra are endeavoring to furnish the music at a price that everyone can afford. If they are to continue they must have patronage. They will decide at this dance whether to hold another or not. We have heard the complaint "there is nothing doing in town," and you are the doctor. Come and keep the dancing going or stay away and stop them.

The auto license plates for Alix are now being received in Edmonton. These are blue background with white figures for 1931.

BRIDGE PARTY—Under the auspices of the Women's Guild of the Anglican Church, a Bridge Party will be held on Friday, November 20th, at 8.30 p.m. in the home of Mr. and Mrs. Robt. Whitfield. Usual prices.

Mr. P. Hunter is erecting a residence on Niblock street the successful contractor being Mr. R. Crutshaw. "Tenders are being solicited for the steam heating and electric wiring. The gang, Peck and Grail, commenced work on Tuesday morning and we understand the 1941/92 (inch) utility is to be ready for occupancy by Saturday night. We expect to print the bills for a christening dance shortly.

Mr. James McLean has traded three quarters of big land north-west of town for a rooming house in Edmonton and within the next few days will move his family to the city. We understand the land realized \$50 a acre. We are sorry to lose these highly cultivated old timers but hope for their happiness and prosperity in their new home.

Less than five weeks until Christmas.

What Does Your Work Mean To You?

In the current issue of a well known magazine there is an article, headed "The Work Ethic." It is a study of the work ethic, the problem of people who are doing their work for the sake of the work, rather than for the sake of the money. Saturday Night's Fire

While most of our townsmen were out fighting the great hay fire on Saturday night, fire, thought to have started in the chimney, completely destroyed Mr. F. Bugges' barber shop and the contents. The alarm was given by a traveller who drove into town around midnight but although a goodly number responded the 60-mile wind made it impossible to do anything except keep the adjacent buildings from igniting and it surely took some work. The building and equipment were both partly insured. Mr. Bugges has re-opened business in the building used as an office by Mr. Mackie and is on the job. There is an old saying that a fire is followed by two more. Let us dispense this by taking every precaution to prevent a recurrence. Clean the pipes, inspect the chimneys and watch the ashes.

Raise Money For Charity

A bridge party, under the auspices of the Alix Women's Institute will be held next Monday afternoon, December 1st, commencing at 5.30, in their rest room. The object is to raise money for charitable purposes. Admission 35c.

Car Crashes Into Protection Rail

On Friday of last week a Locomotive car crashed into the protection rail at the Papillion hill along the highway west of town and was pretty badly smashed, radiator, chassis, bumper, hood, lamps and fenders being left a jumbled mass. The driver lost control of his Pontiac when the steering rod broke. Wreckers towed the car into an Alix Garage where it awaits repairs. Fortunately the driver was unhurt.

Fire Threatened Destruction To Hay

On Saturday afternoon last fire, supposedly started by a couple of Mirror lads, was reported in the thousand acre hay flat north of town and for a time it was thought that the few who were on the spot could control it, but with the rising of the wind to the velocity of a gale in the evening, a call was sent out to all men in the district to come as the conflagration had assumed proportions which threatened to destroy the hundreds of stacks and thousands of tons of hay in stack on the flat. The response was so prompt that we believe we are safe in saying that upwards of two hundred fire fighters waged battle on a two-mile fire front until seven o'clock Sunday morning, and their efforts were fruitful, for the loss will only run to about 700 tons, six stacks belonging to Ronald MacDonnell and three on the Capt. Esten estate. The flames at times jumped for a hundred feet and it was only by back-firing with plenty of help to beat out that the loss was not serious as a large number of farmers were interested in the hay and depended on it for winter feed.

A WARNING TO THE FIRE FIGHTERS

We wish to thank all those who so willingly and ably gave their time and help to fight the fire on the hay flats. It was through their help and co-operation that so much hay was saved.

Sydney A. Lear (for Capt. Esten
Ronald MacDonnell.

How To Enter The Editor's Sanction

A Florida paper gives the following rules for those who wish to enter the office of the editor:

Advance to the inner door and give three distinct raps, or kick the door down. The "devil" will attend to the alarm. You will then give your name, post office address and the number of years you are owing for the paper. We will admit you, and you will advance to the centre of the room and address the editor with the following counter-charge: Extend the right hand about two feet from the body with the thumb and index finger pointing to a \$10 bill, which you drop into the extended hand of the editor, at the same time saying, "Were you looking for me?" The editor will then grasp your hand and the bill, and present it, will say, "You bet." And after giving news of your locality you will be permitted to retire with a receipt for an obligation properly discharged!

He did not heed the traffic.

But raced along pell-mell.

Bazaar And Bridge Party

The ladies of the Rebekah Lodge will hold a bazaar in the I. O. O. F. hall in Alix on Saturday, December 20th when they will have for sale, besides, homemade cooking and candy with a fish pond for the kiddies, also afternoon tea will be served. The bridge party at night will start at 8 p. m. Regular price 35c. Everybody welcome.

Fans Of Alix U. F. W. A.

A large number attended the annual meeting of the U. F. W. A. held in the community hall on Saturday. Following the financial statement, and a rather voluminous correspondence, the election of 1921 officers was called, resulting in the re-election of President—Mrs. T. Semple, Secretary—Mrs. E. W. Cormack.

Anyone knowing of family linen in the community meeting old clothing, please apply at the home of Mrs. F. A. Straub. A collection of clothes is being taken up by the U. F. W. A. and anyone desiring them please ask. If the clothes are not distributed soon they will be sent to "Sunshine."

United Christmas Service

On Sunday, December 12th the service at 11 a. m. in the United Church will be a joint one, Sunday School and congregation, when the pastor, Rev. R. Upton, will deliver a Christmas message. The Junior Choir will render two selections in addition to special songs by the church choir. The awards for the year will be given out to the scholars meeting them.

Some Men Egg Him

Bob Toopler claims that the Dionne egg was a mere pibble in comparison with the fruit produced by his Rhode Island Reds, and to prove his contention he has placed in our window a pullet egg, gathered one day last week, which stretched the tape to 6 1/2 inches (and the chicken is still on the job trying to beat it). Next

Mr. P. Jamieson was a business visitor in Calgary this week.

Dan Pettit was home from Red Deer a couple of days this week.

Tuesday's Whist Drive

There were ten tables at the whist drive given last Tuesday evening at the home of Mr. and Mrs. C. W. Wolfertan by the ladies of St. Monica's church. Mirror, and needles to say it was a most enjoyable event. The prize winners were Miss Winifred Oiding of Mirror and Mr. J. W. Dempsey of Donald. Following play there was a sing-song and a delicious supper.

Haynes Players In Alix Tonight

Those ever popular Haynes players are again appearing in Alix tonight (Friday, 12th December) at the Legion Hall with another popular play entitled "A Poor Married Man," featuring a poor married man, his mother-in-law and a negro comedian, with musical selections. The play will start at 8:30 and last two and a-half hours making a round of fun. This is not the first appearance of this aggregation in our town and from past experience we can assure you of a treat.

All it costs to smile is an effort.

Jack Penns has signed on with the Stettler hockey team for the season and played with them at their first league game on Tuesday night at Stettler when they won from Ponoka by a 3 to 2 score. Do you realize that two weeks from yesterday is the 25th. Christmas Day.

In addition to our **GIFTS** in stock and **Regular Lines** we are connected with a **First Class Jewellery and Silversware house** and will order for you anything you require in this line, meeting any catalogue prices on regular lines.

1500 Christmas Winners So Fast

The Alberta Poultry Pool, having in tokens at this point for four days, have stayed at and 1500 lbs. or in the neighborhood of 1500 birds, a car load, which will go to cheer the Christmas of eastern consumers. In addition small shipments from nearby points to the extent of a second car were assembled here. Purchase was made under Government supervision and according to Dominion grade which regulated the price and run up to 20c a lb. While the turkeys bring cheer in the east, the cash will help do the same in many of our western homes.

NABOB STAB

TURKEYS Wanted

Whenever is a good market for dressed turkeys, ducks, geese and large and small chickens and fowl. Last year the Christmas market was very good. We are now looking for turkeys to supply. We are now looking for turkeys to supply. We are now looking for turkeys to supply.

For express shipments, we advise shippers to pack turkeys in paper and packing in crates.

We also handle ducks, geese and large and small chickens and fowl. Customers are invited to send their orders. They only. For shipments not made here, the New Year's market is usually very good.

Odd Fellows Edition

Better than seventy persons gathered around the festive board in the Odd Fellows' hall on Wednesday evening to partake of the lodge's hospitality and the many good things provided by the Rebekahs put every one in good humor and ready for the program which followed. Mr. W. L. Pettit made an ideal toast-master and with comment and ready wit in announcing kept the company in laughter. The toast to King and Country, proposed by the chairman, was responded to by singing "O Canada; to the Grand Lodge by Past Grand Master Parker; our order was proposed by Mr. Longstreet D.D.G.M.; the Rebekahs proposed by S. C. Andrews was replied to by Mrs. R. L. Tompkins; the visitors proposed by T. M. Wilton was responded to by Mr. R. Haskins of Clive. Mrs. A. S. Bennett presided at the piano for the community singing while Messrs. Terry and Erick Jamieson delighted with a couple of vocal selections. It was a grand evening and we believe enjoyed by all.

MERRY CHRISTMAS

THE PRINCE OF PEACE

Back in a niche of time when the quarrelsome world was momentarily at peace, there was born one whom the world delights to call the Prince of Peace. For nearly 2000 years that day has been celebrated by unselfish giving throughout all Christendom.

Christmas Wishes

We hope you have abounding health
With ne'er a care or worry,
And that you get much worldly wealth,
And get it in a hurry.

We wish for you an outlook bright,
A past that's free from trouble;
We hope you groomed the market right
And saw your profits double.
So may your shine unclouded be
And sunny be your weather,
And if you meet adversity,
May it weigh light as a feather.

May He who is the manger lay
Bring to your heart this Christmas Day
The peace that never fails to bless,
The joy that makes true happiness.

If the Christmas spirit does not mean making
others happy, then the Yuletide will not hold
much real pleasure for you.

Christmas Night

My door is open wide tonight
The hearth fire is aglow;
I seem to hear swift passing feet,
The Christ Child in the snow.

My door is open wide tonight,
For stranger, kith or kin;
I would not bar a single door,
Where love might enter in.

Another Invite

A very sub-debataunt sent the following message to Santa Claus the other day:

Mr. Santa Claus
Your presents are requested

Miss Genevieve Van Goldenhausen

My order for Christmas? Oh, yes it is billed—
I hope every line is carefully filled.
It is quite a jumble I really admit,
For when one is started, who knows where to quit?
A snowstorm I ordered, with sleds, skates and toys,
A houseful of cousins, aunts, uncles—and noise.
Roast turkey, and holly, and greetings most gay—
With the spirit of Christmas to hallow the day.

Consider the Christmas toy, its life is brief
but it certainly does get the breaks.

"Noel" is the French equivalent for the English word "Christmas"

The Christmas Message in Music. You are cordially invited to hear the Christmas Cantata "Promise and Fulfilment" as sung by the combined Alix and Mirror choirs, a musical treat that any lover of music could not afford to miss. You will hear the Old Christmas Story, Jehovah's promise to David, with its fulfilment in the birth of Christ, told in one and a half hours of delightful music consisting of solos, quartets, trios & choruses. There will be thirty voices in the choruses, swelling out to 100 voices of the Mount High for the first and grand Christmas gift, the babe Christ, born in Bethlehem.

We sincerely hope that you will not let this opportunity pass. Both choirs here were led hard, especially Mrs. Upson who is conducting, to give you something greater and more ambitious in Xmas music than to which the community has been accustomed.

The solos are inspiring and well rendered; the part singing is beautiful in expression and harmony. We want you to be braced with us as the voices sing a lovely lullaby to the infant Christ;

First Ten Years Of Radio
Program Of Broadcasting Is Almost Beyond Comprehension

A short time ago the tenth anniversary of broadcasting was celebrated at the pioneer station of American radio, KDKA, Pittsburgh, having, in the first week of November, 1920, transmitted its first broadcast.

The broadcasting equipment was crude, the "studio" was an upper room in a shack, reached by an iron ladder, and the program was furnished by a few gramophone records.

The program of broadcasting almost stuns the imagination. A few years ago it was a novelty, and neighbors entered the home of entertaining friends to listen-in to the new wonder. Today, it might be said that no home is complete without one.

There are twenty million radio sets in the United States and Canada. The rents of the world, the music of the concert halls of New York and London are carried to the remotest corners of the globe. The Mounted Police officer, in the sub-Arctic regions, is no longer alone. He has neighbors speaking to him, playing to him from the big cities.

If radio has accomplished so much in the last ten years, what will the next ten bring? Engineers believe a

Television will be here without a doubt. We may listen-in and look-in at great events all over this continent and in Europe.

Radio is, probably, the greatest discovery within the lifetime of any person living.

Little Helms For This Week

"Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?" —1. Corinthians III. 16.

Where'er the gentle heart
Finds courage from above;
Where'er the sweetest breath
Warms with the breath of love;

Where /ah hids four depart,
City of God! There art.

Where in life's common ways
With cheerful feet we go,
Whom in this stage we tread,
Who tread the way of woe;
Where He is in the heart,
City of God! There art.

—Francis Turner Palgrave.

A sacred spirit dwells within us,
The observer and guardian of all our
evil and good. There is no good into
without God.—Seneca.

SMOKE T&B CUT OR PLUG

Making your money go far as possible is the problem these days. We know we can help you. Good money means good living. We will make it for you.

The Toy Strown House

Give me the house where the toys are strewn
Where the dolls are asleep in the chairs,
Where the building blocks and the toy balloon
And the soldiers guard the stately
Let me step in the house where the tinny cart
With its horses runs the floor,
And not come into my weary heart
For I am at home once more.

Give me the house with the toys about,
With the patterned old train of cars,
The box of paints and the books left out
And the ship with her broken square;
Let me step in a house at close of day
That is littered with children's toys,
And dwell once more in the haunts of play
With the echoes of bygone noise.

Give me a house where the toys are seen,
The house where the children romp,
And I'll happier be than man has been
South the glided done of poms
Let me see the litter of bright old play
Strewn over the parlor floor,
And the joy I knew in a far-off day
Will gladden my heart once more.

Whoever has lived in a toy-strown home,
Though foolish he be and gay,
Will never, no matter how far he may roam,
For the glorious dream
Of the little house with its littered floor
That was his in the bygone days,
And his heart will throw as it throbbeth before
When he rests where a baby plays.

A Builders of Canada Contest

Our attention has been drawn to an interesting contest just launched by the Family Herald and Weekly Star, known as the Builders of Canada Contest. \$3,000.00 are offered in cash prizes to those most successful in solving a set of interesting puzzle pictures.

A list of the outstanding men in our Dominion's history is given each contestant taking part and this provides a contest both educating and profitable. At the same time the contest is so arranged that a knowledge of Canadian history is not essential to winning the prize.

Any of our readers will find it well worth their while dropping a line to the Family Herald and Weekly Star for details of the contest which will be gladly sent to anyone interested, along with a sample copy of the paper.

John: "What kind of old do you use in your car, Tim?"
Tim: "Oh, I usually begin by taking them I'm lucky."

"Did you hear about the Irish someone put over on old Hank?"
"No."
"Someone left one of those black control paraphs in the backseat and he had no eggs for a month."

WHEN IN A HURRY

For a piece of Printing, a few sheets of cardboard or paper that only a printing office is likely to have, it's a nice thing to have a printer as near to you as local, or within a few hours mail service. It means a lot to you. But if you are just going to use your local printer on occasions like that and send the jobs you can wait for to the city, you are hardly shooting square, are you? Plain talk? Sure!

What's the use of any other kind these times? A district can only be developed by the people who are in it. The city printer has no interest in you apart from the business he can get out of you, just as the city merchant has no interest in your town and district apart from the dollars he can entice away from the near neighbors. Think it over and shoot straight

Alix Local Notes

Don't miss the big dance in Alix on the 26th. Read full announcement on back page of this issue.

Miss Pearl Wilson our music teacher, gave her pupils a treat on her regular visit to Alix last Saturday. She had her entire class assemble and the program consisted of a selection on the piano by each student, after which she treated them all to candy, nuts and oranges.

The ice at the skating rink is ready and a large number are using it.

Mr. and Mrs. W. D. Gentlemen of Camrose arrived on Monday to spend several days with the lady's parents, Mr. and Mrs. P. Jamieson.

The Mirror Biks are putting on a dance the last day of the month, December 31st, 'New Year's Eve' to usher in the new year.

Our senior hockey boys went to Deburrow on Monday evening and added another scalp to their belt when they trounced that team by a 6 to 4 score. This makes two games and two wins for our boys. Good start anyway.
